

Depth density of upper-plate EQ near each cell, 1964-2020

500 temporal samples: wtd. median at 0.5 km depth

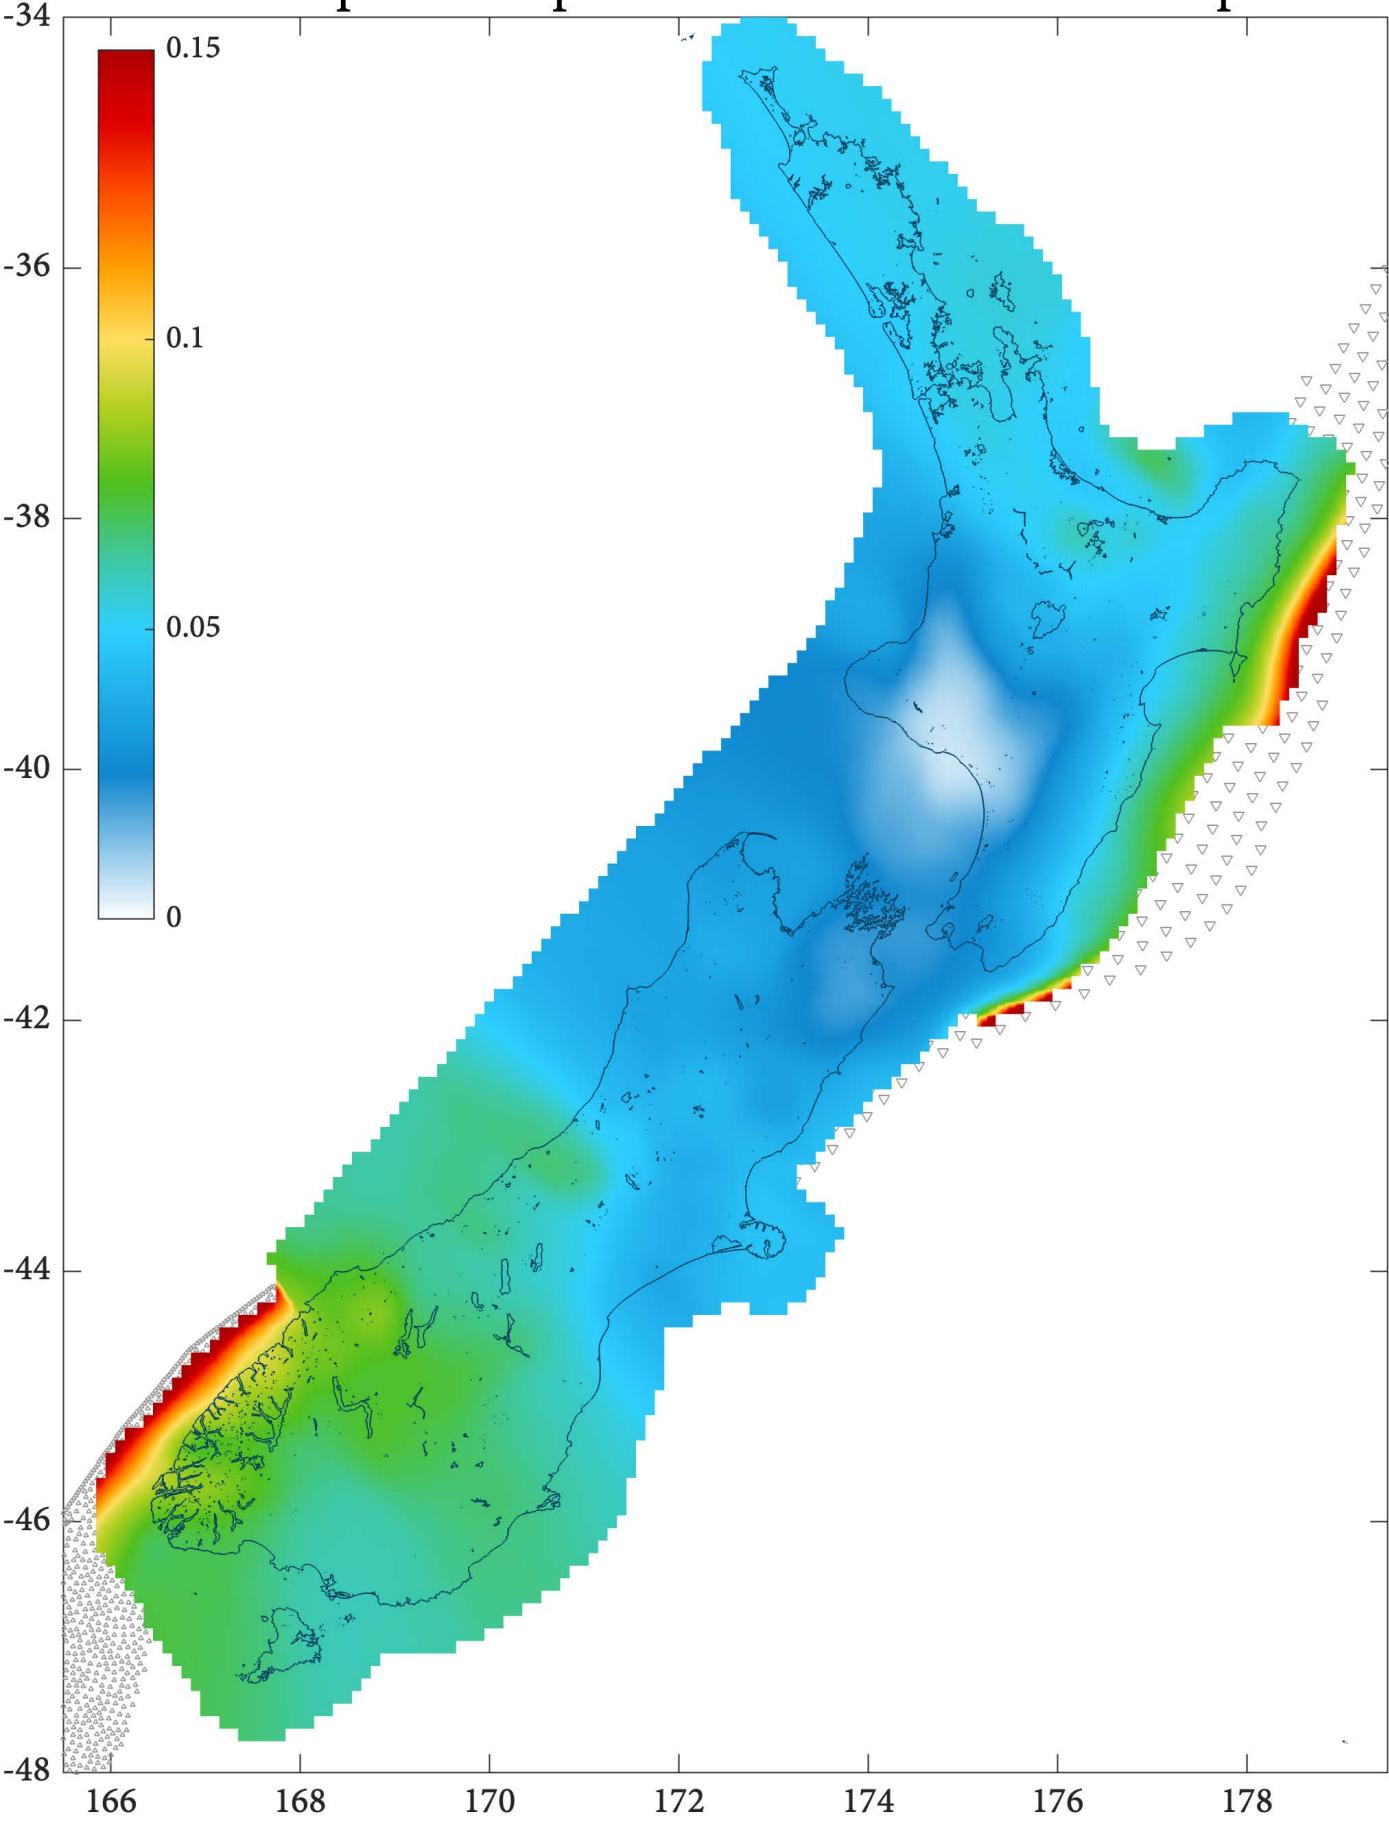

Depth density of upper-plate EQ near each cell, 1964-2020

500 temporal samples: wtd. median at 1.5 km depth

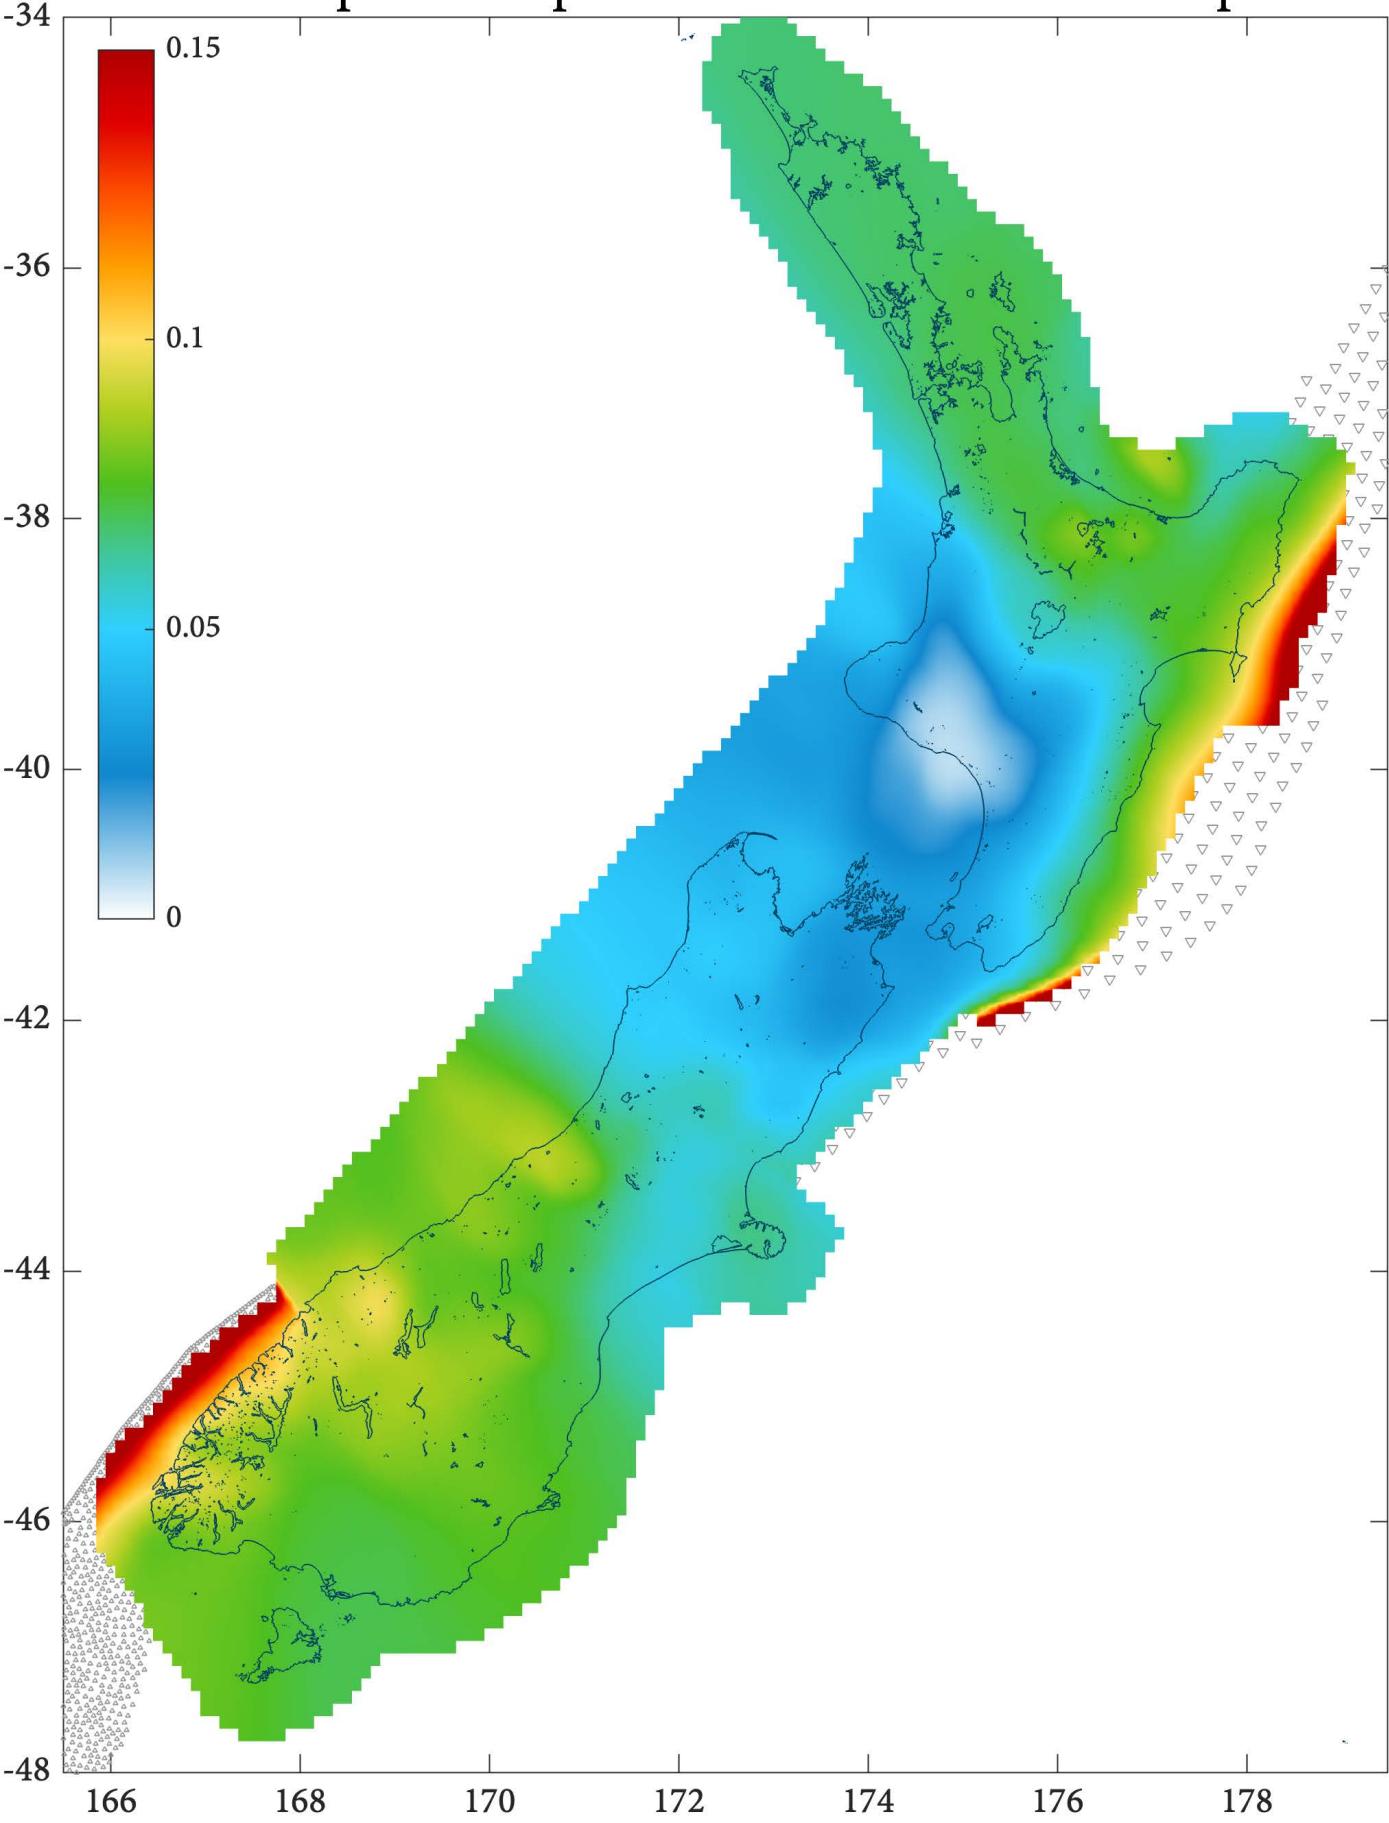

Depth density of upper-plate EQ near each cell, 1964-2020

500 temporal samples: wtd. median at 2.5 km depth

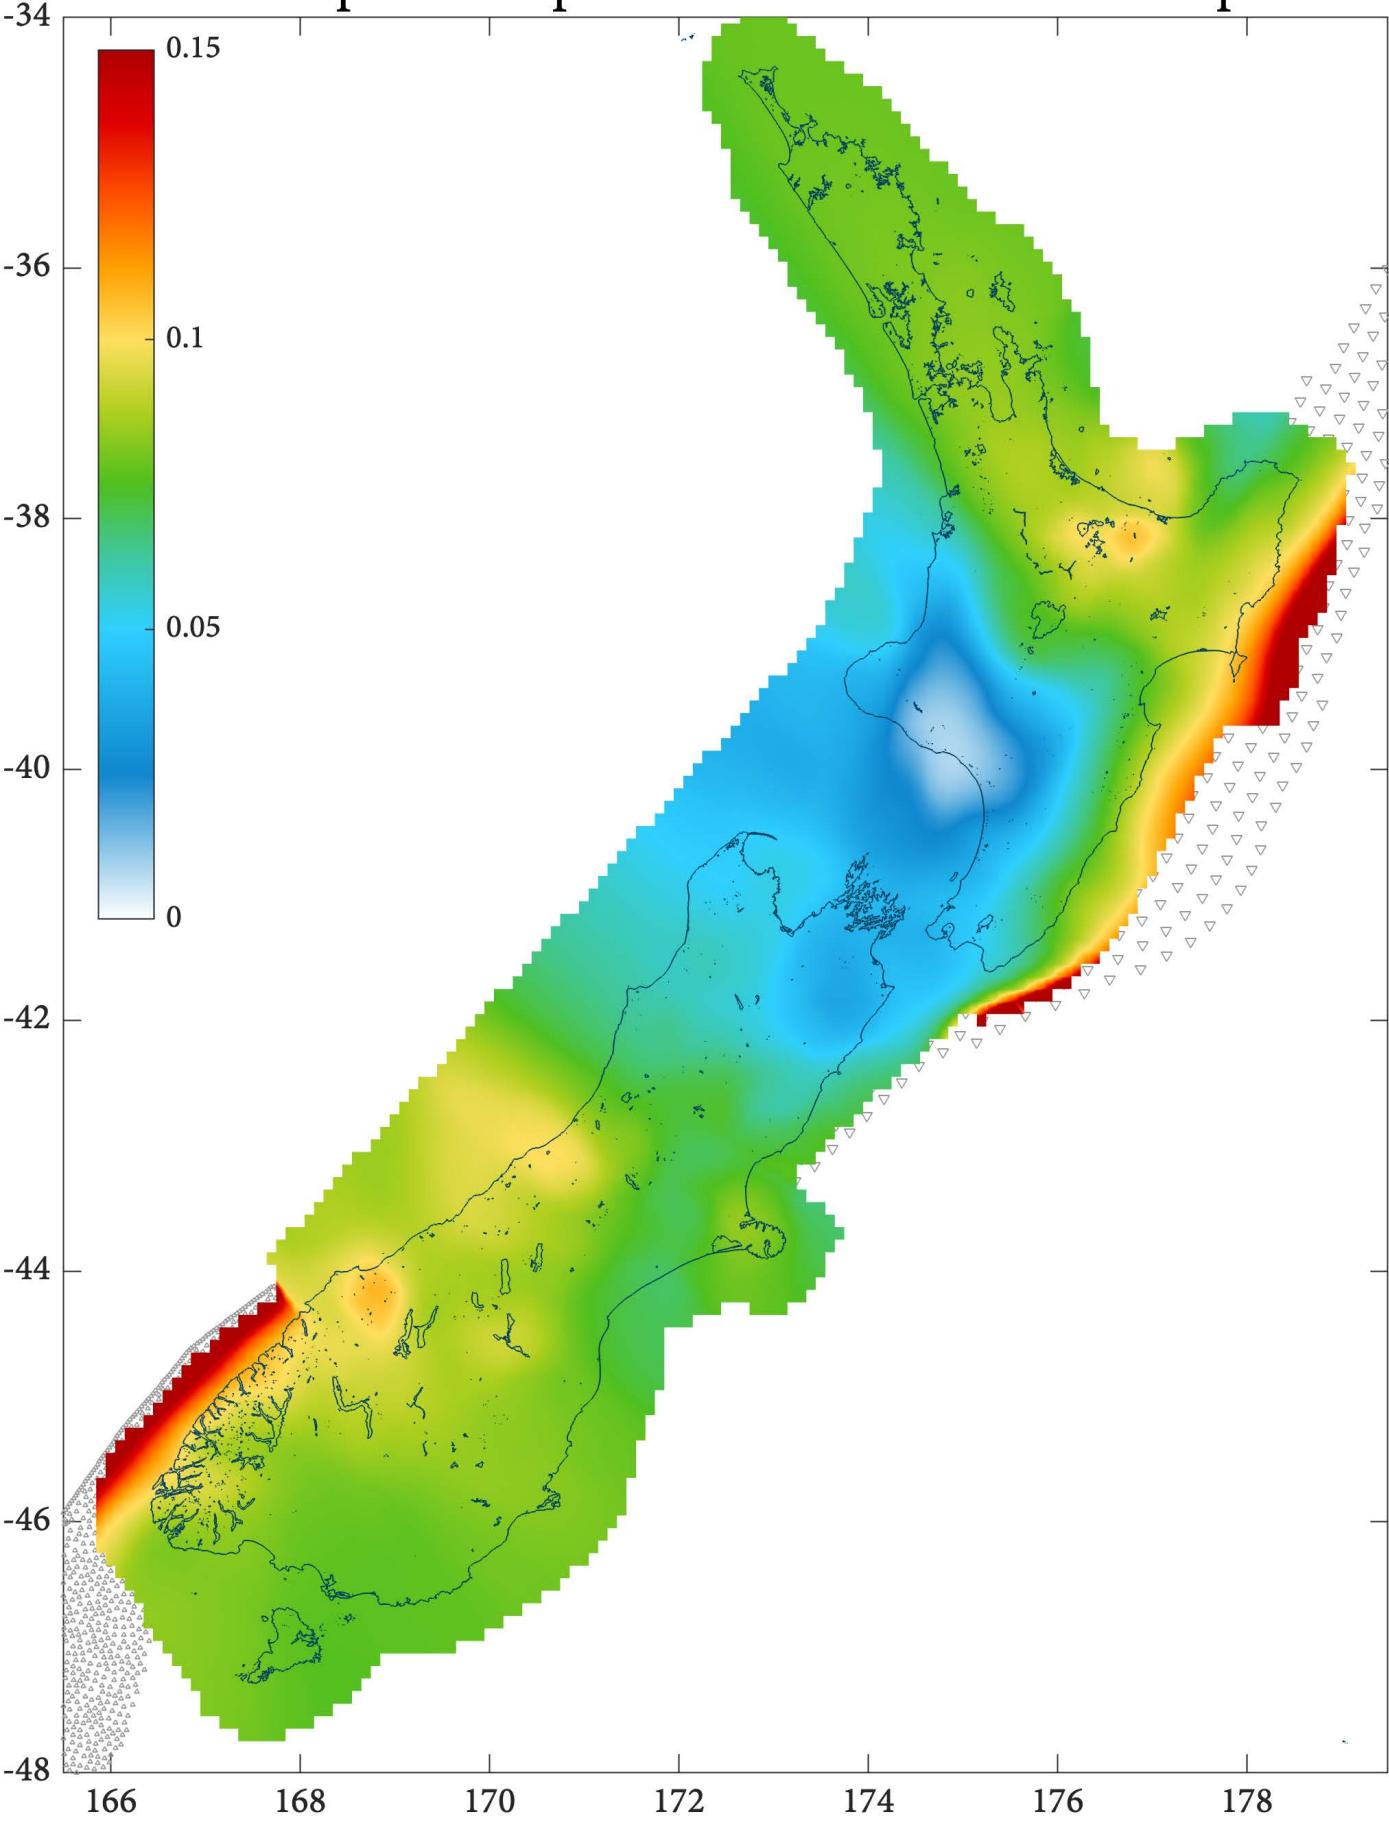

Depth density of upper-plate EQ near each cell, 1964-2020

500 temporal samples: wtd. median at 3.5 km depth

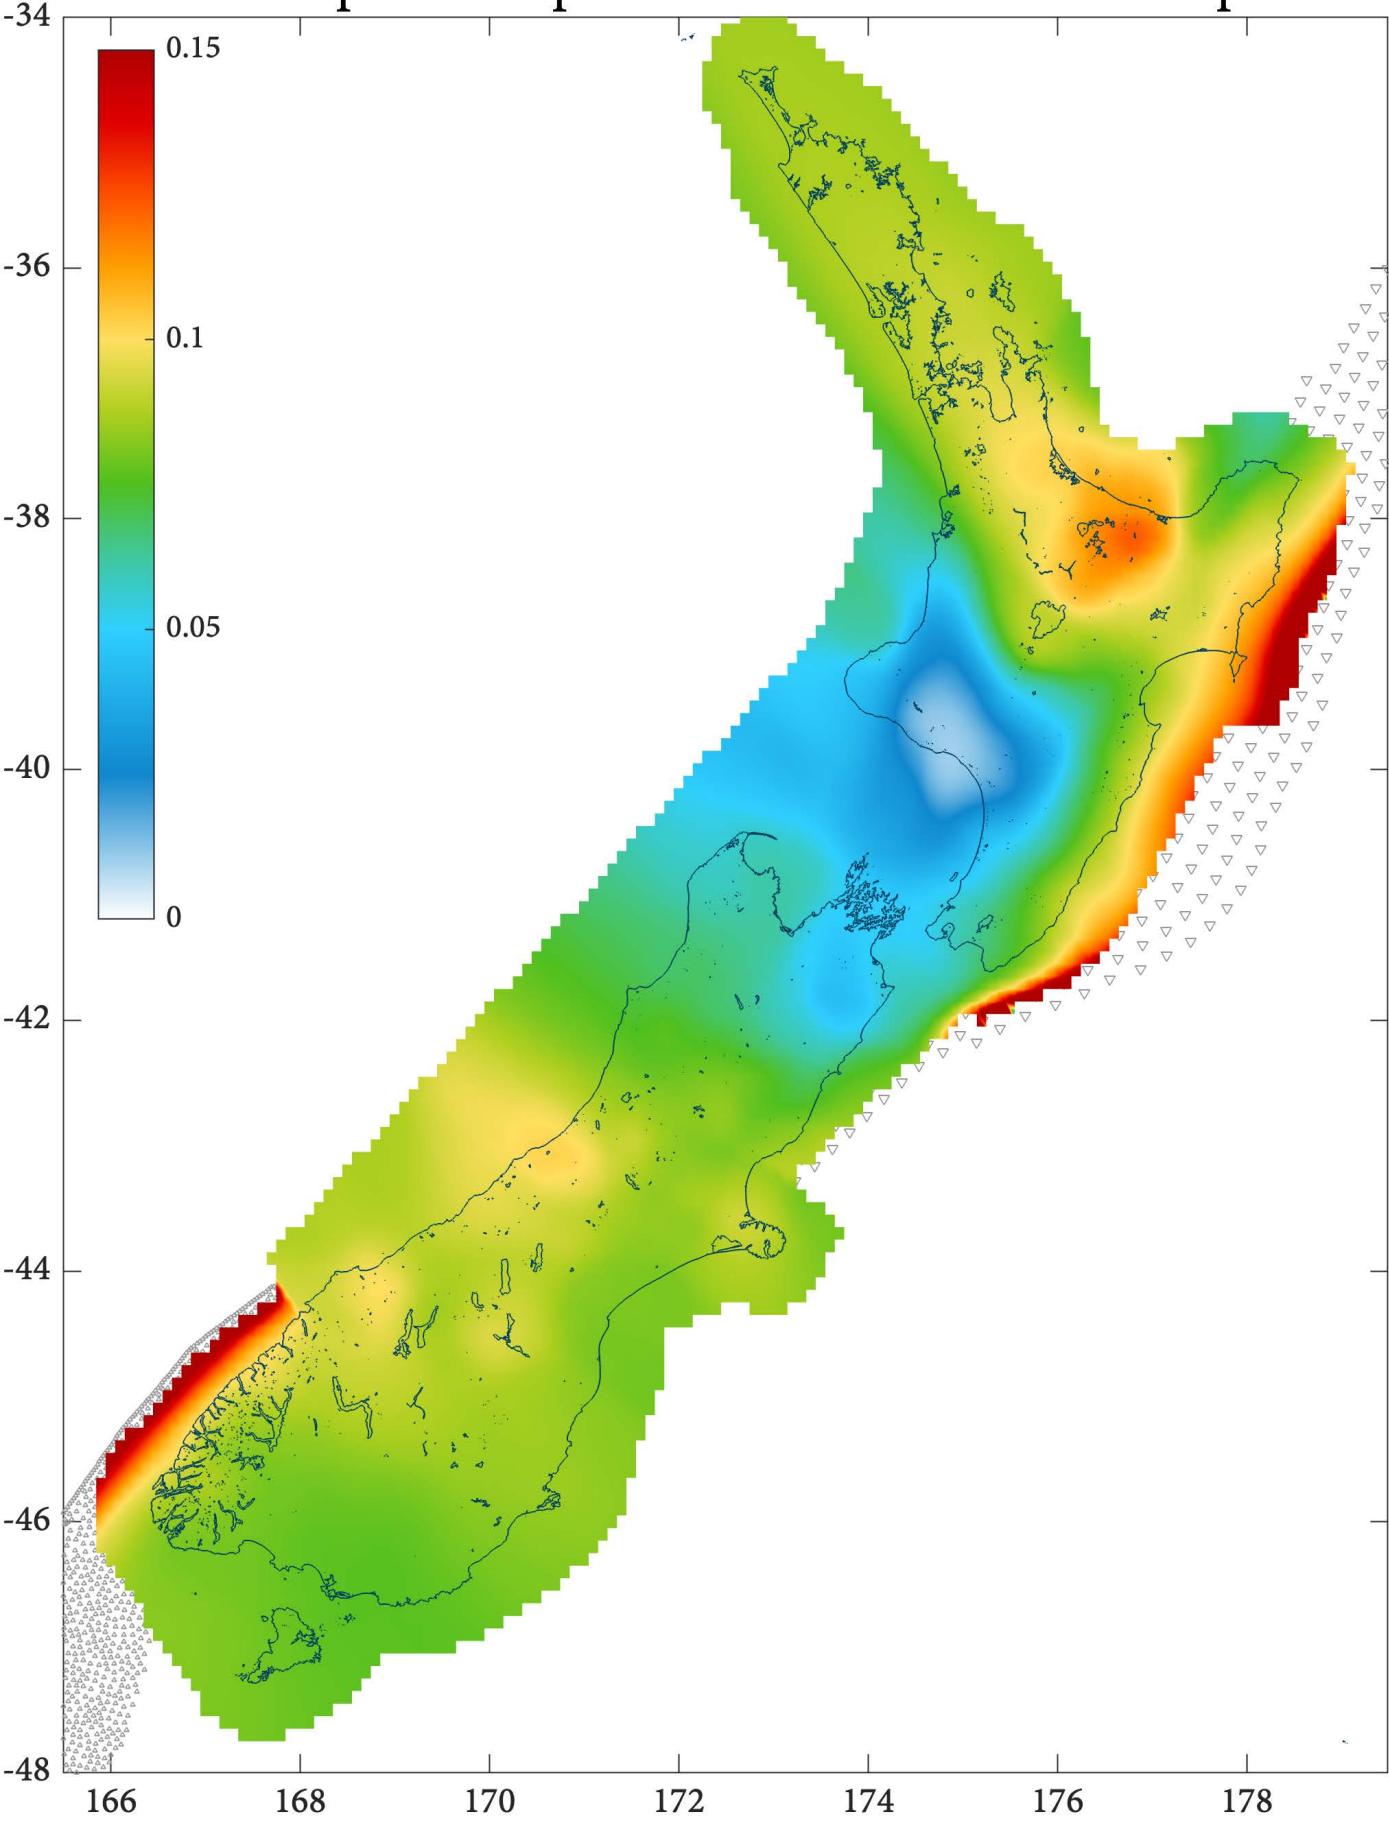

Depth density of upper-plate EQ near each cell, 1964-2020

500 temporal samples: wtd. median at 4.5 km depth

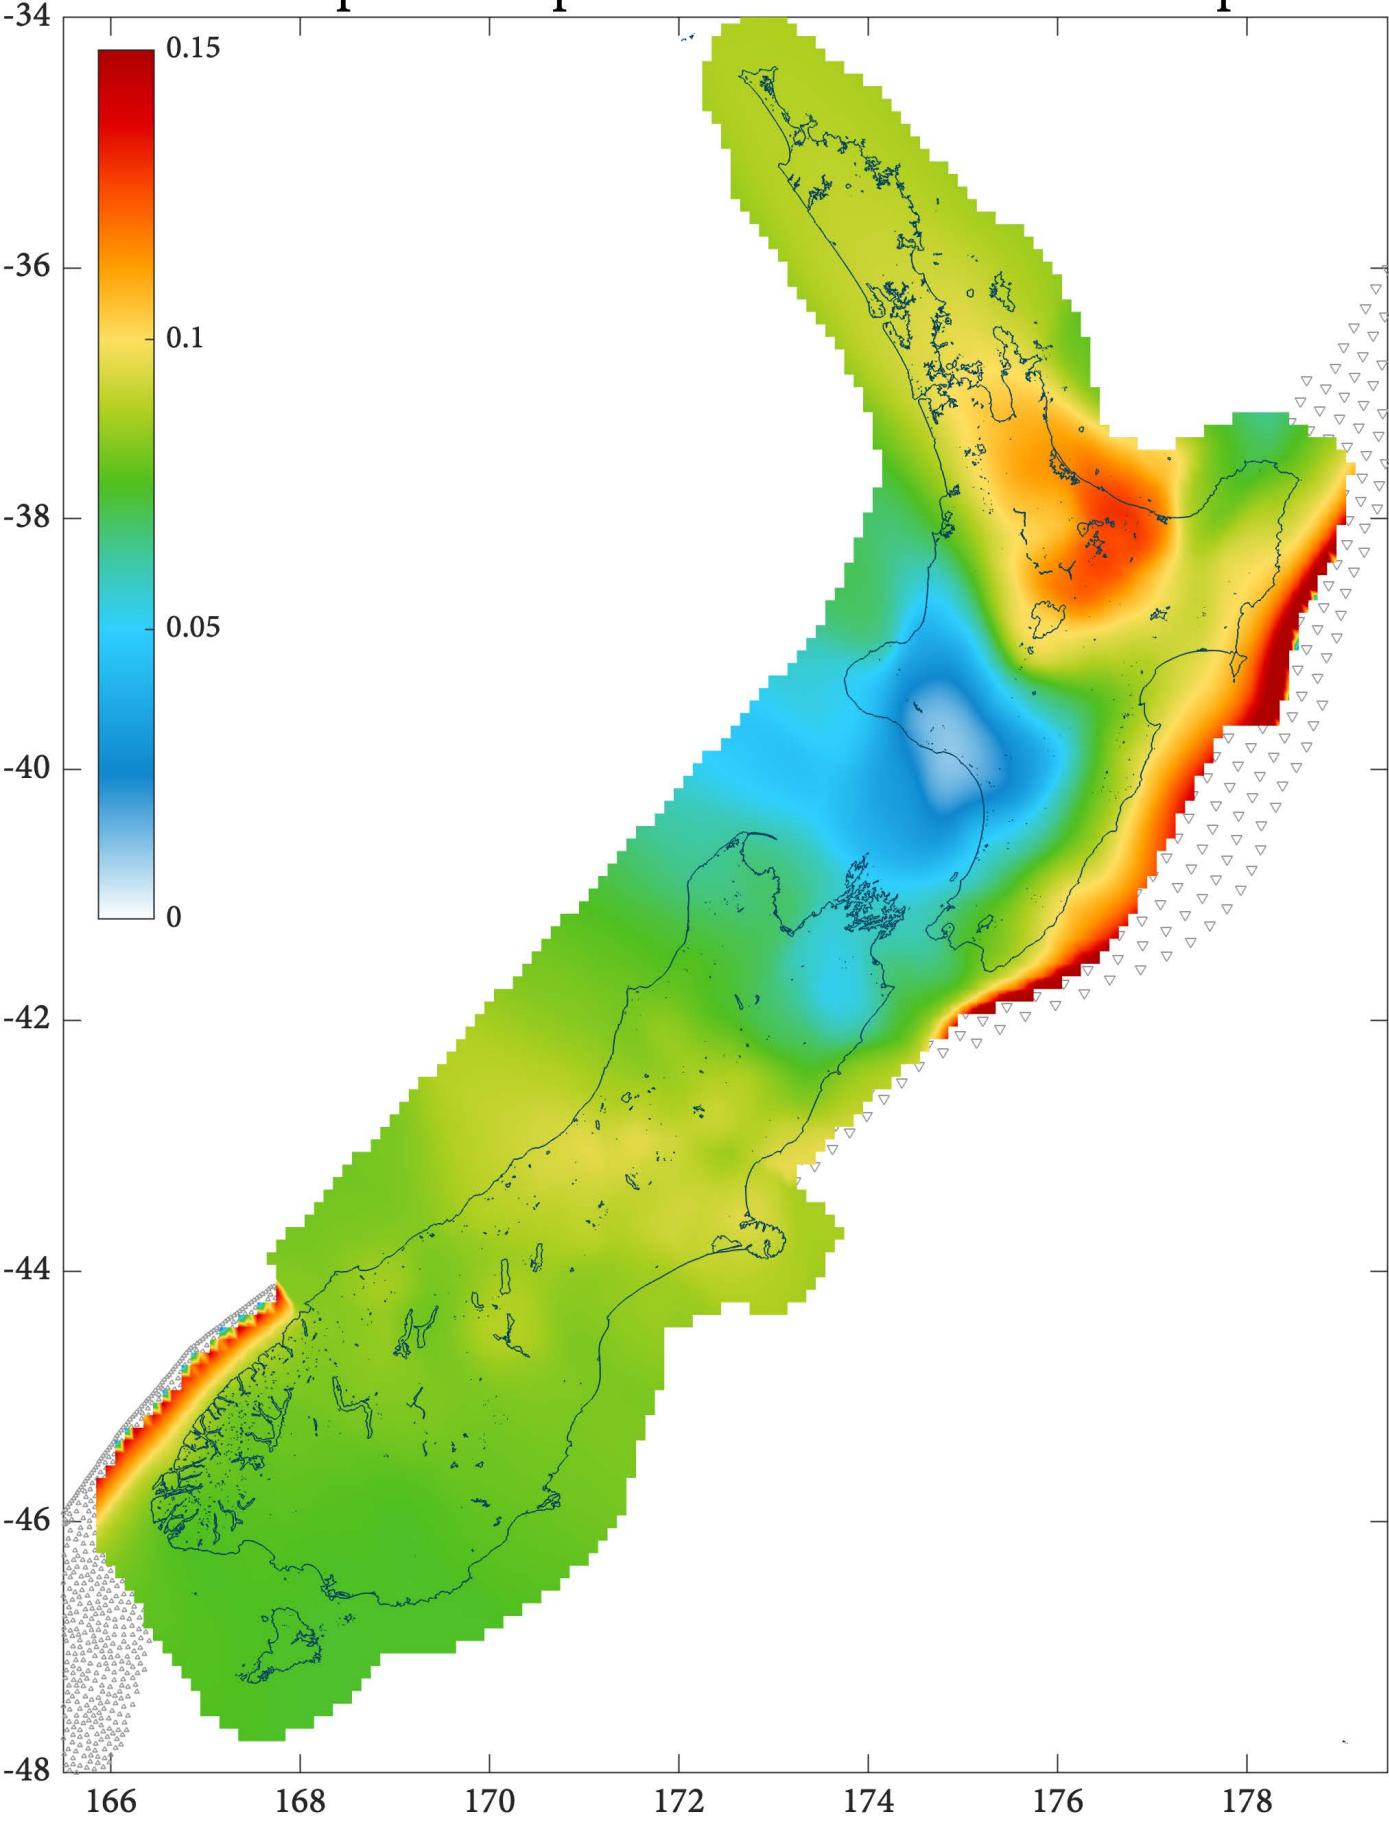

Depth density of upper-plate EQ near each cell, 1964-2020

500 temporal samples: wtd. median at 5.5 km depth

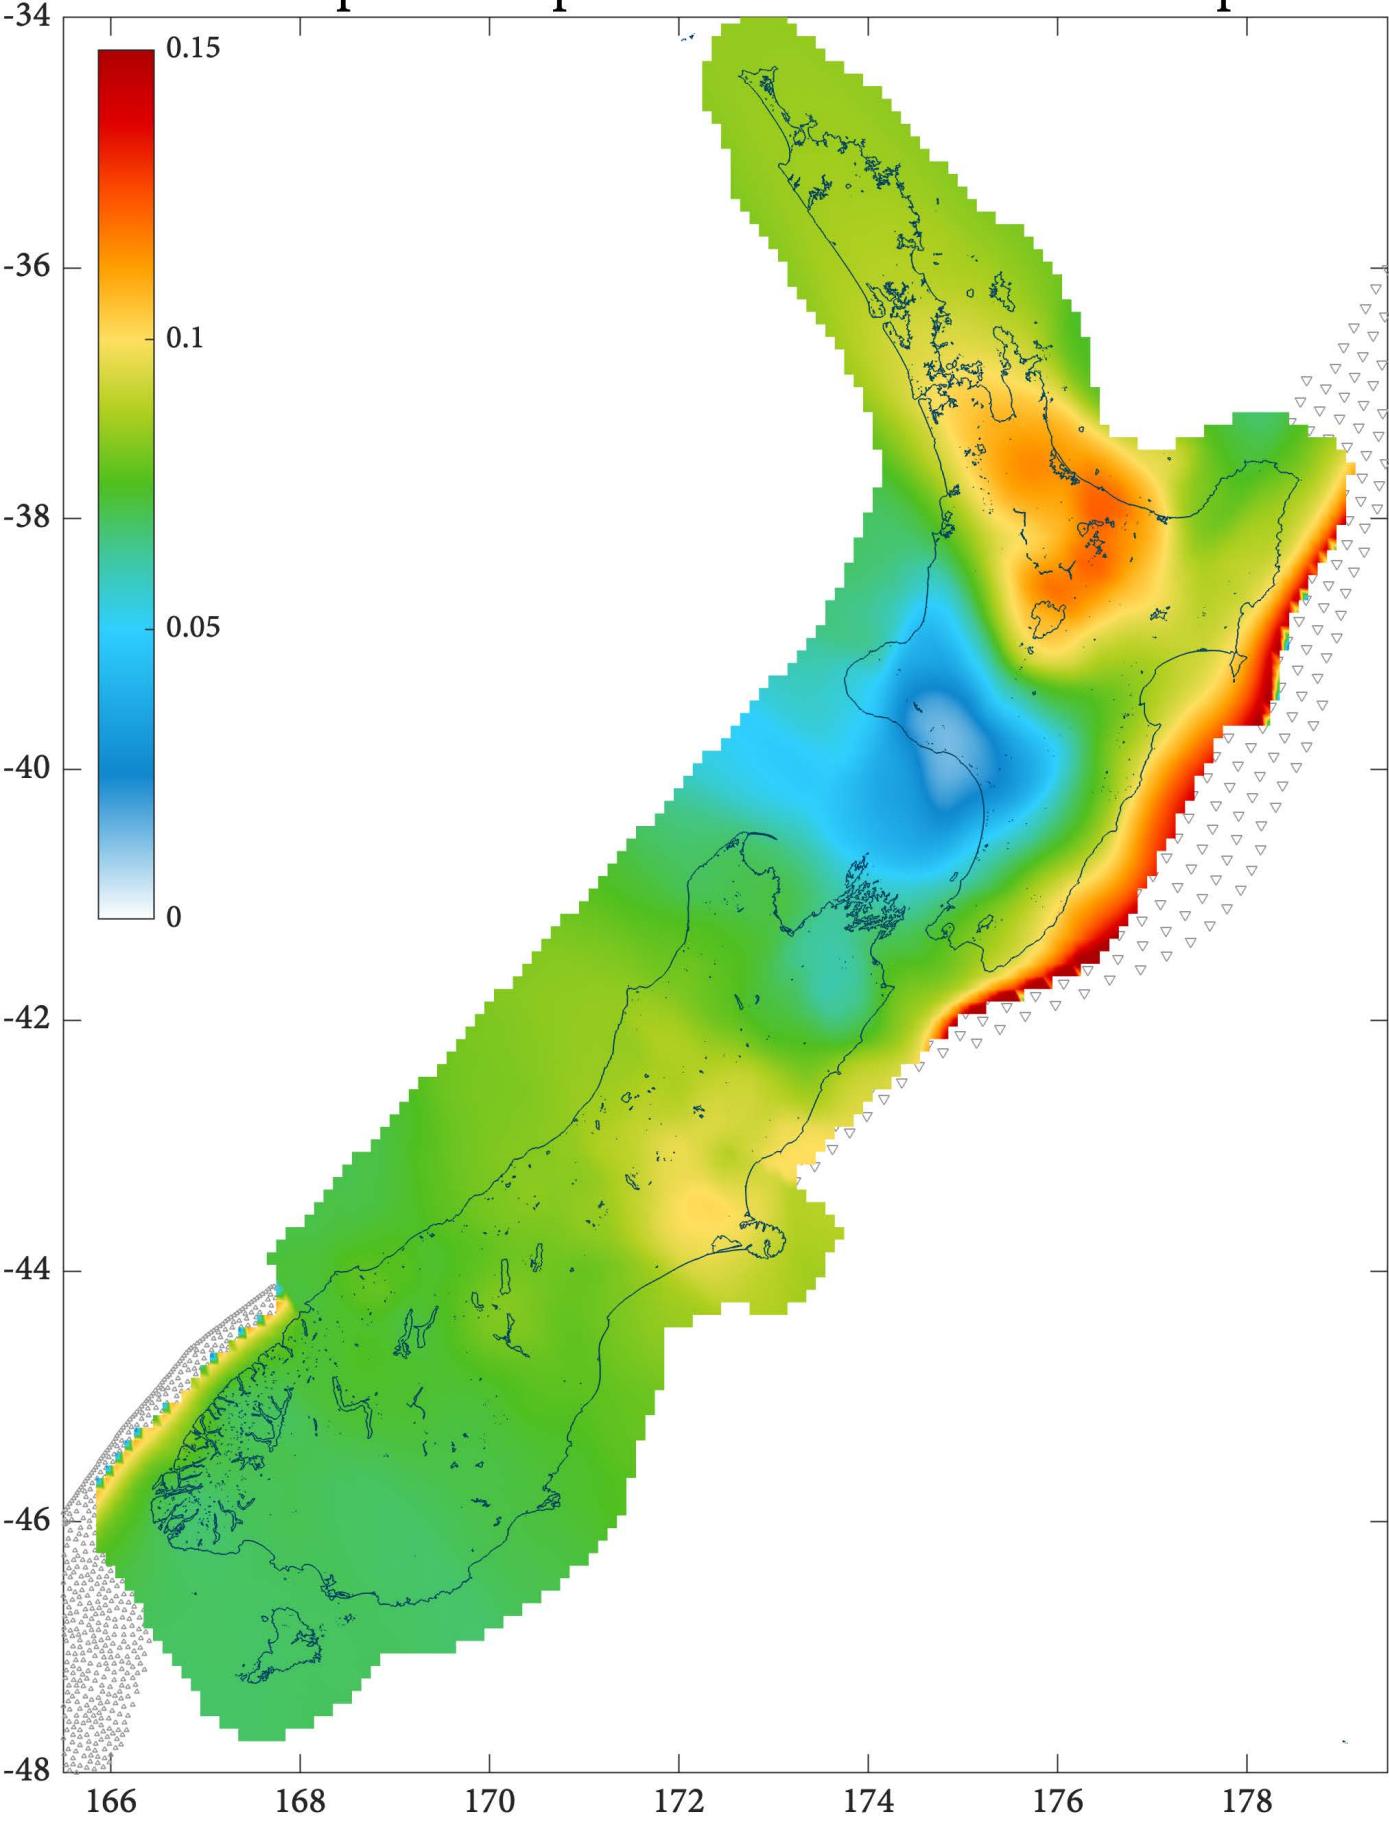

Depth density of upper-plate EQ near each cell, 1964-2020

500 temporal samples: wtd. median at 6.5 km depth

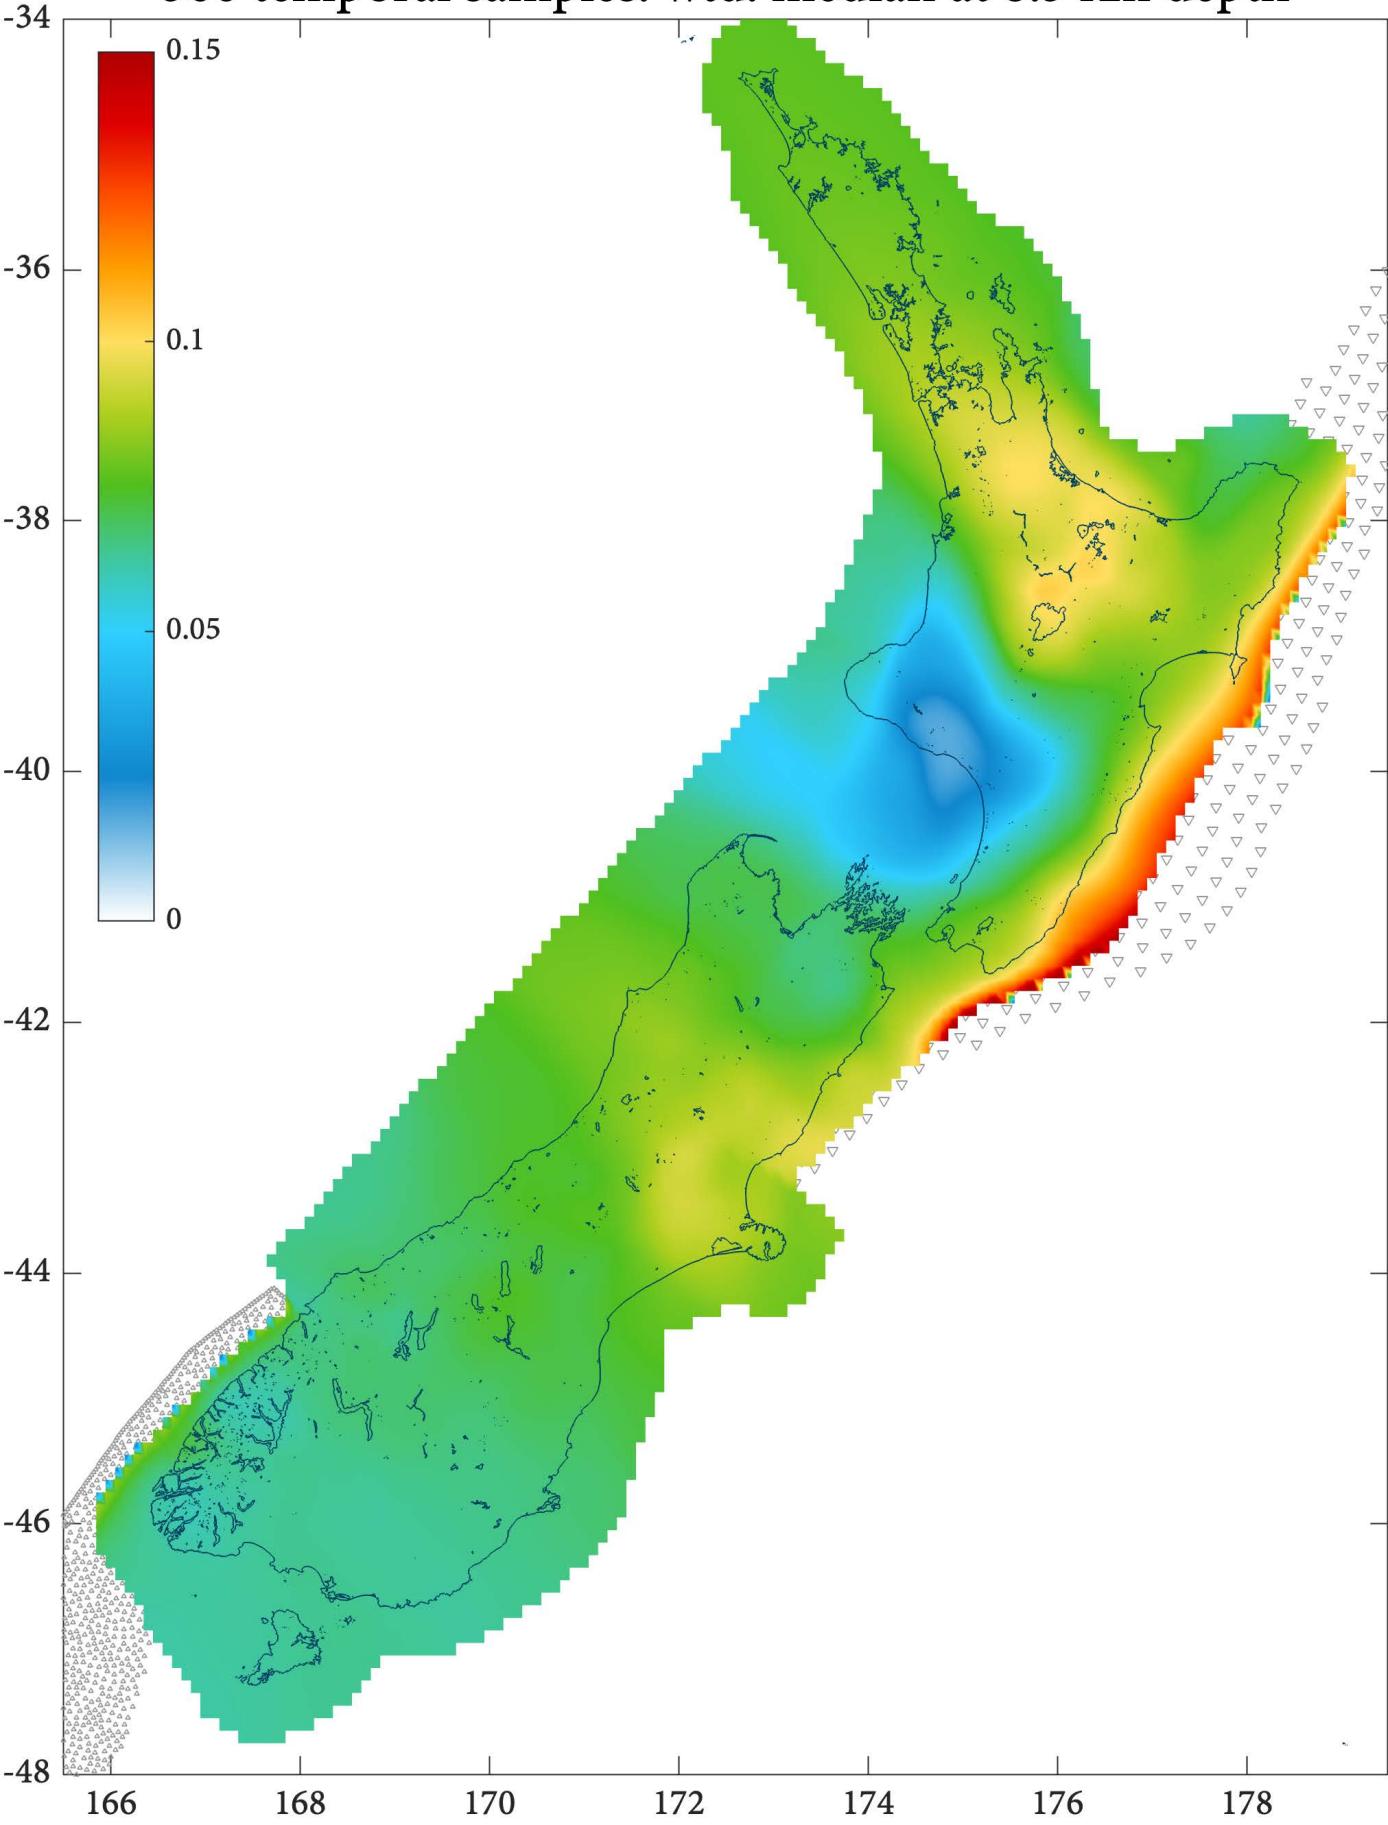

Depth density of upper-plate EQ near each cell, 1964-2020

500 temporal samples: wtd. median at 7.5 km depth

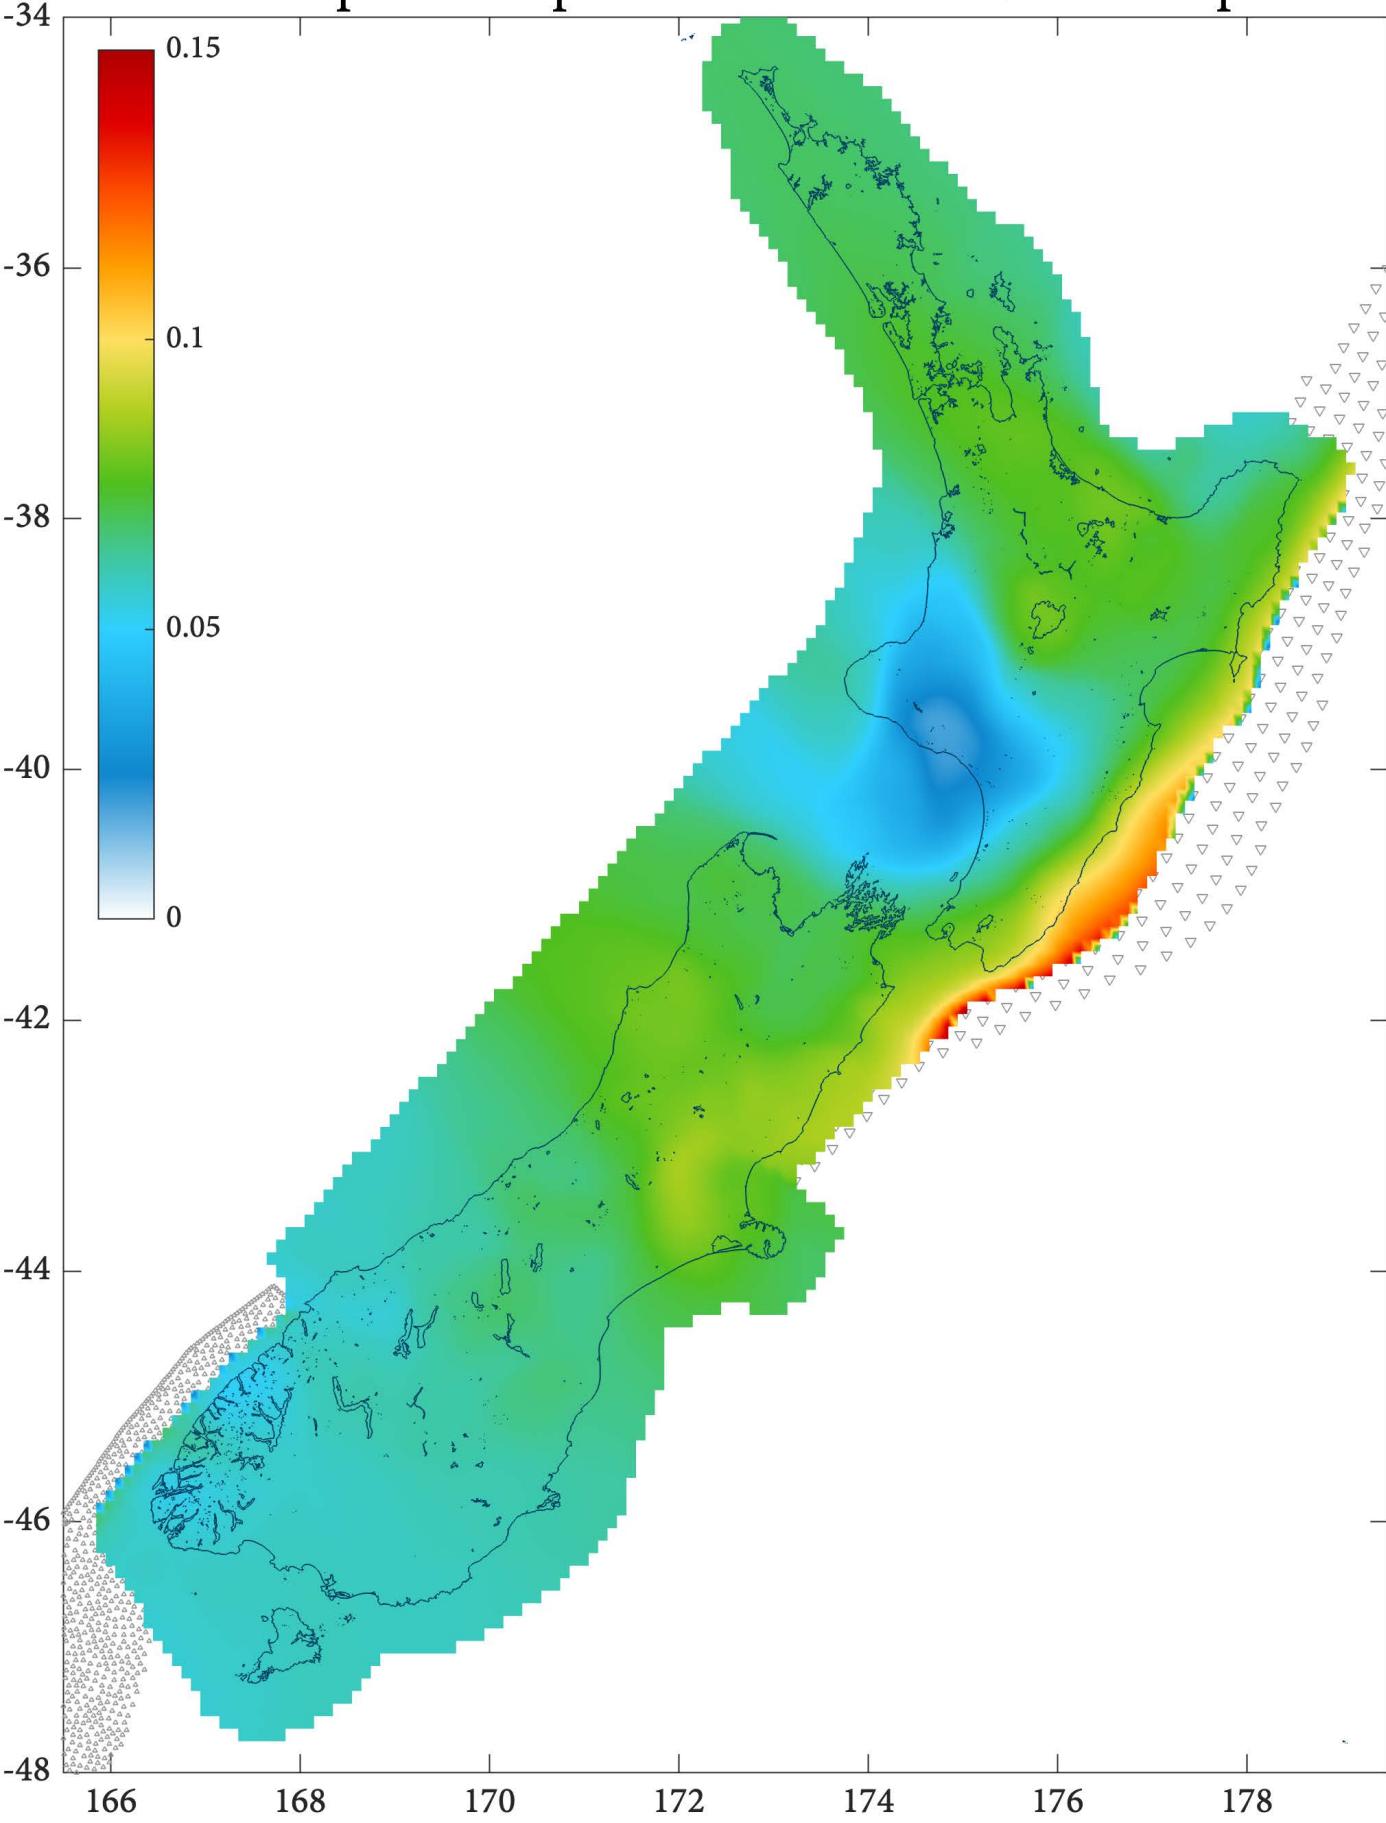

Depth density of upper-plate EQ near each cell, 1964-2020

500 temporal samples: wtd. median at 8.5 km depth

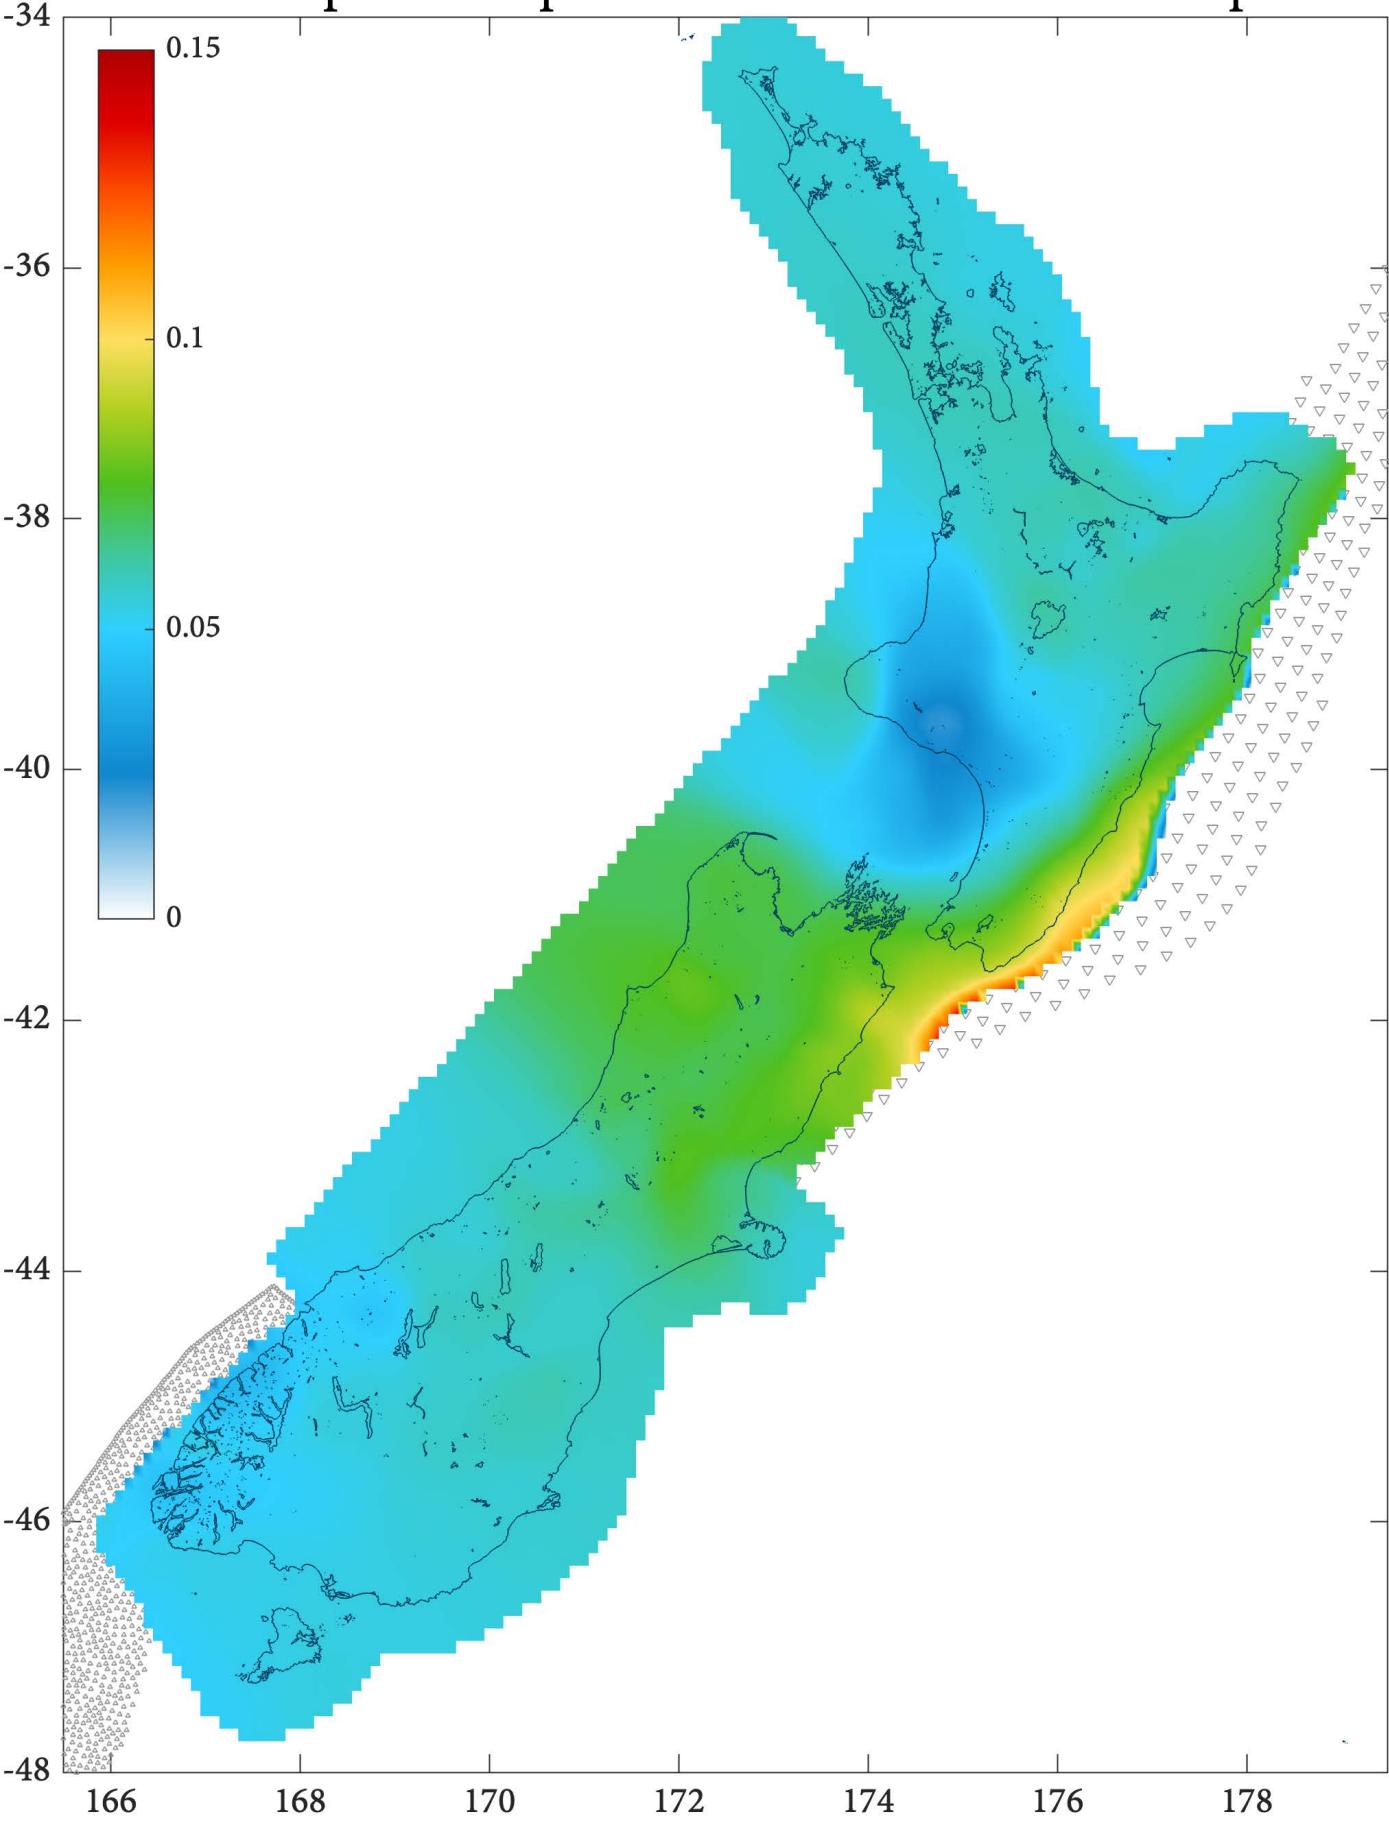

Depth density of upper-plate EQ near each cell, 1964-2020

500 temporal samples: wtd. median at 9.5 km depth

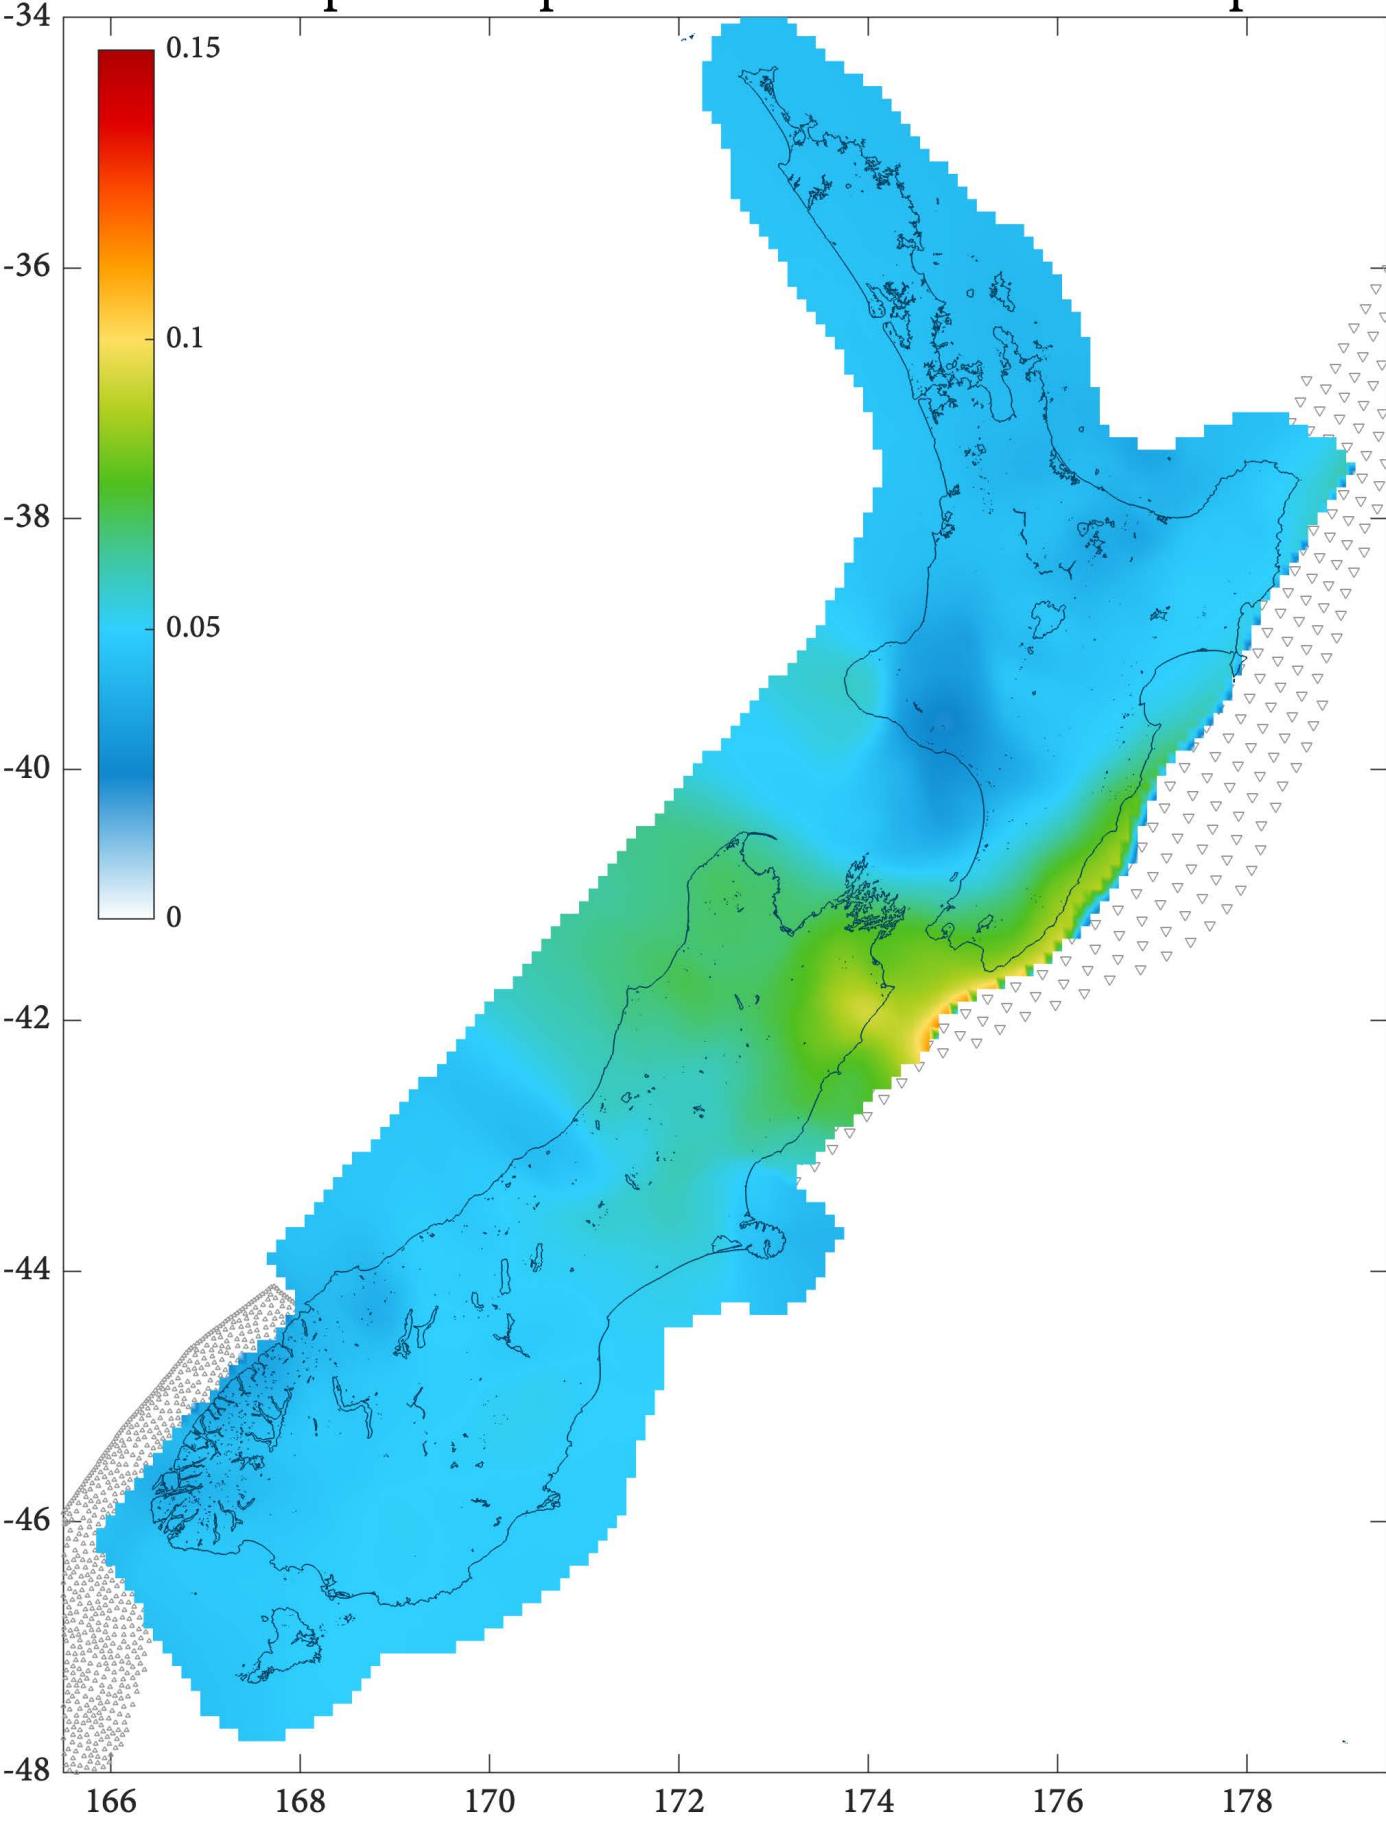

Depth density of upper-plate EQ near each cell, 1964-2020

500 temporal samples: wtd. median at 10.5 km depth

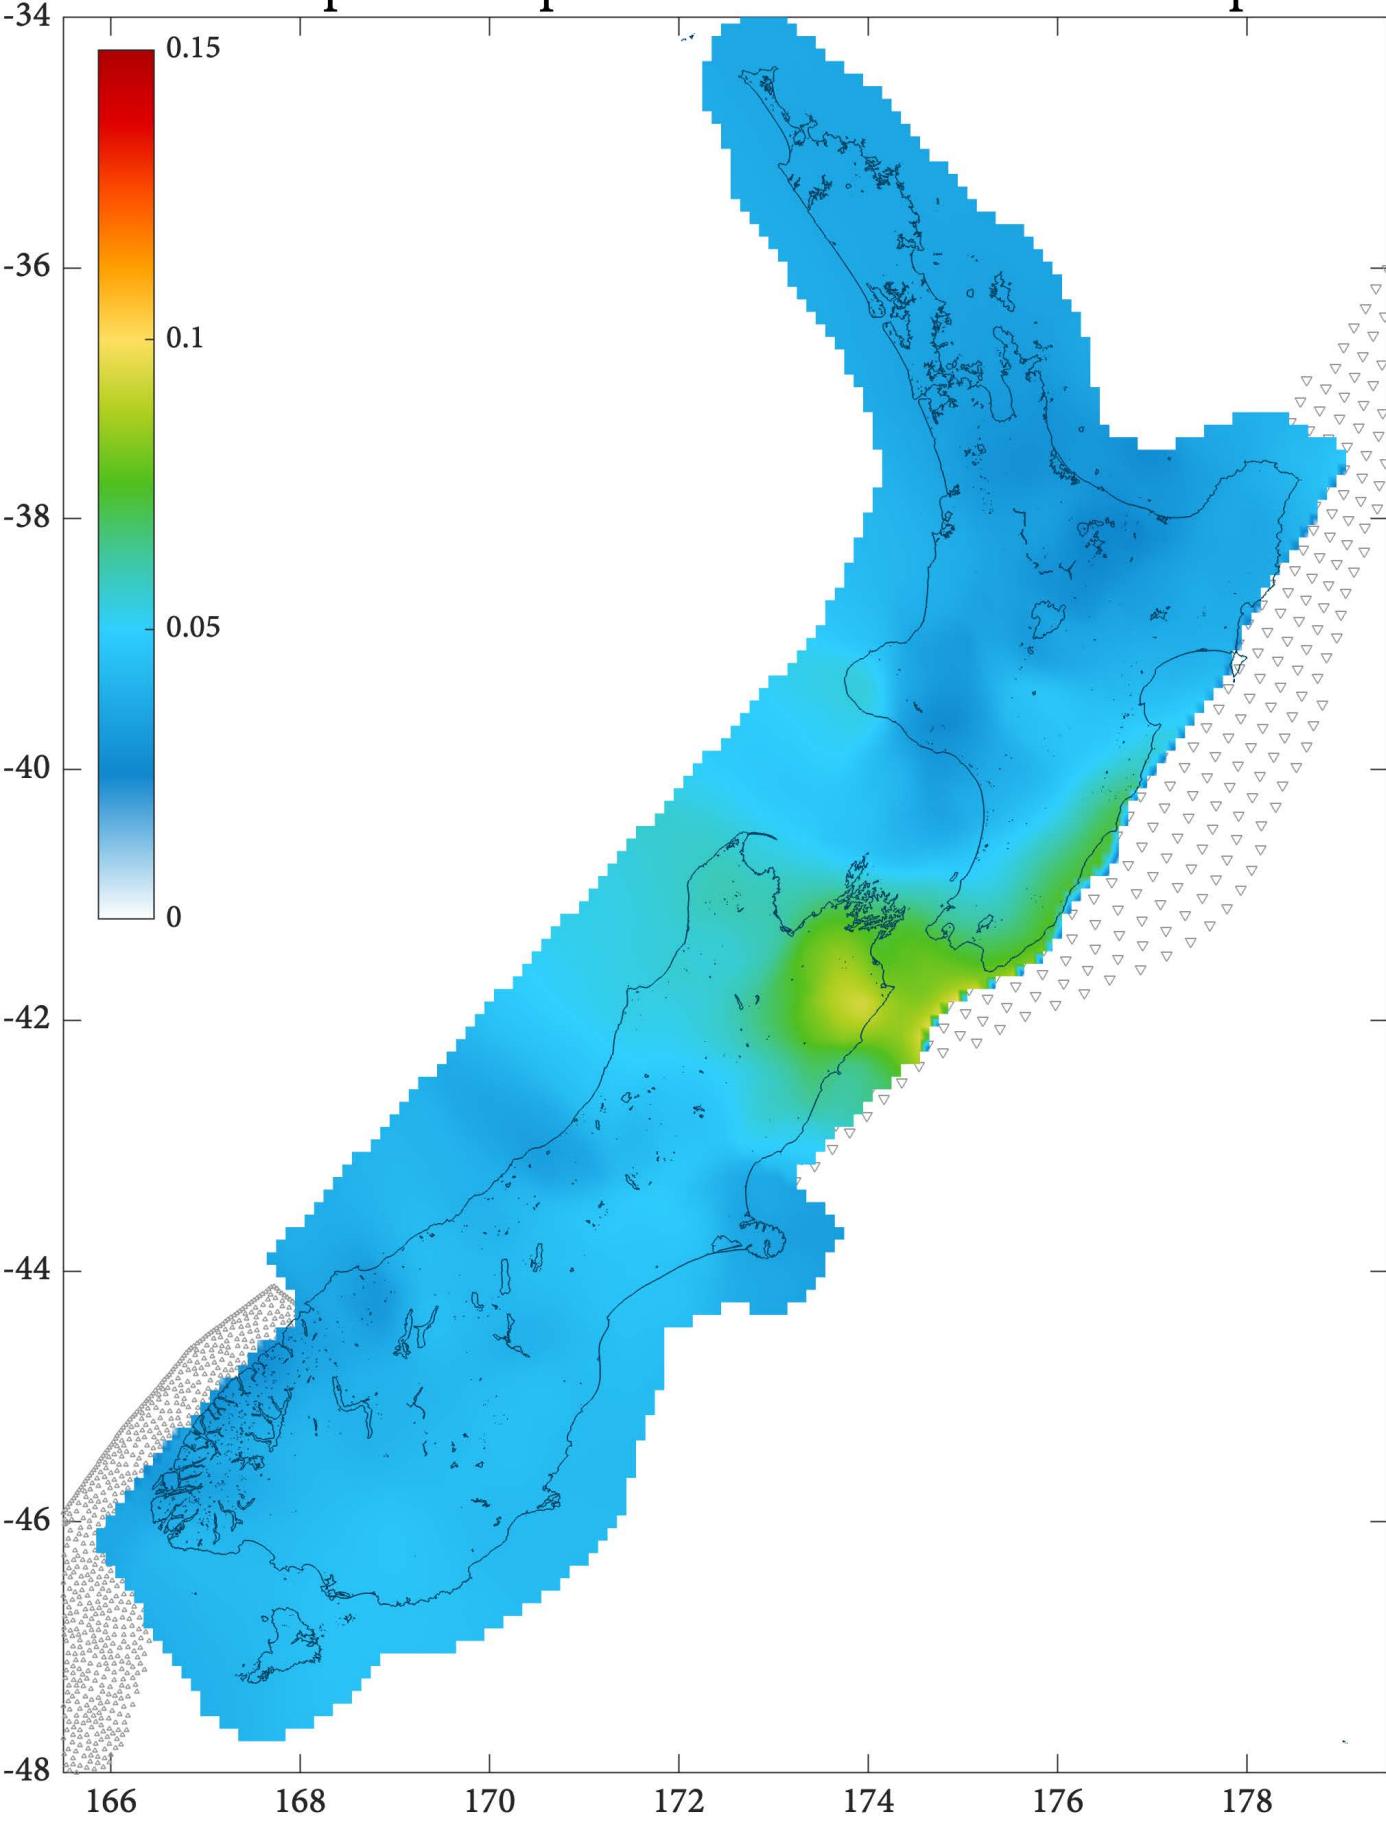

Depth density of upper-plate EQ near each cell, 1964-2020

500 temporal samples: wtd. median at 11.5 km depth

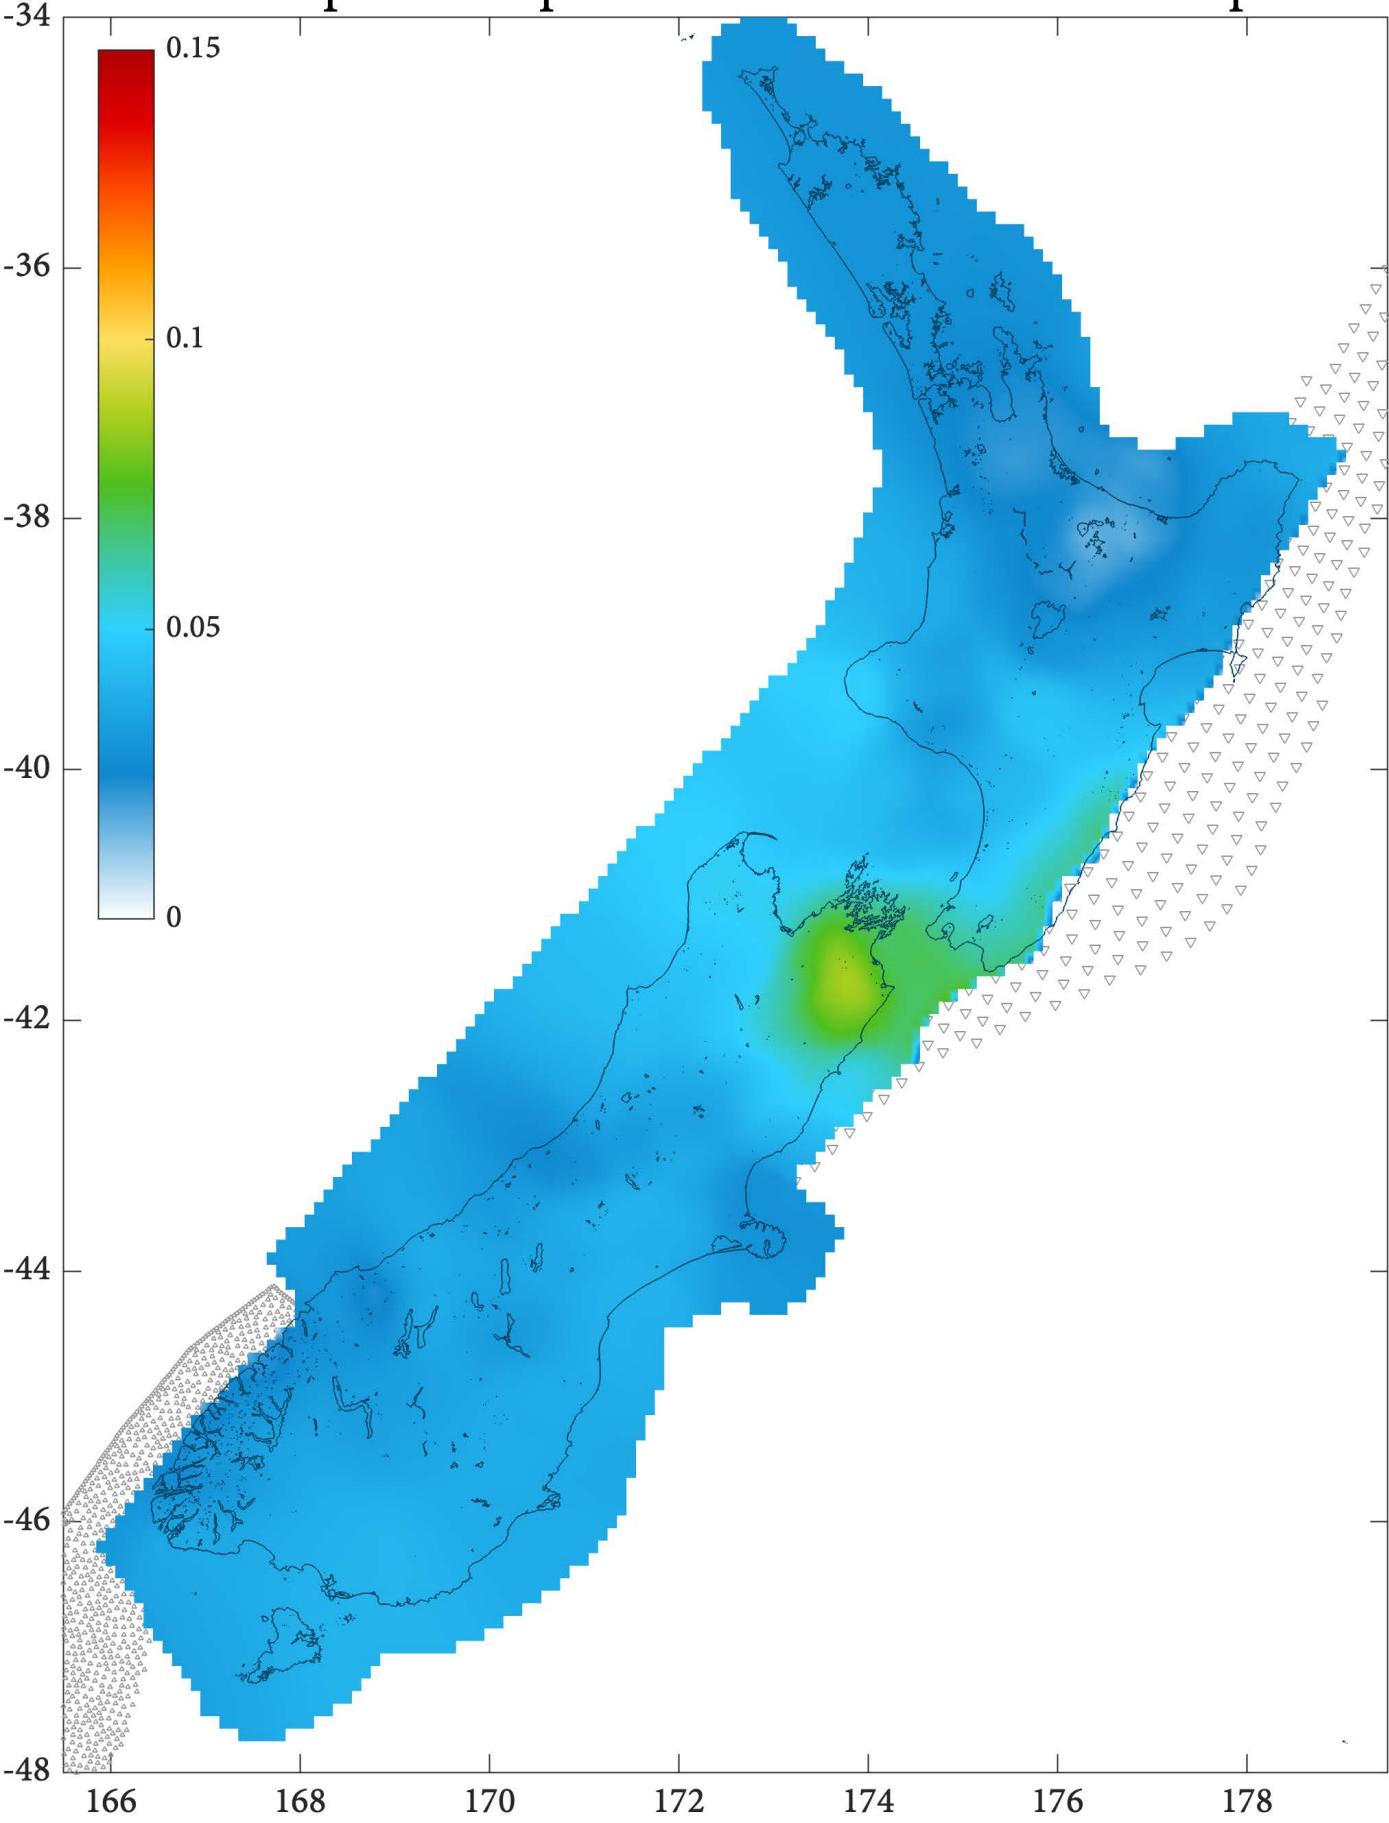

Depth density of upper-plate EQ near each cell, 1964-2020

500 temporal samples: wtd. median at 12.5 km depth

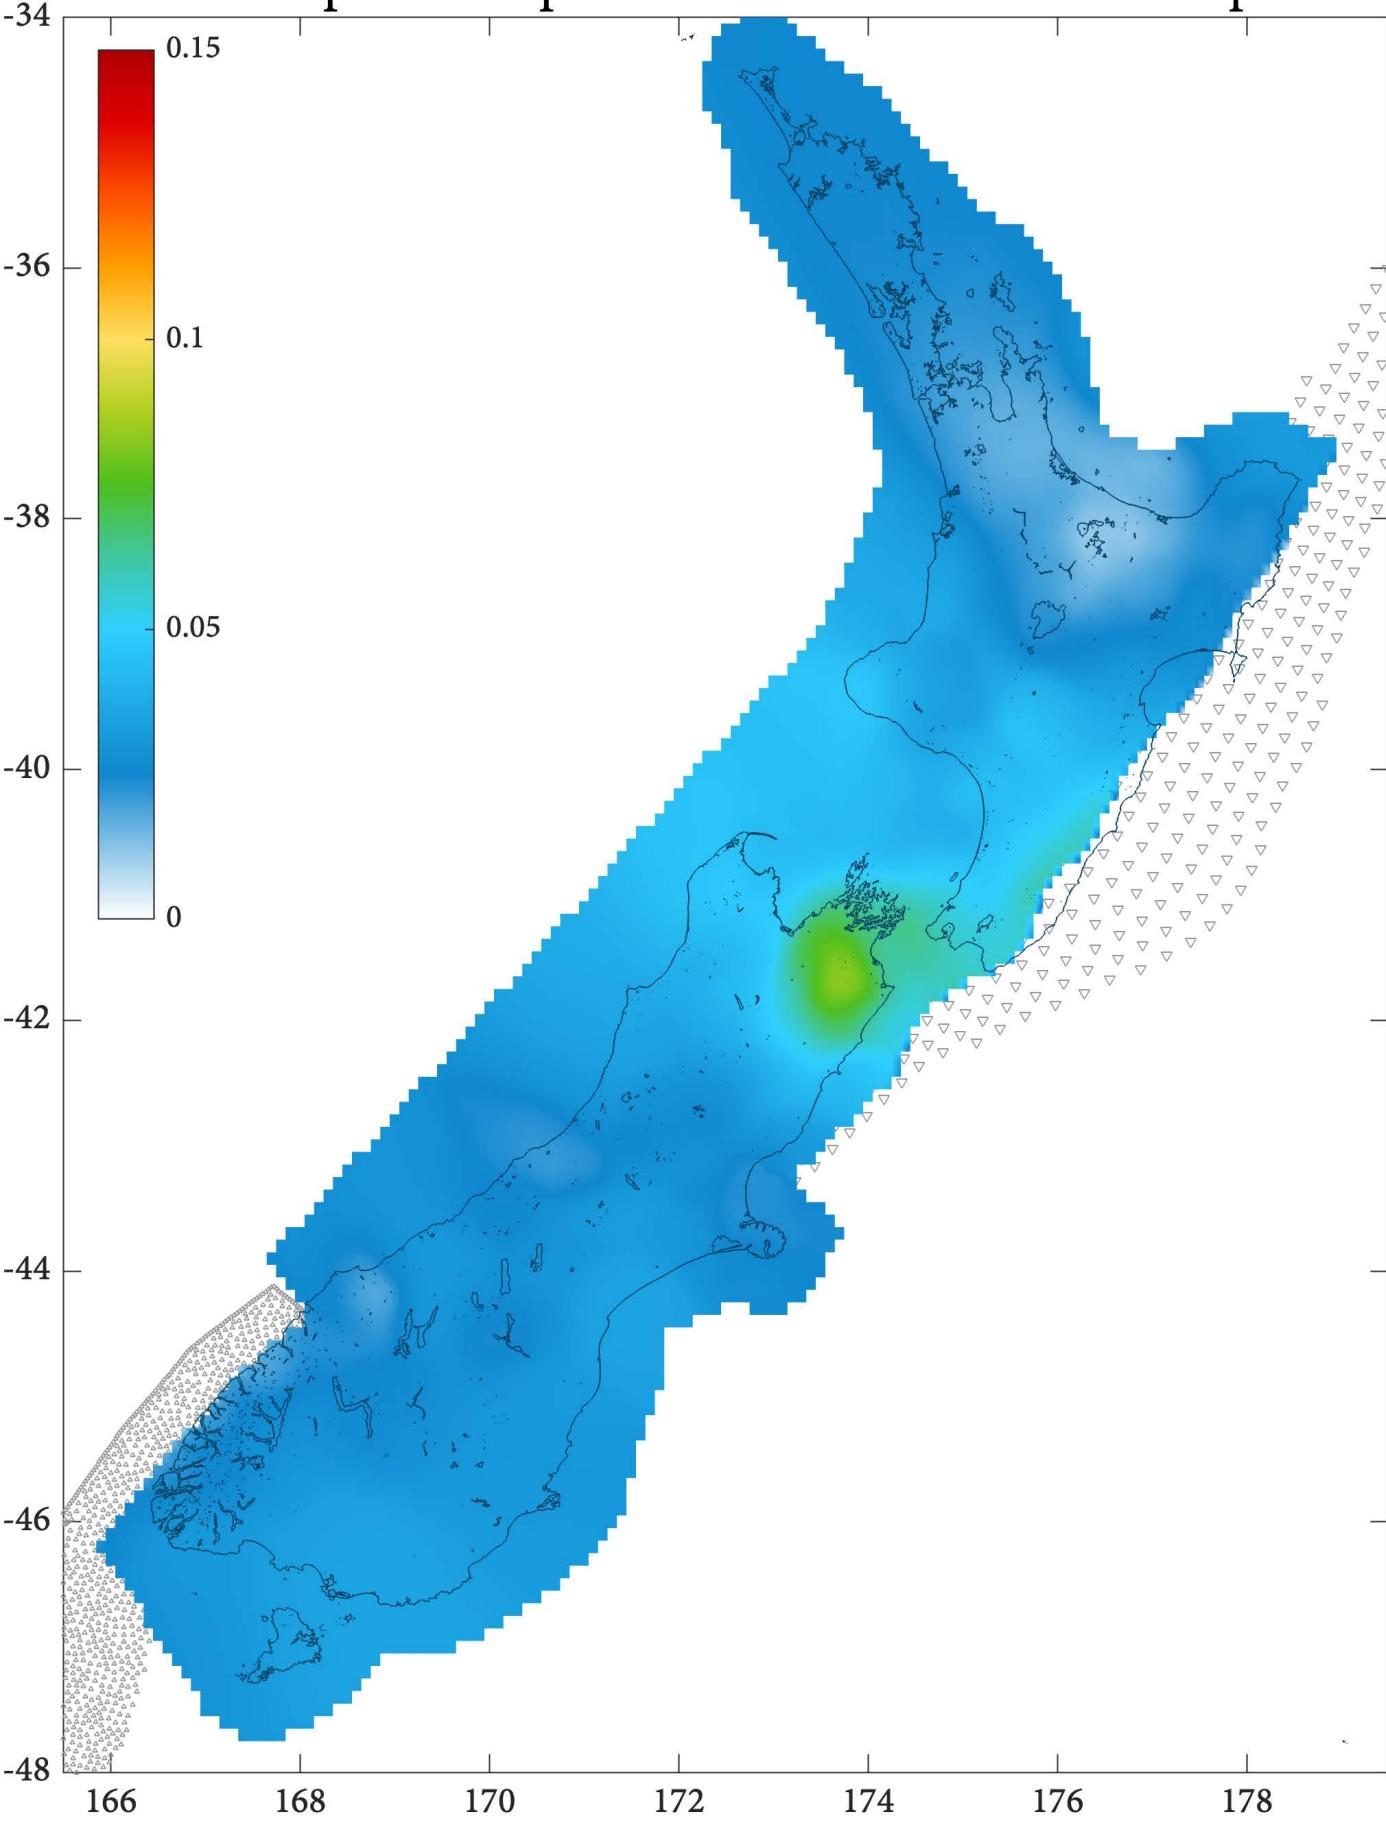

Depth density of upper-plate EQ near each cell, 1964-2020

500 temporal samples: wtd. median at 13.5 km depth

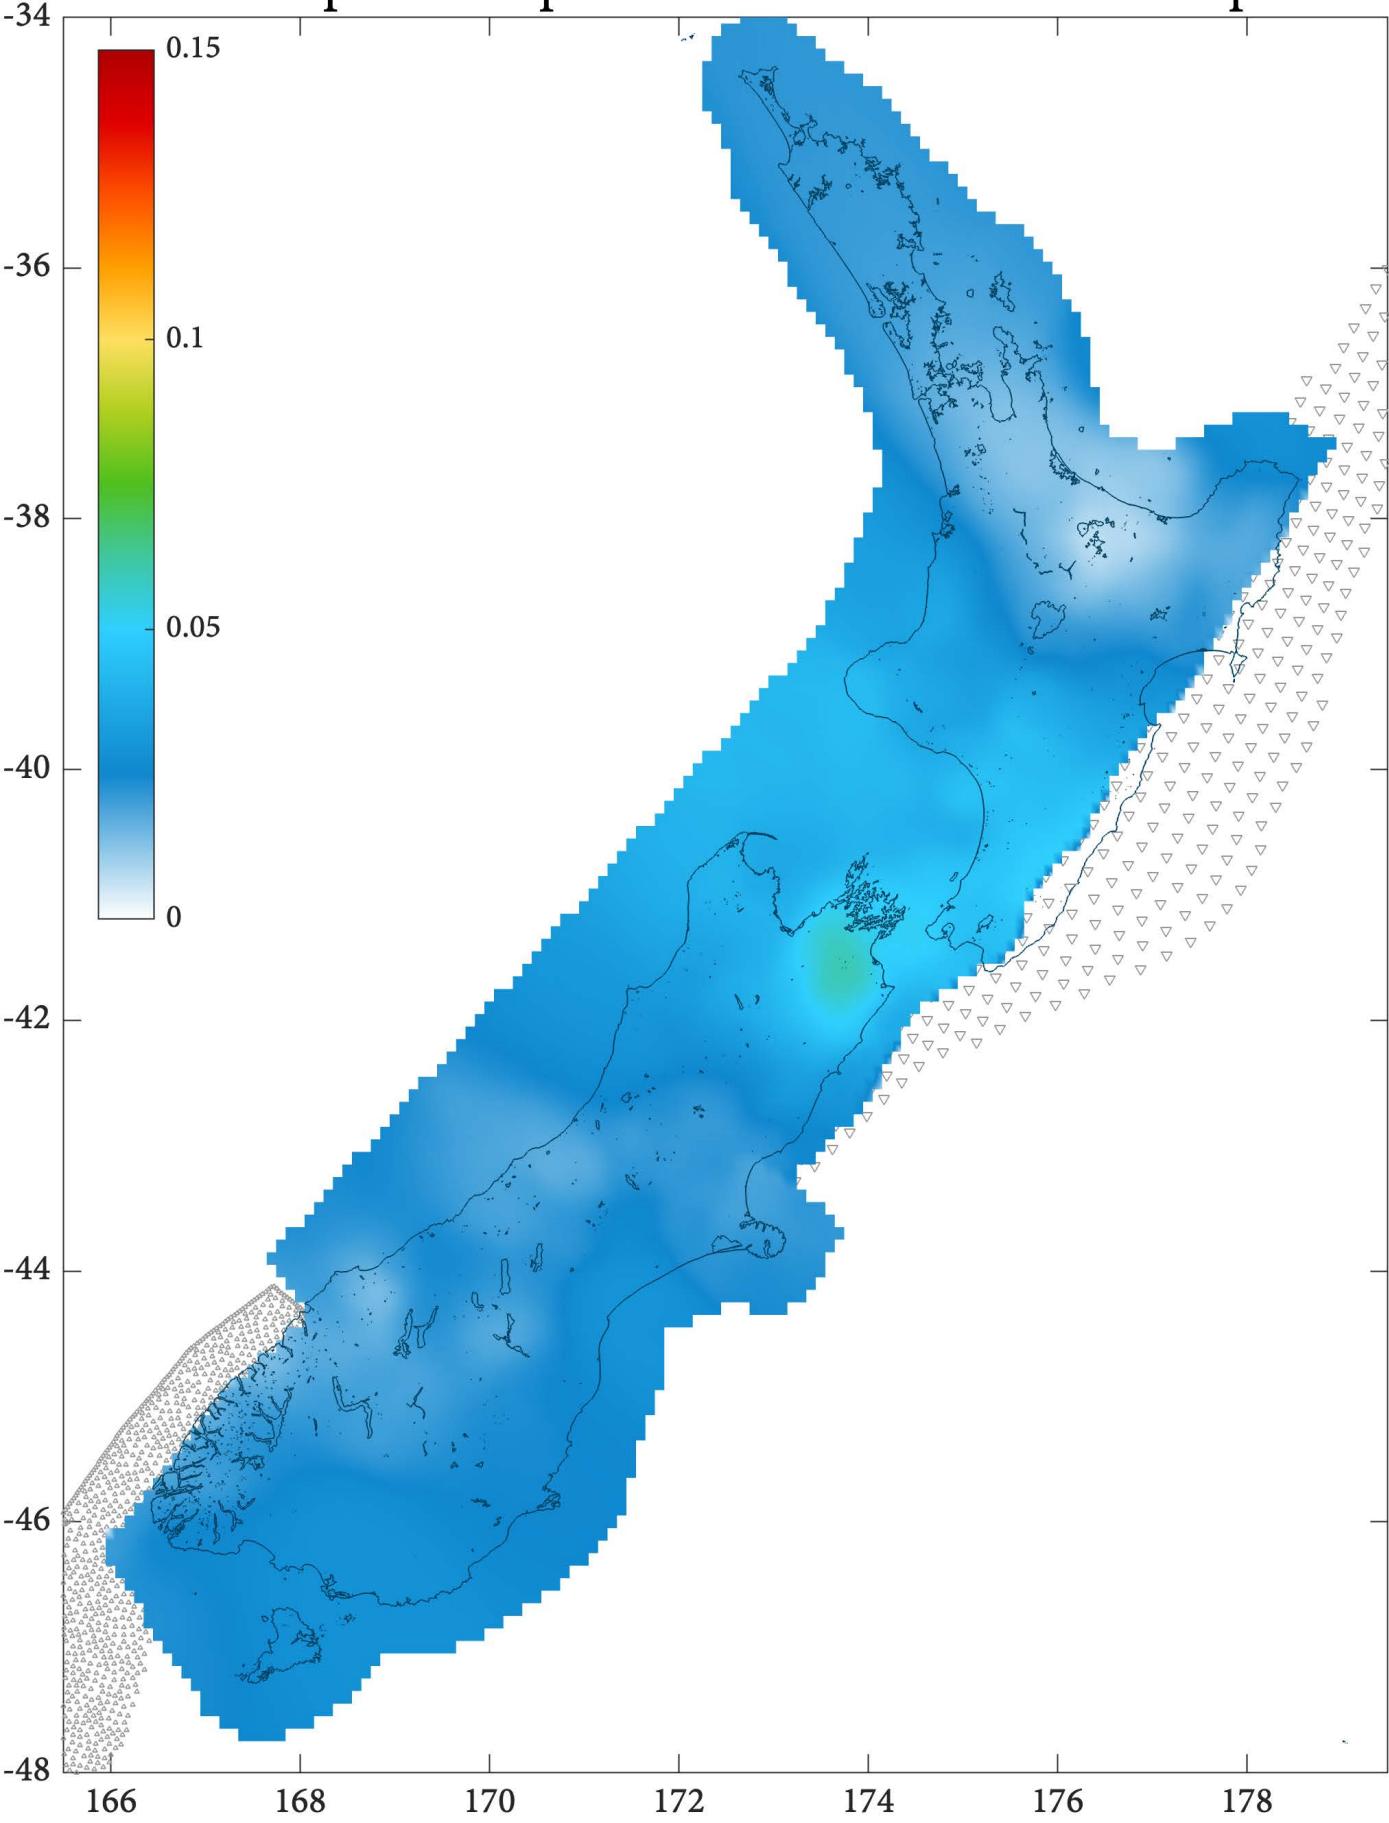

Depth density of upper-plate EQ near each cell, 1964-2020

500 temporal samples: wtd. median at 14.5 km depth

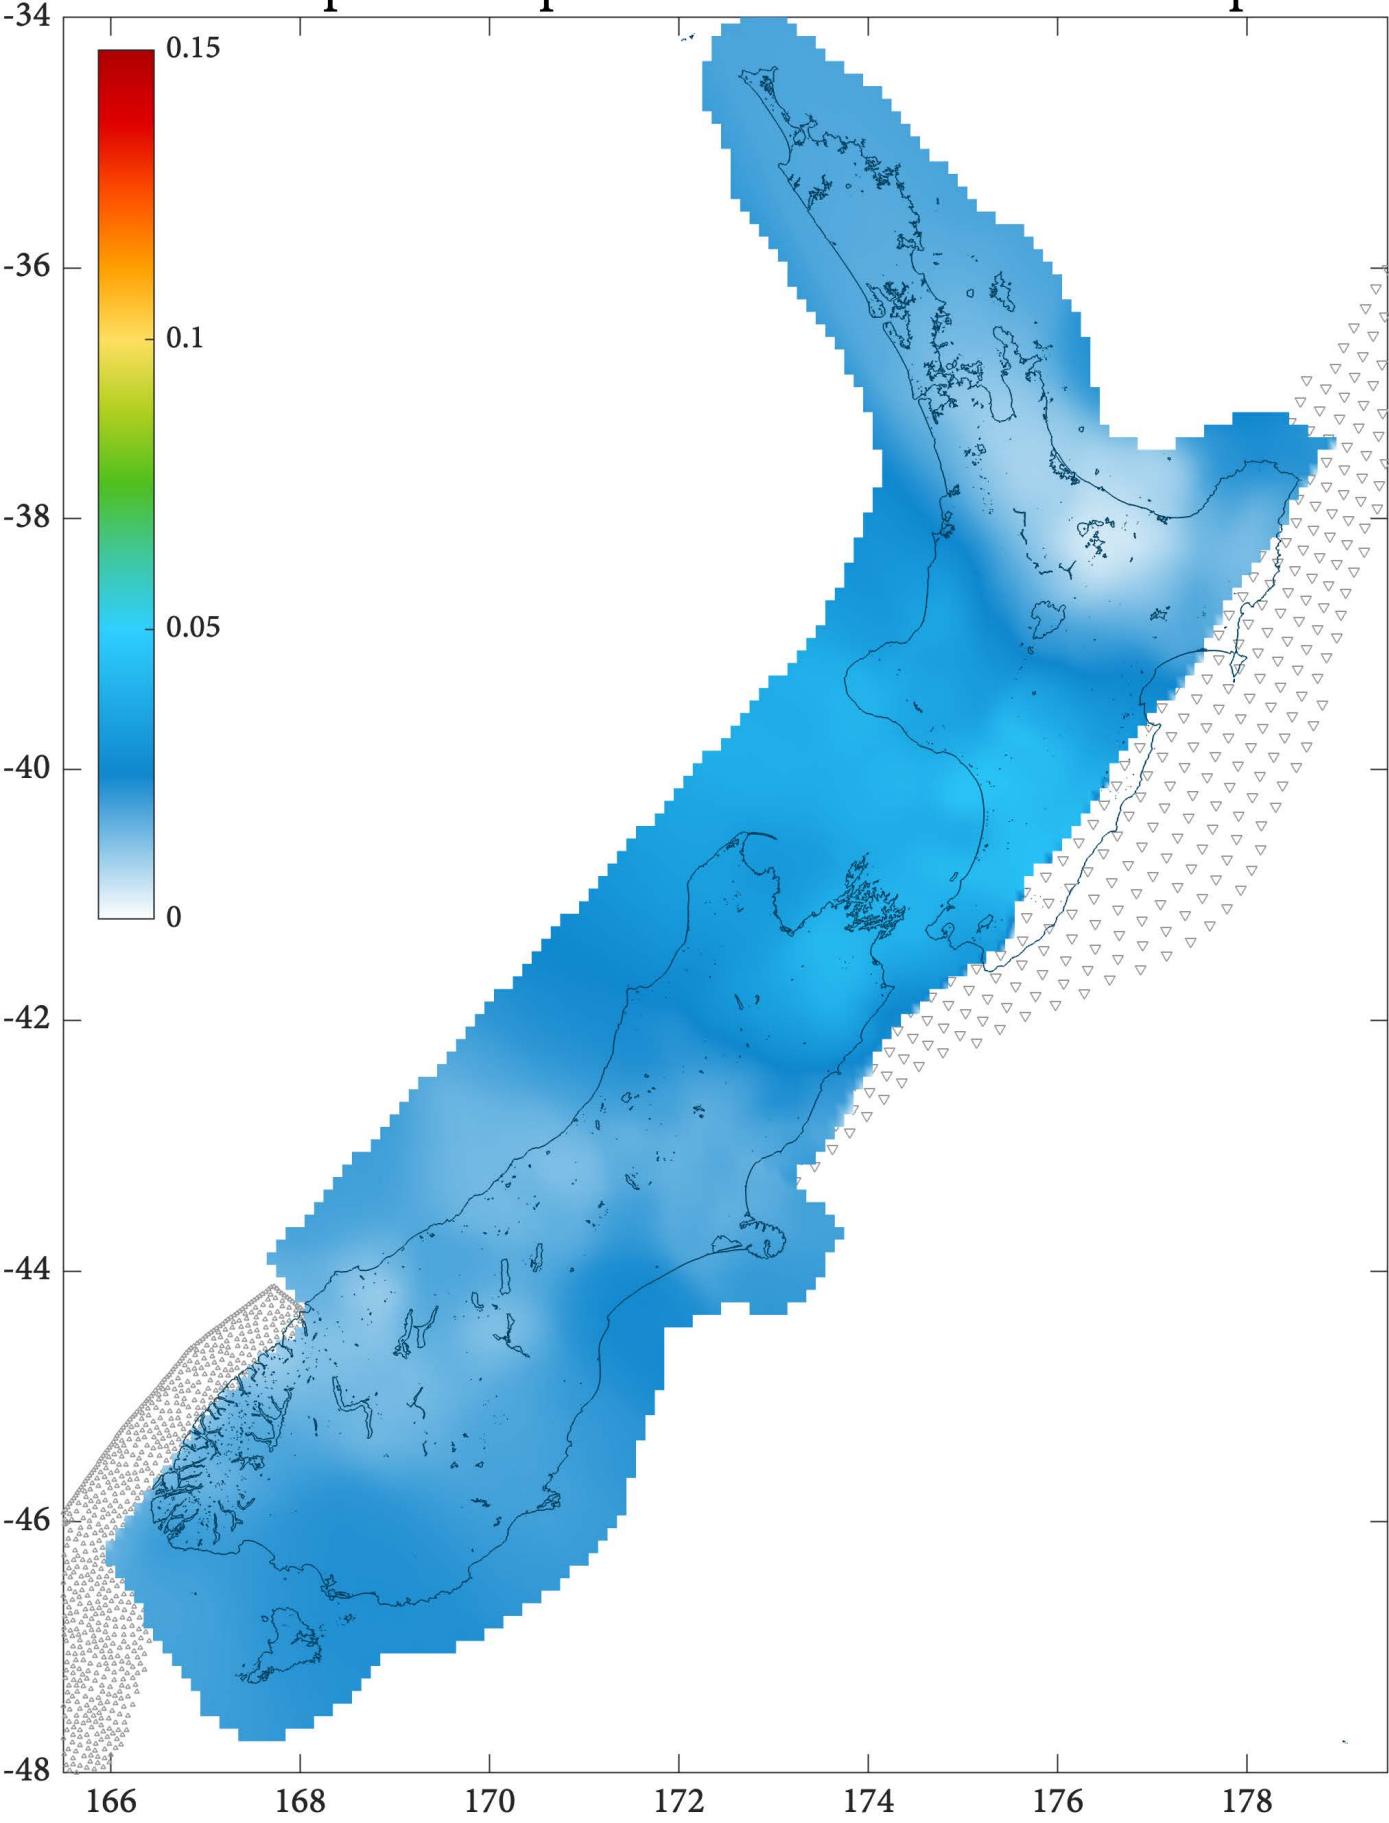

Depth density of upper-plate EQ near each cell, 1964-2020

500 temporal samples: wtd. median at 15.5 km depth

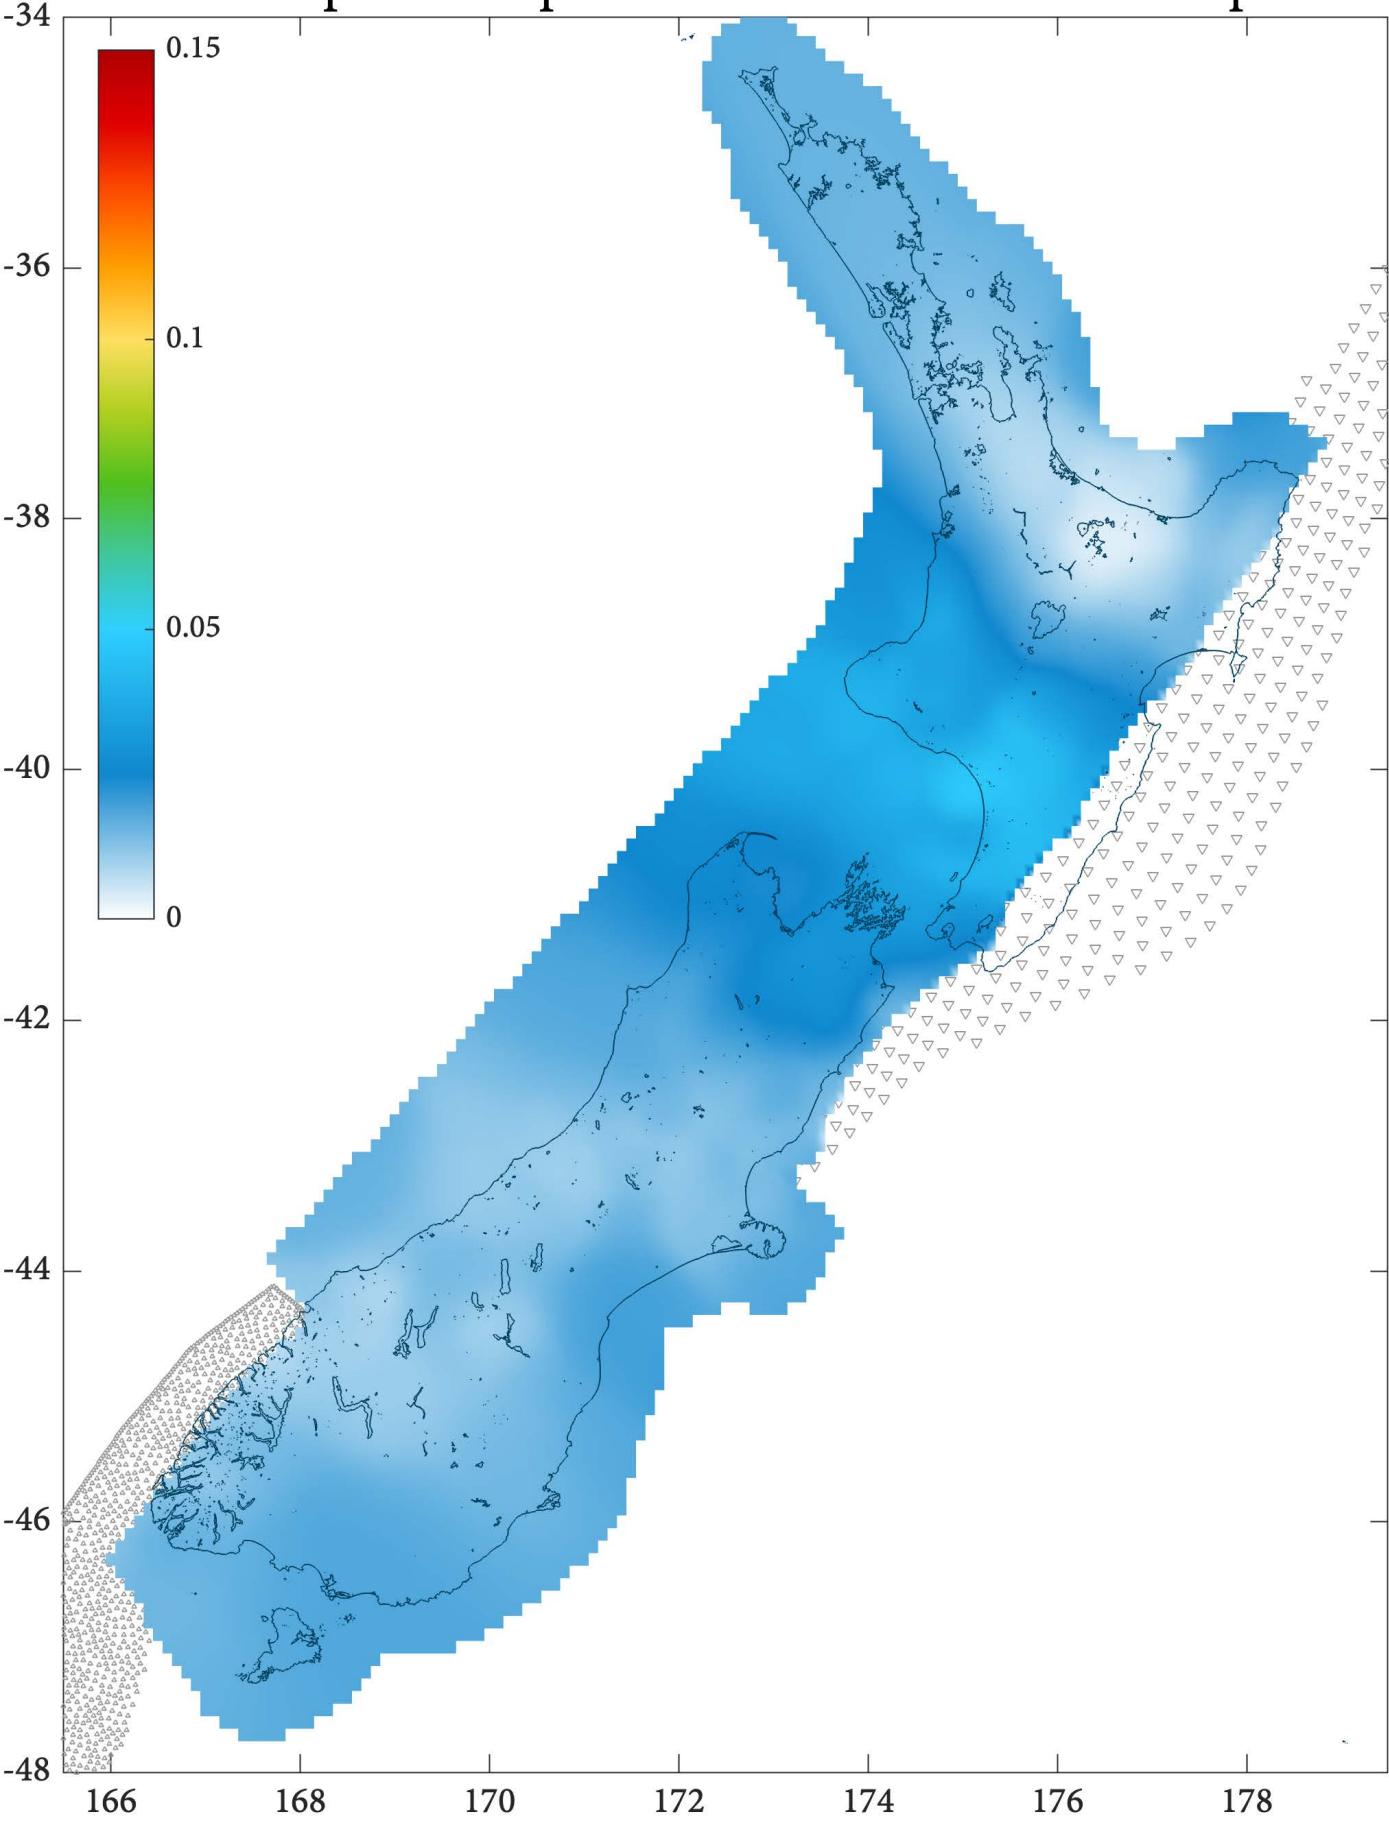

Depth density of upper-plate EQ near each cell, 1964-2020

500 temporal samples: wtd. median at 16.5 km depth

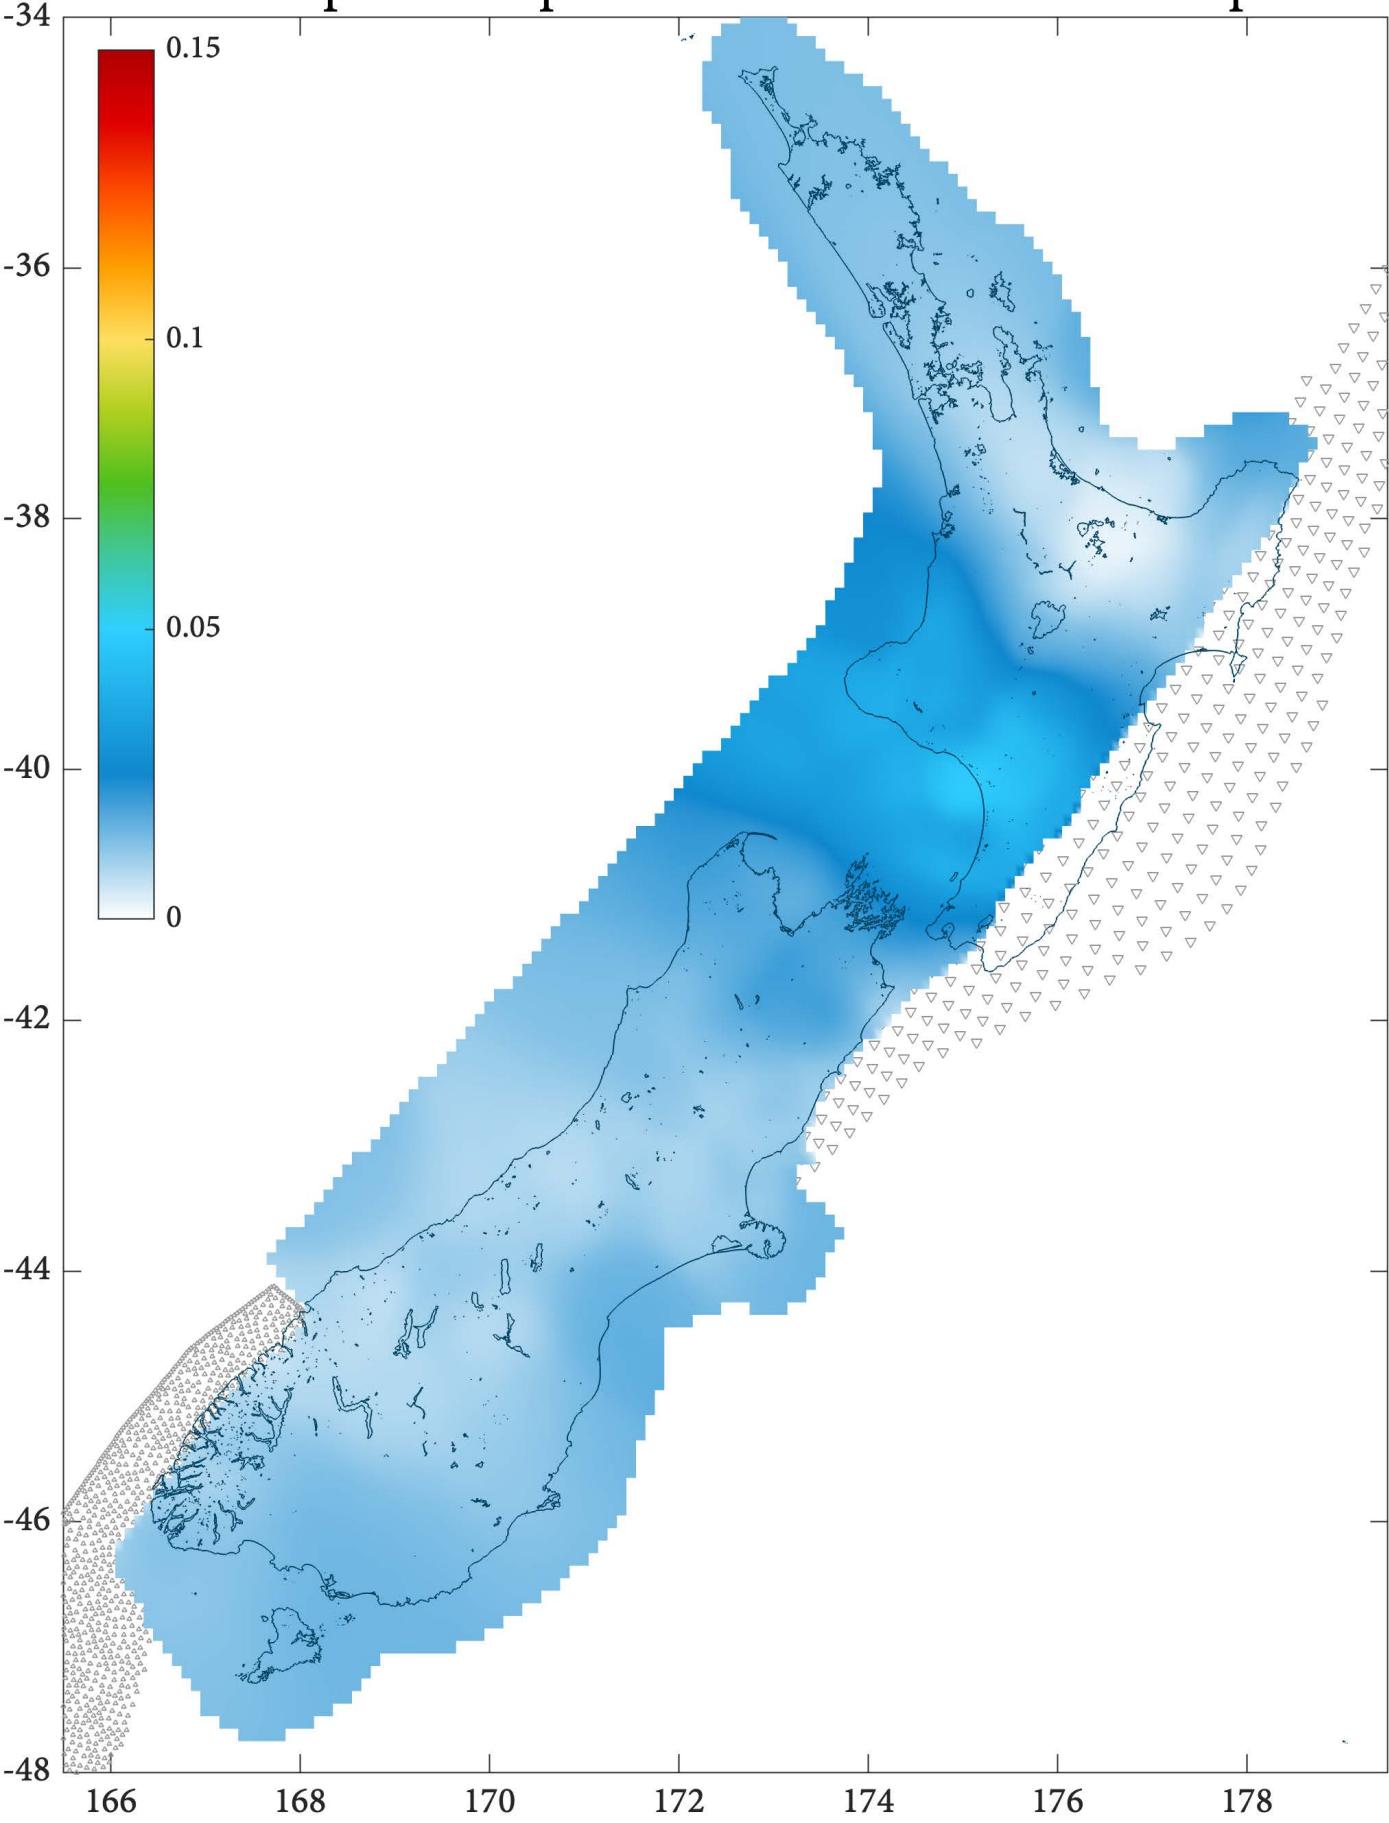

Depth density of upper-plate EQ near each cell, 1964-2020

500 temporal samples: wtd. median at 17.5 km depth

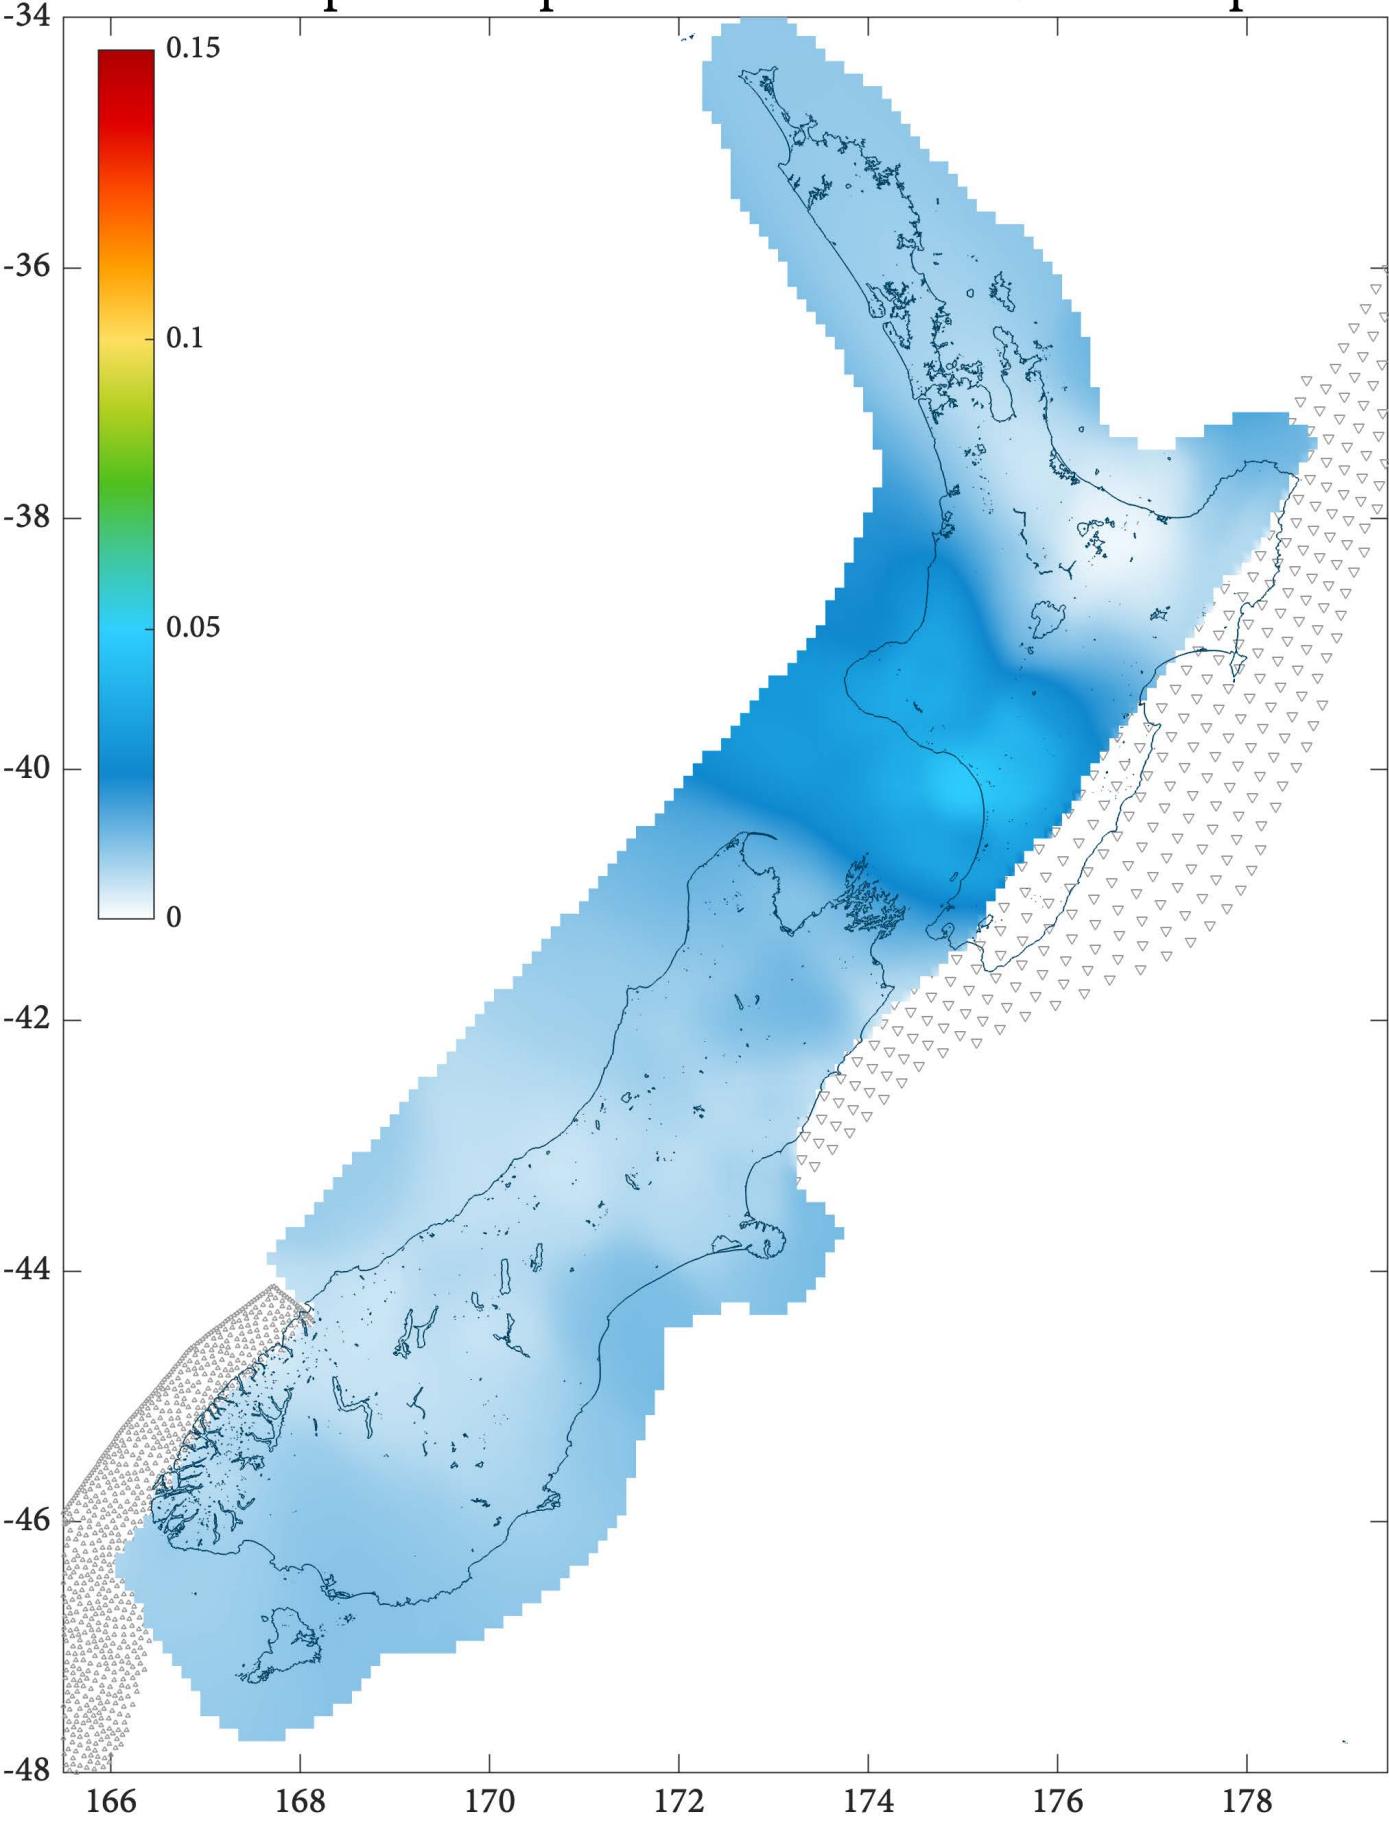

Depth density of upper-plate EQ near each cell, 1964-2020

500 temporal samples: wtd. median at 18.5 km depth

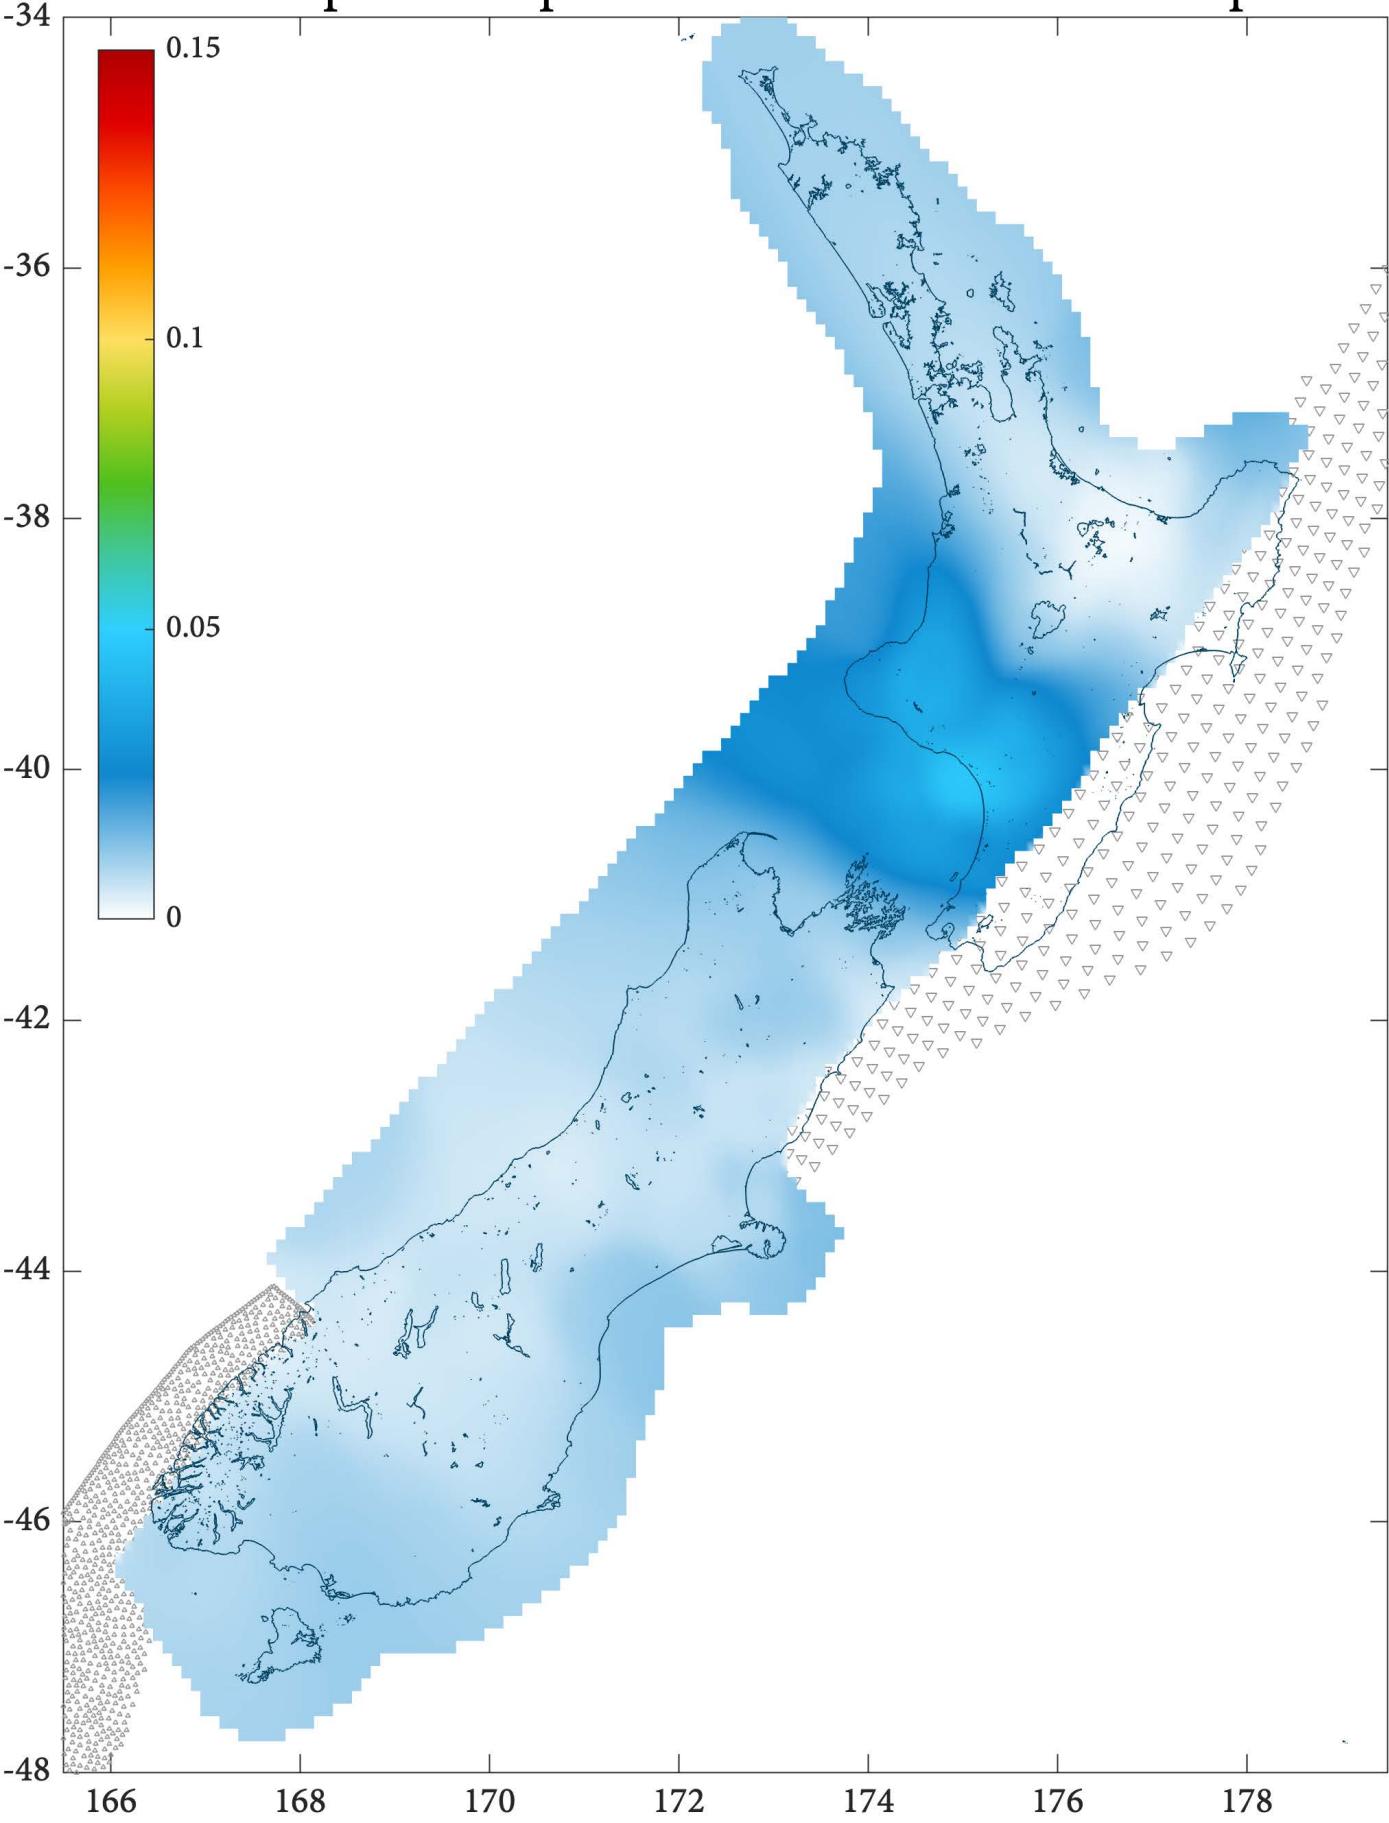

Depth density of upper-plate EQ near each cell, 1964-2020

500 temporal samples: wtd. median at 19.5 km depth

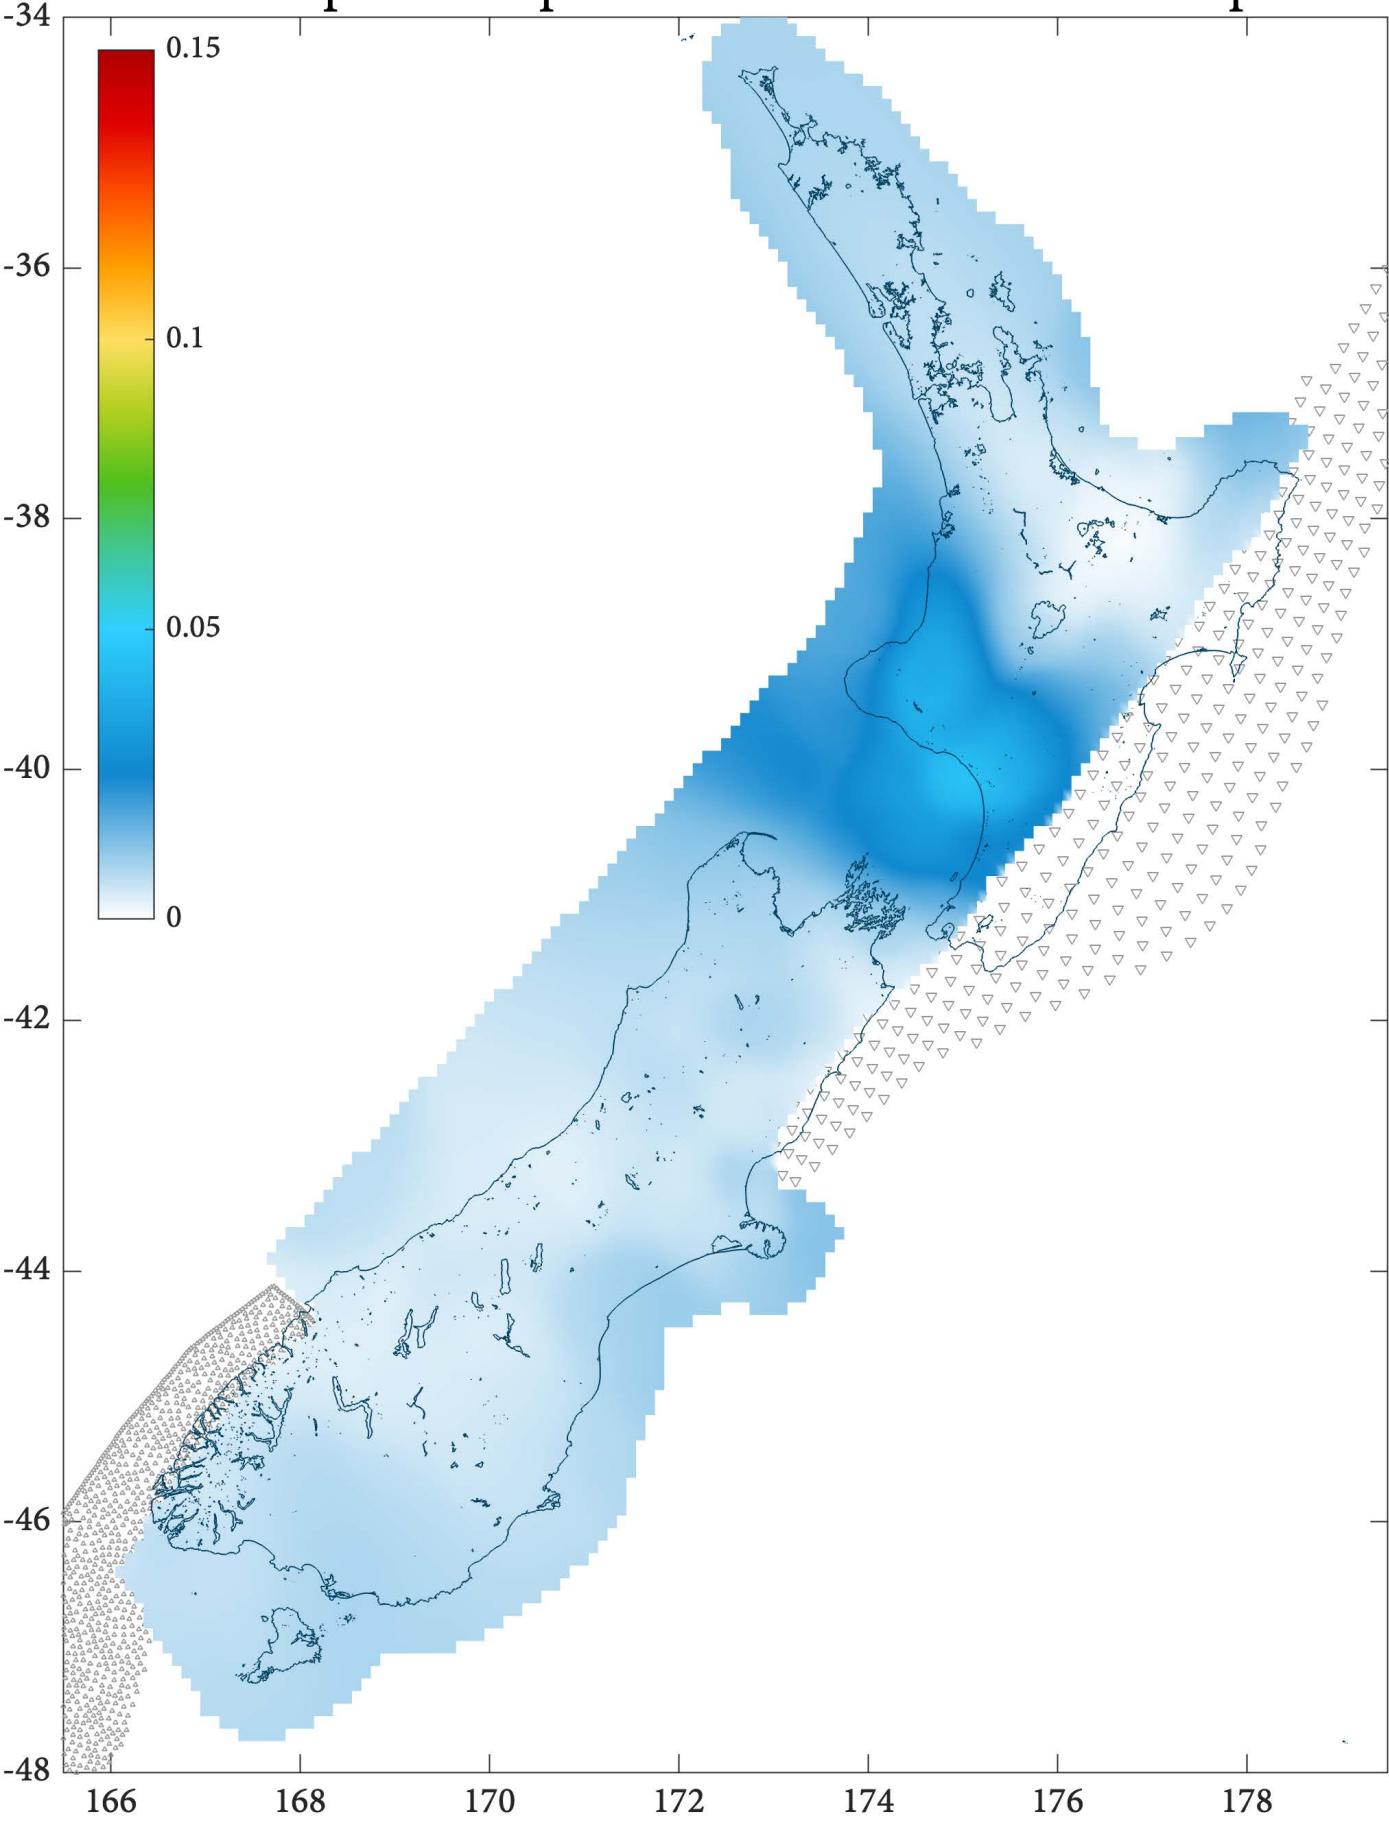

Depth density of upper-plate EQ near each cell, 1964-2020

500 temporal samples: wtd. median at 20.5 km depth

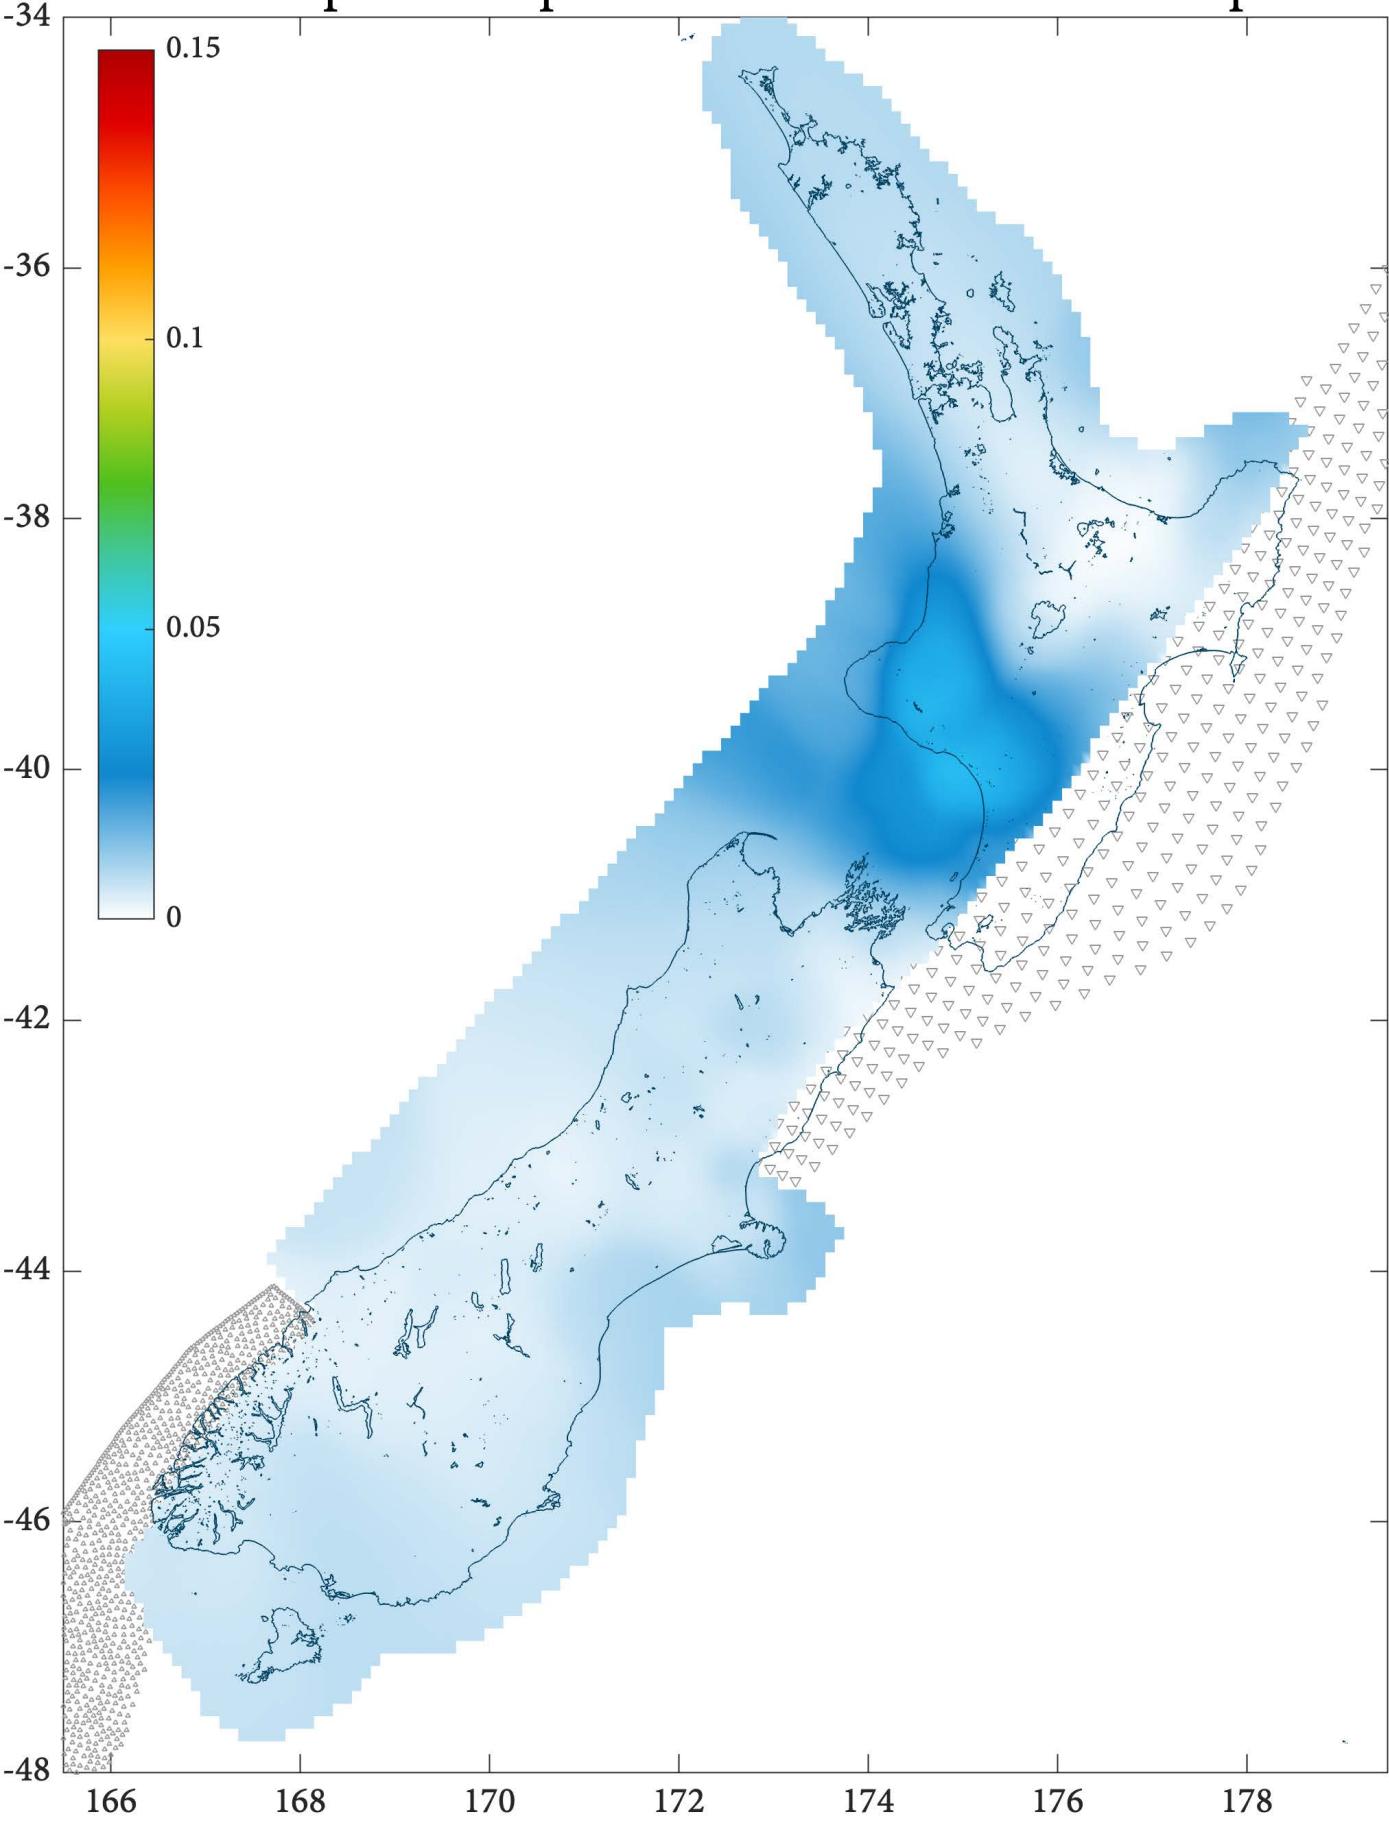

Depth density of upper-plate EQ near each cell, 1964-2020

500 temporal samples: wtd. median at 21.5 km depth

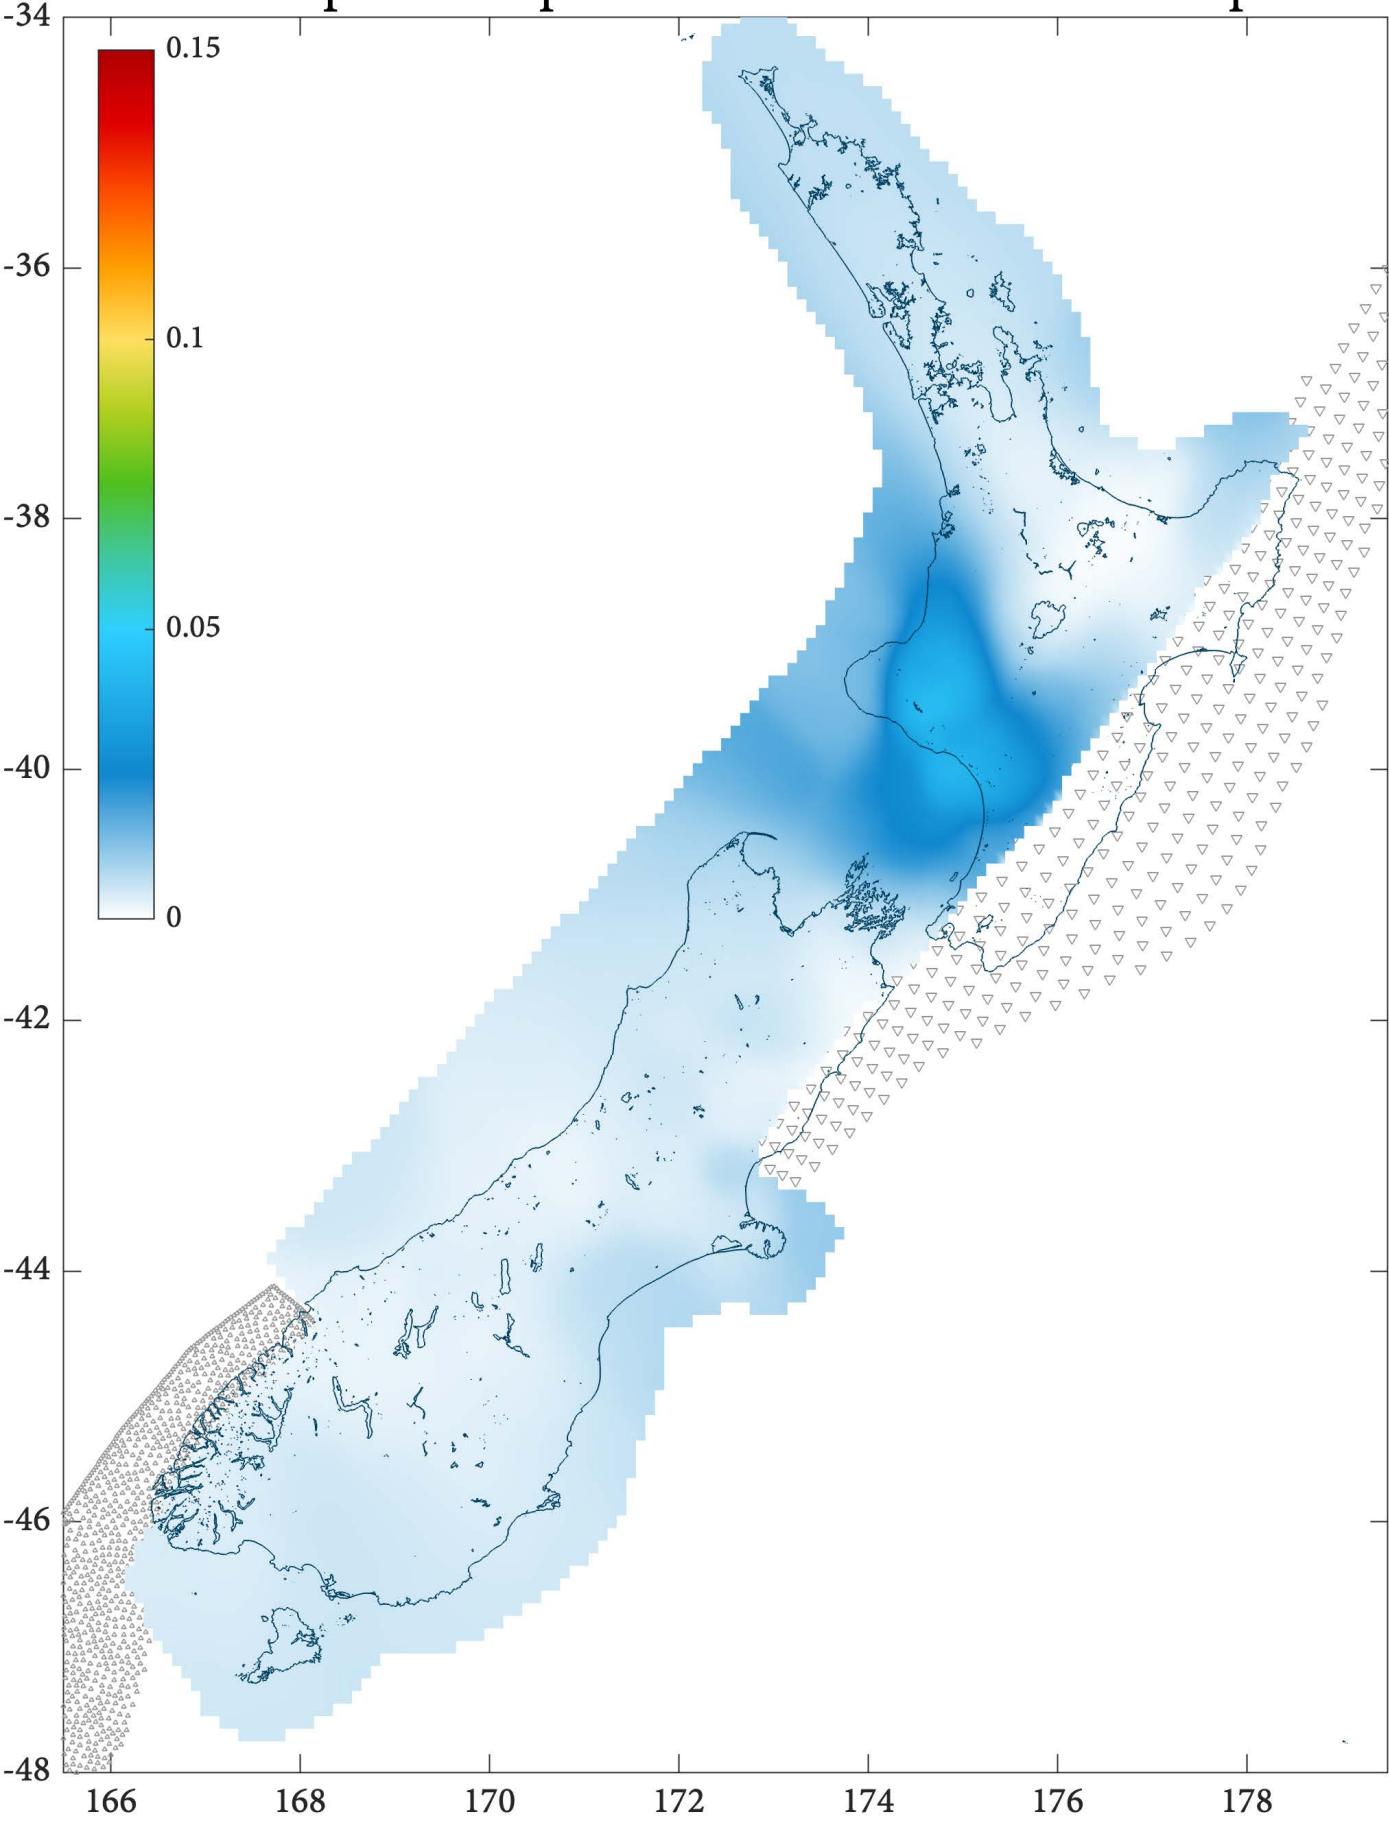

Depth density of upper-plate EQ near each cell, 1964-2020

500 temporal samples: wtd. median at 22.5 km depth

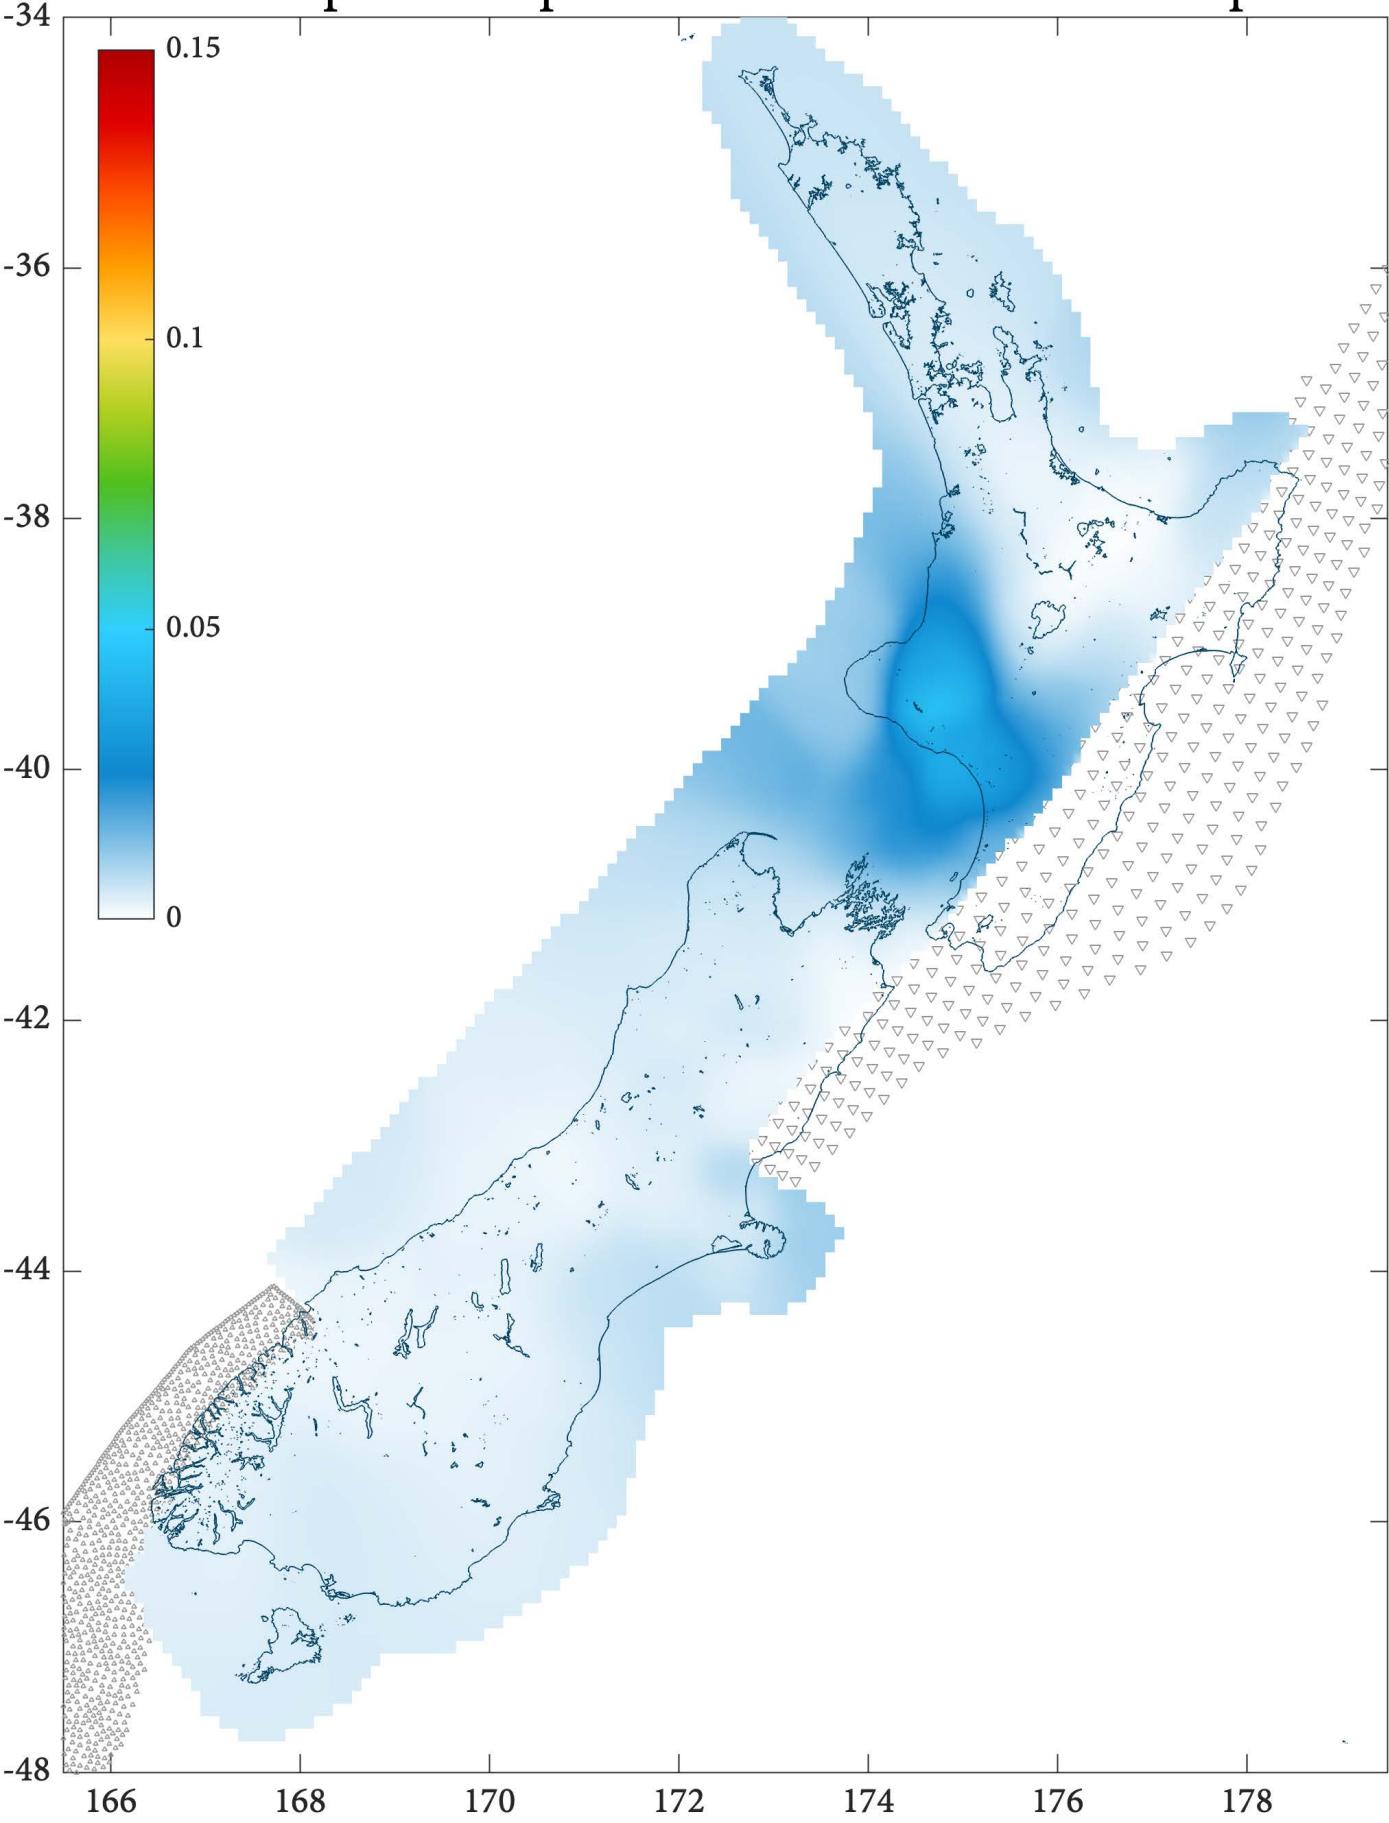

Depth density of upper-plate EQ near each cell, 1964-2020

500 temporal samples: wtd. median at 23.5 km depth

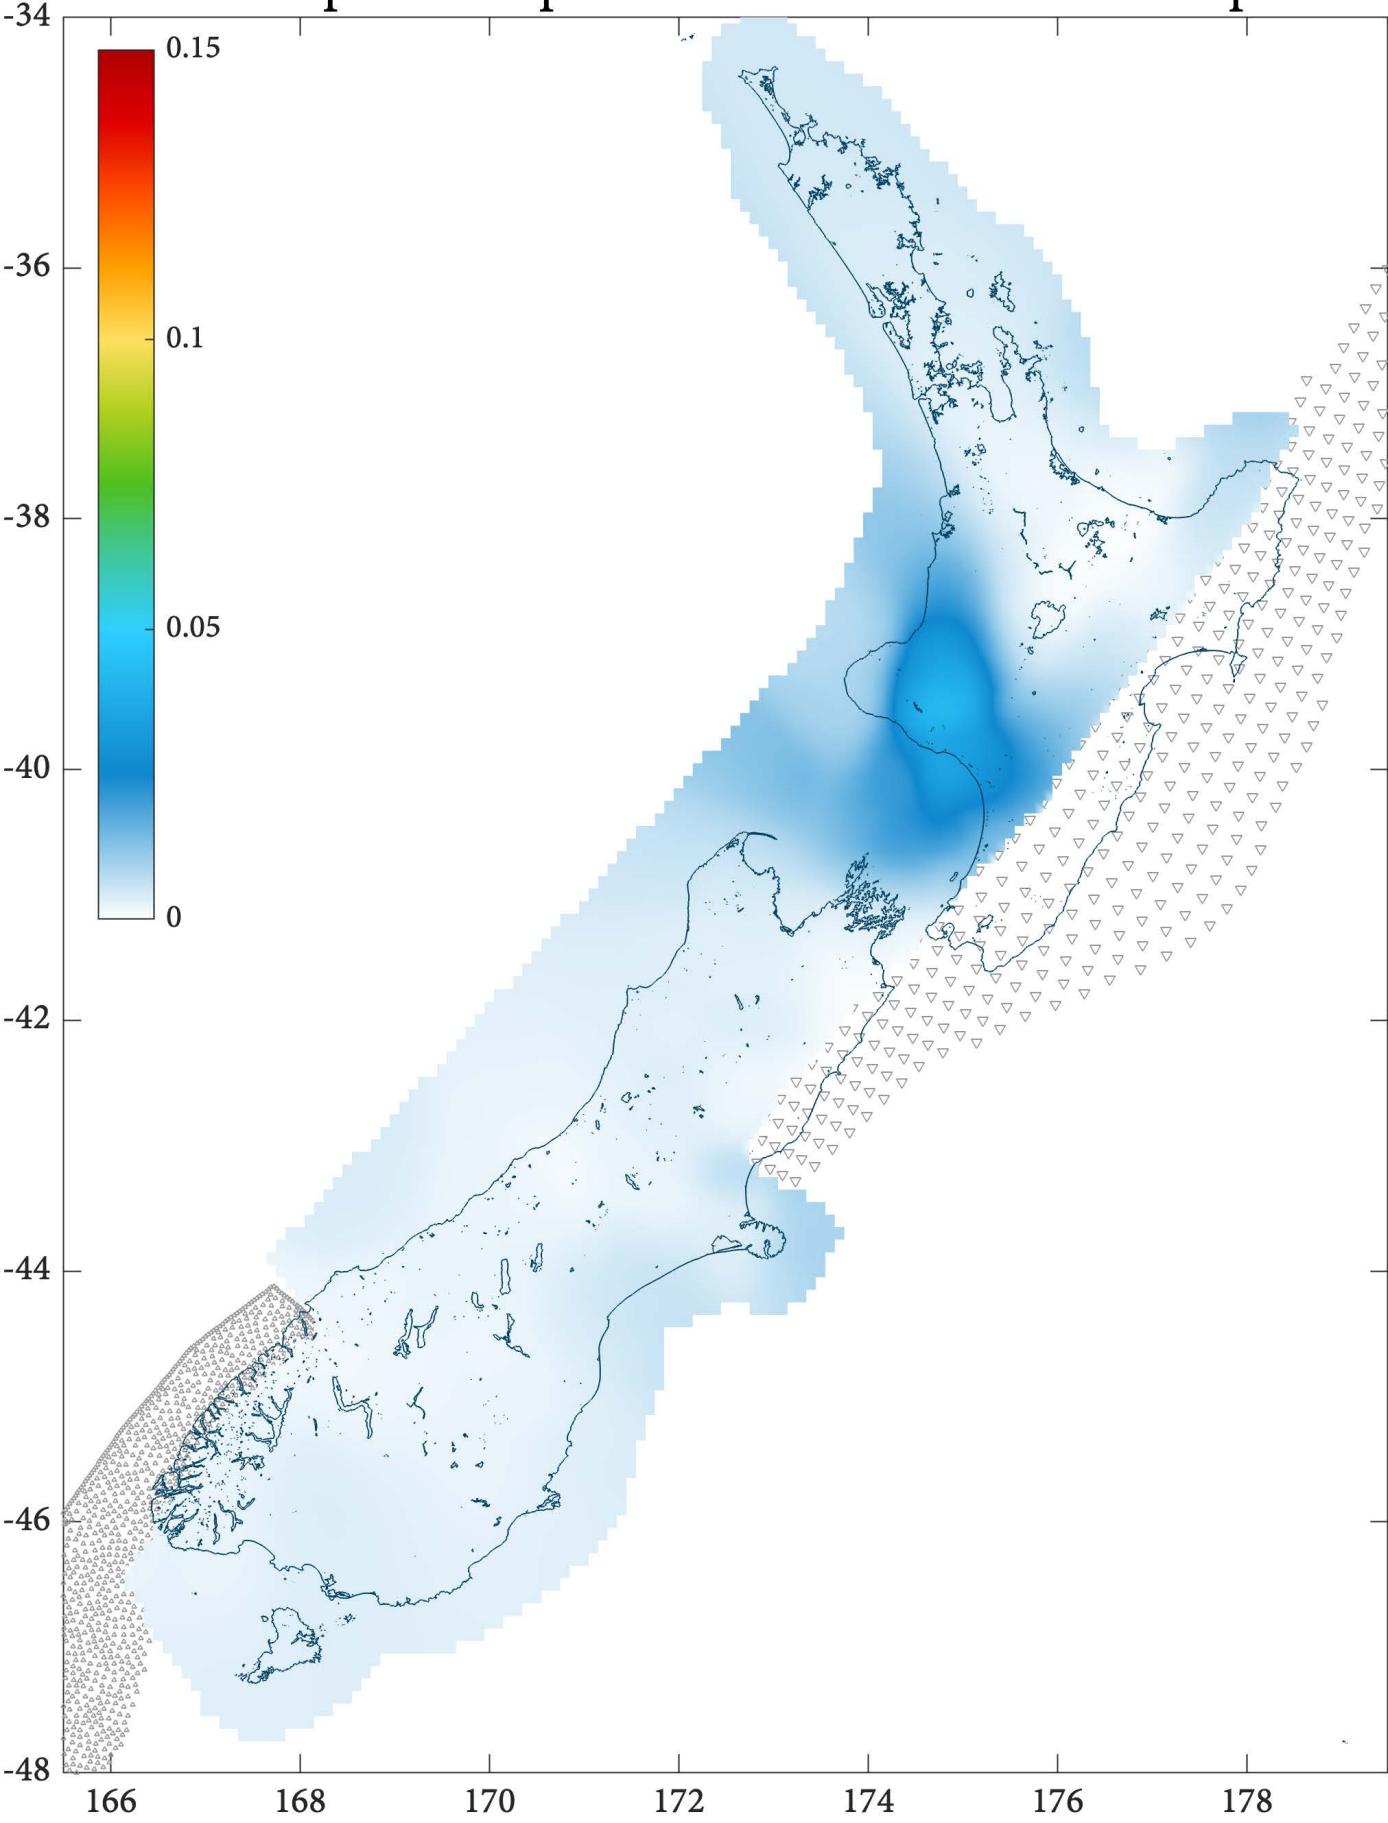

Depth density of upper-plate EQ near each cell, 1964-2020

500 temporal samples: wtd. median at 24.5 km depth

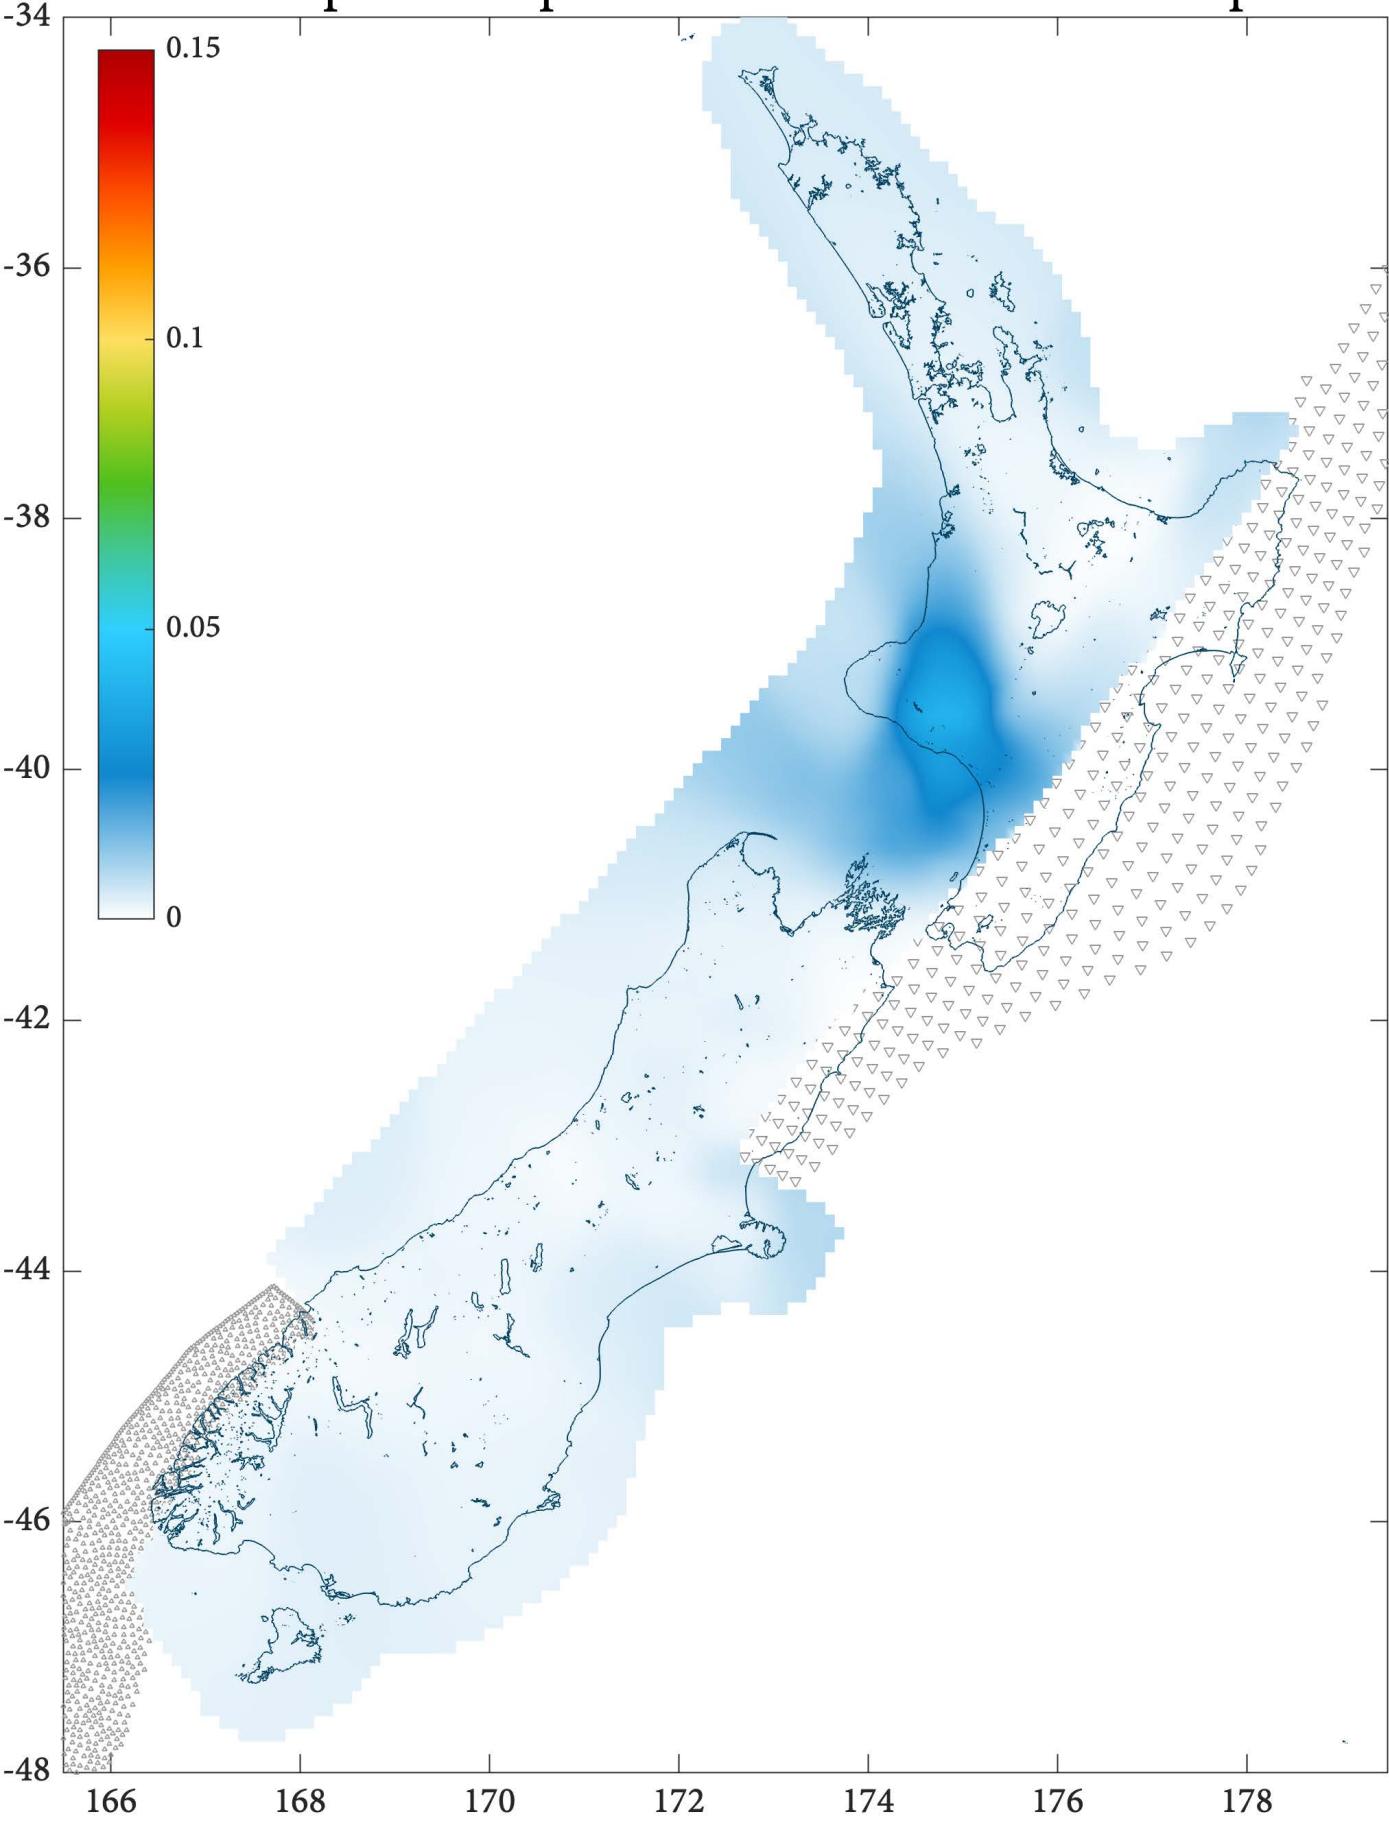

Depth density of upper-plate EQ near each cell, 1964-2020

500 temporal samples: wtd. median at 25.5 km depth

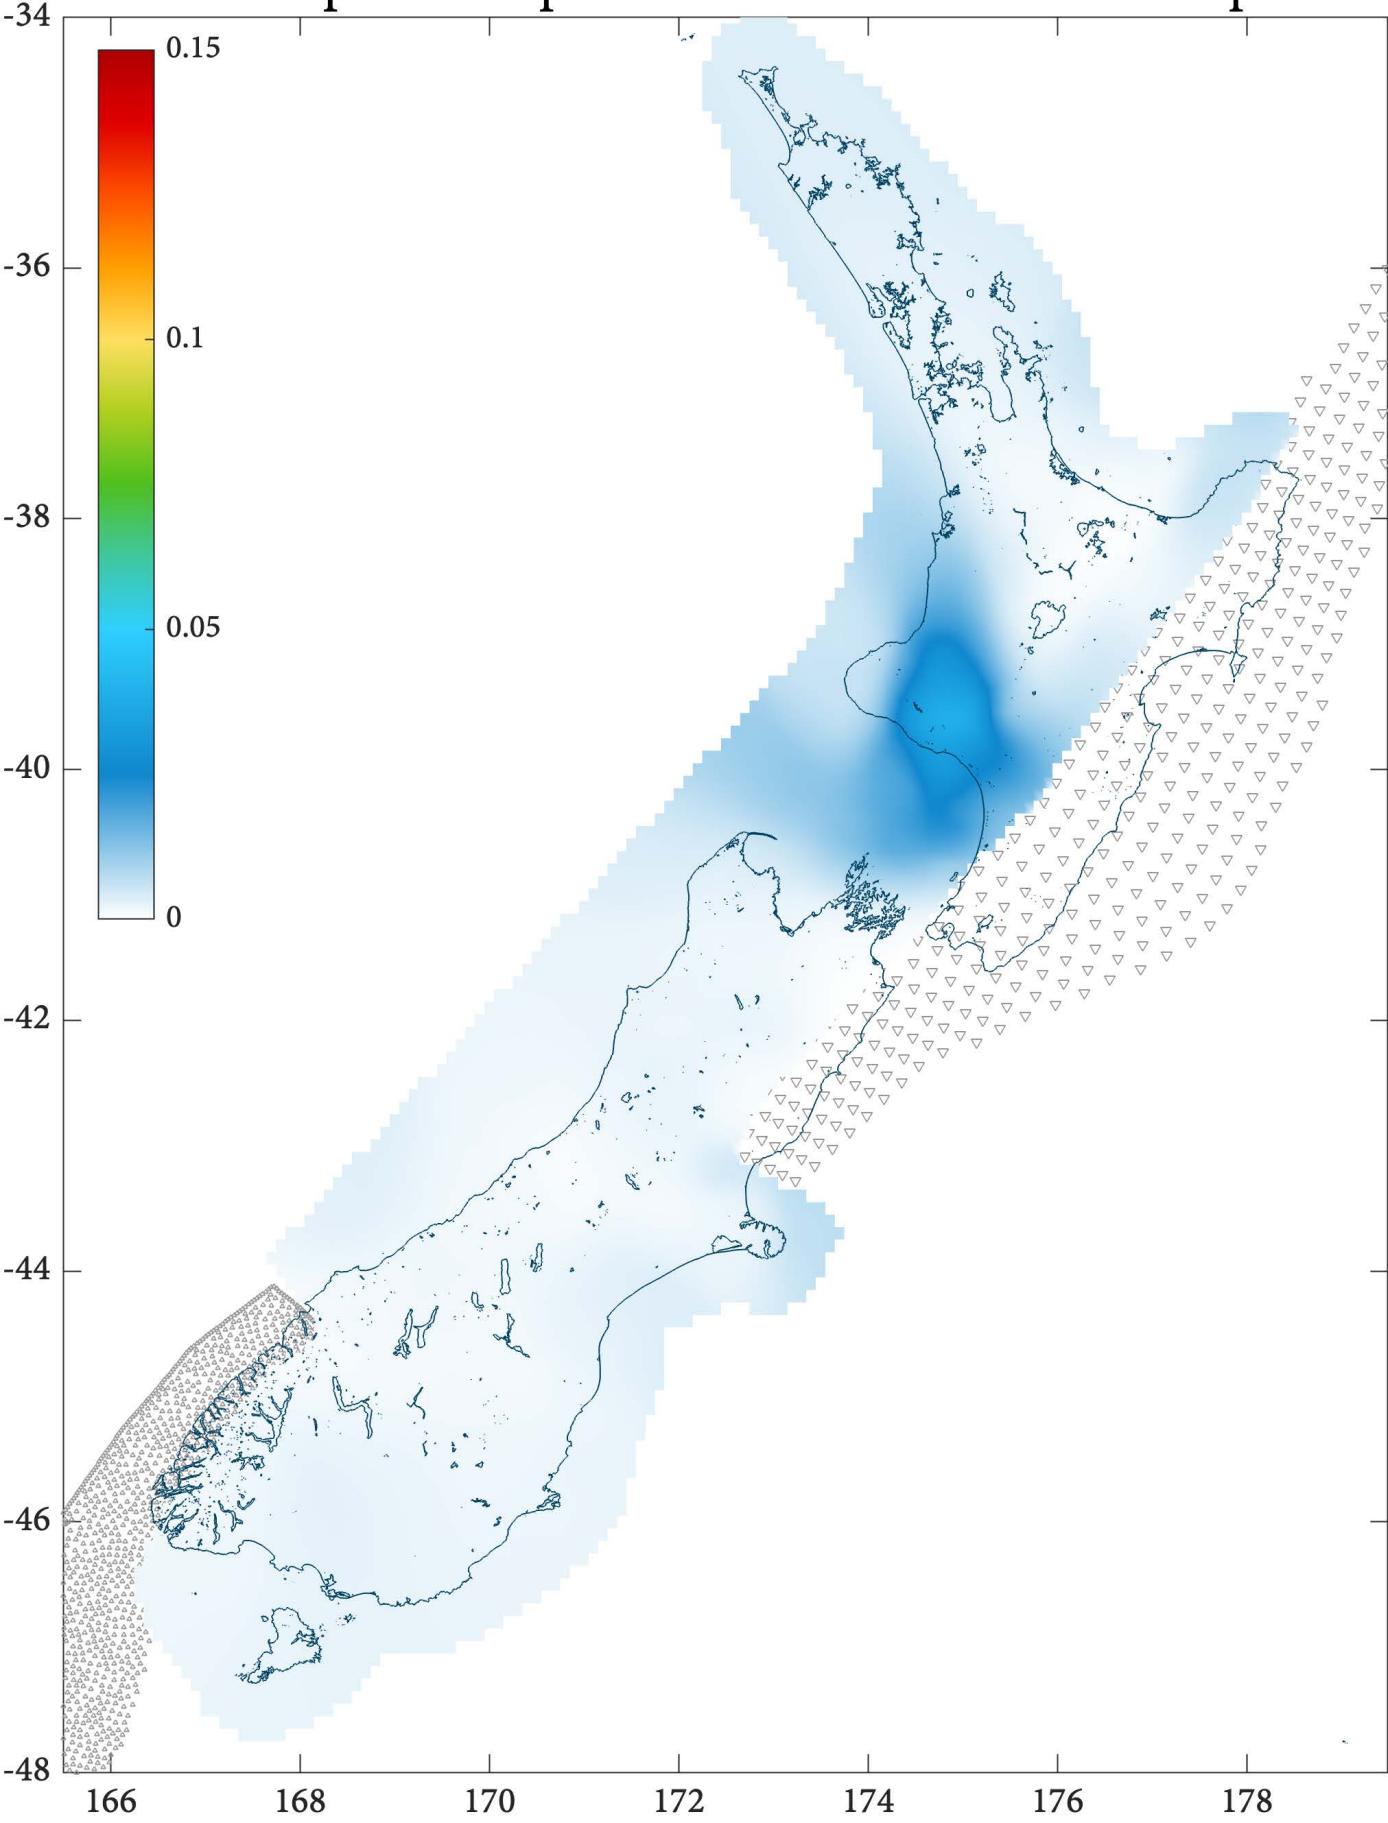

Depth density of upper-plate EQ near each cell, 1964-2020

500 temporal samples: wtd. median at 26.5 km depth

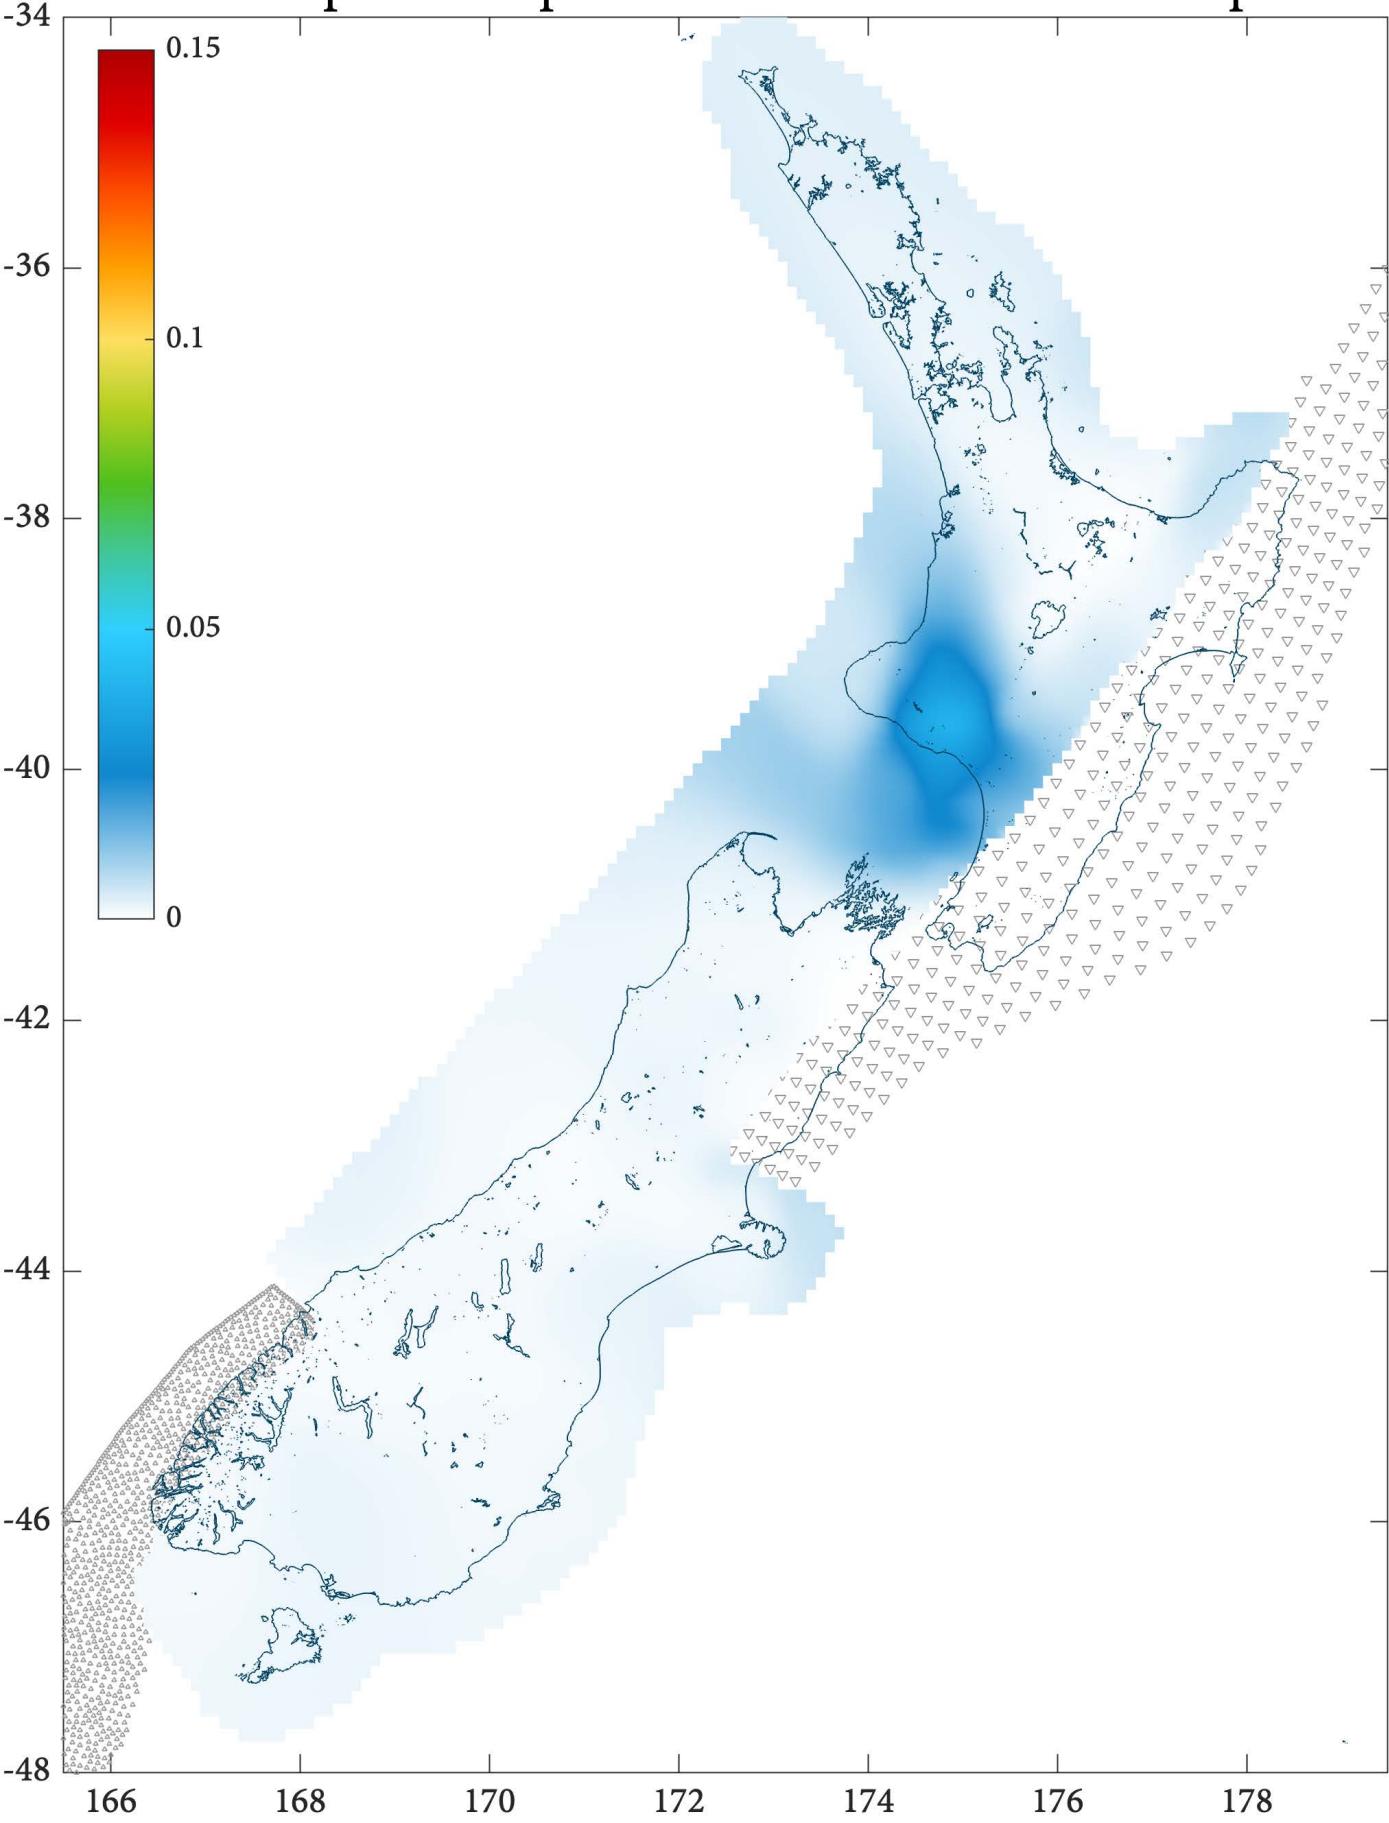

Depth density of upper-plate EQ near each cell, 1964-2020

500 temporal samples: wtd. median at 27.5 km depth

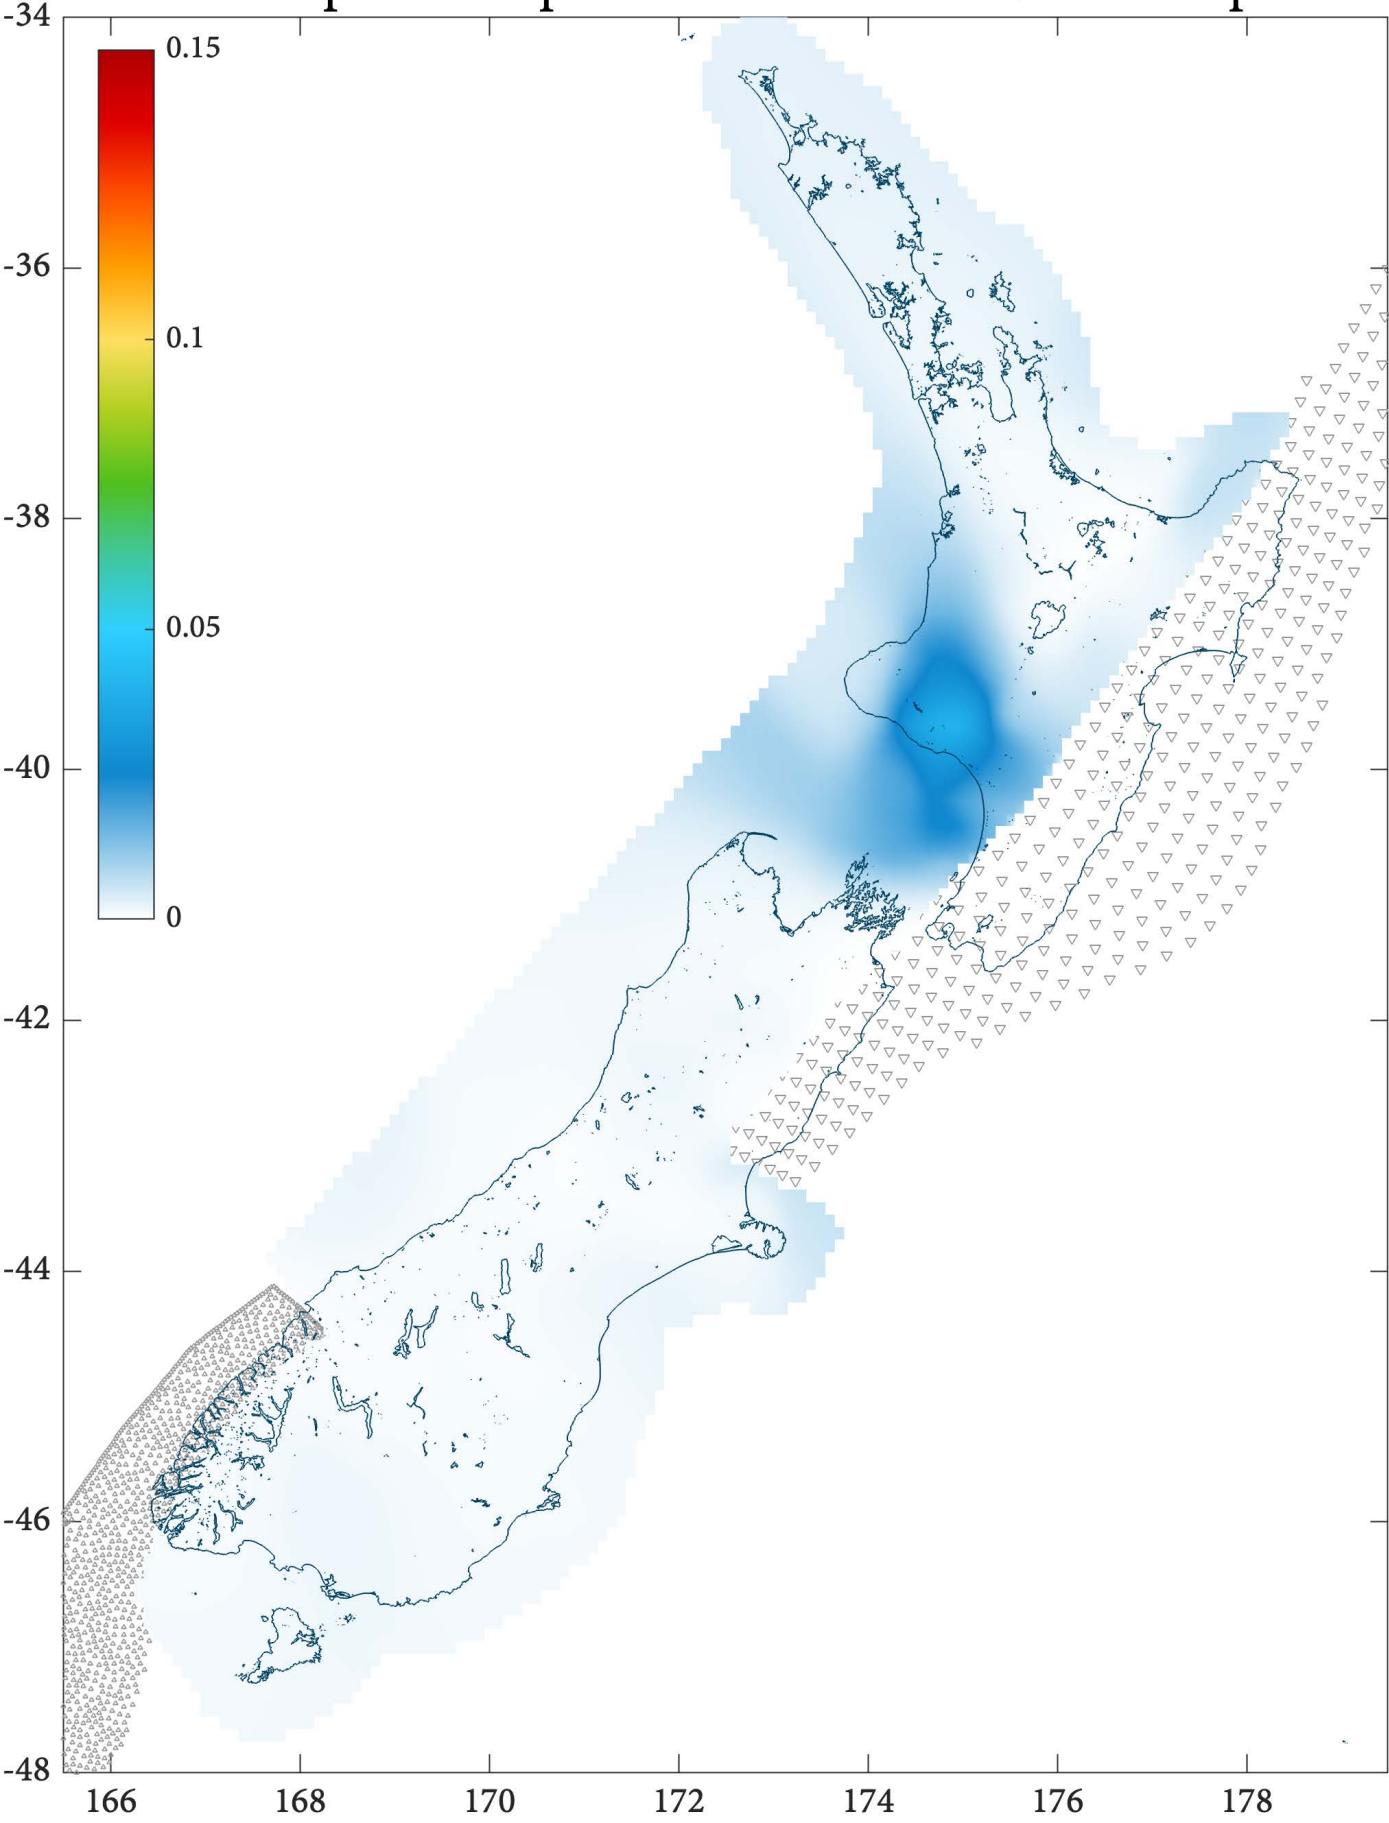

Depth density of upper-plate EQ near each cell, 1964-2020

500 temporal samples: wtd. median at 28.5 km depth

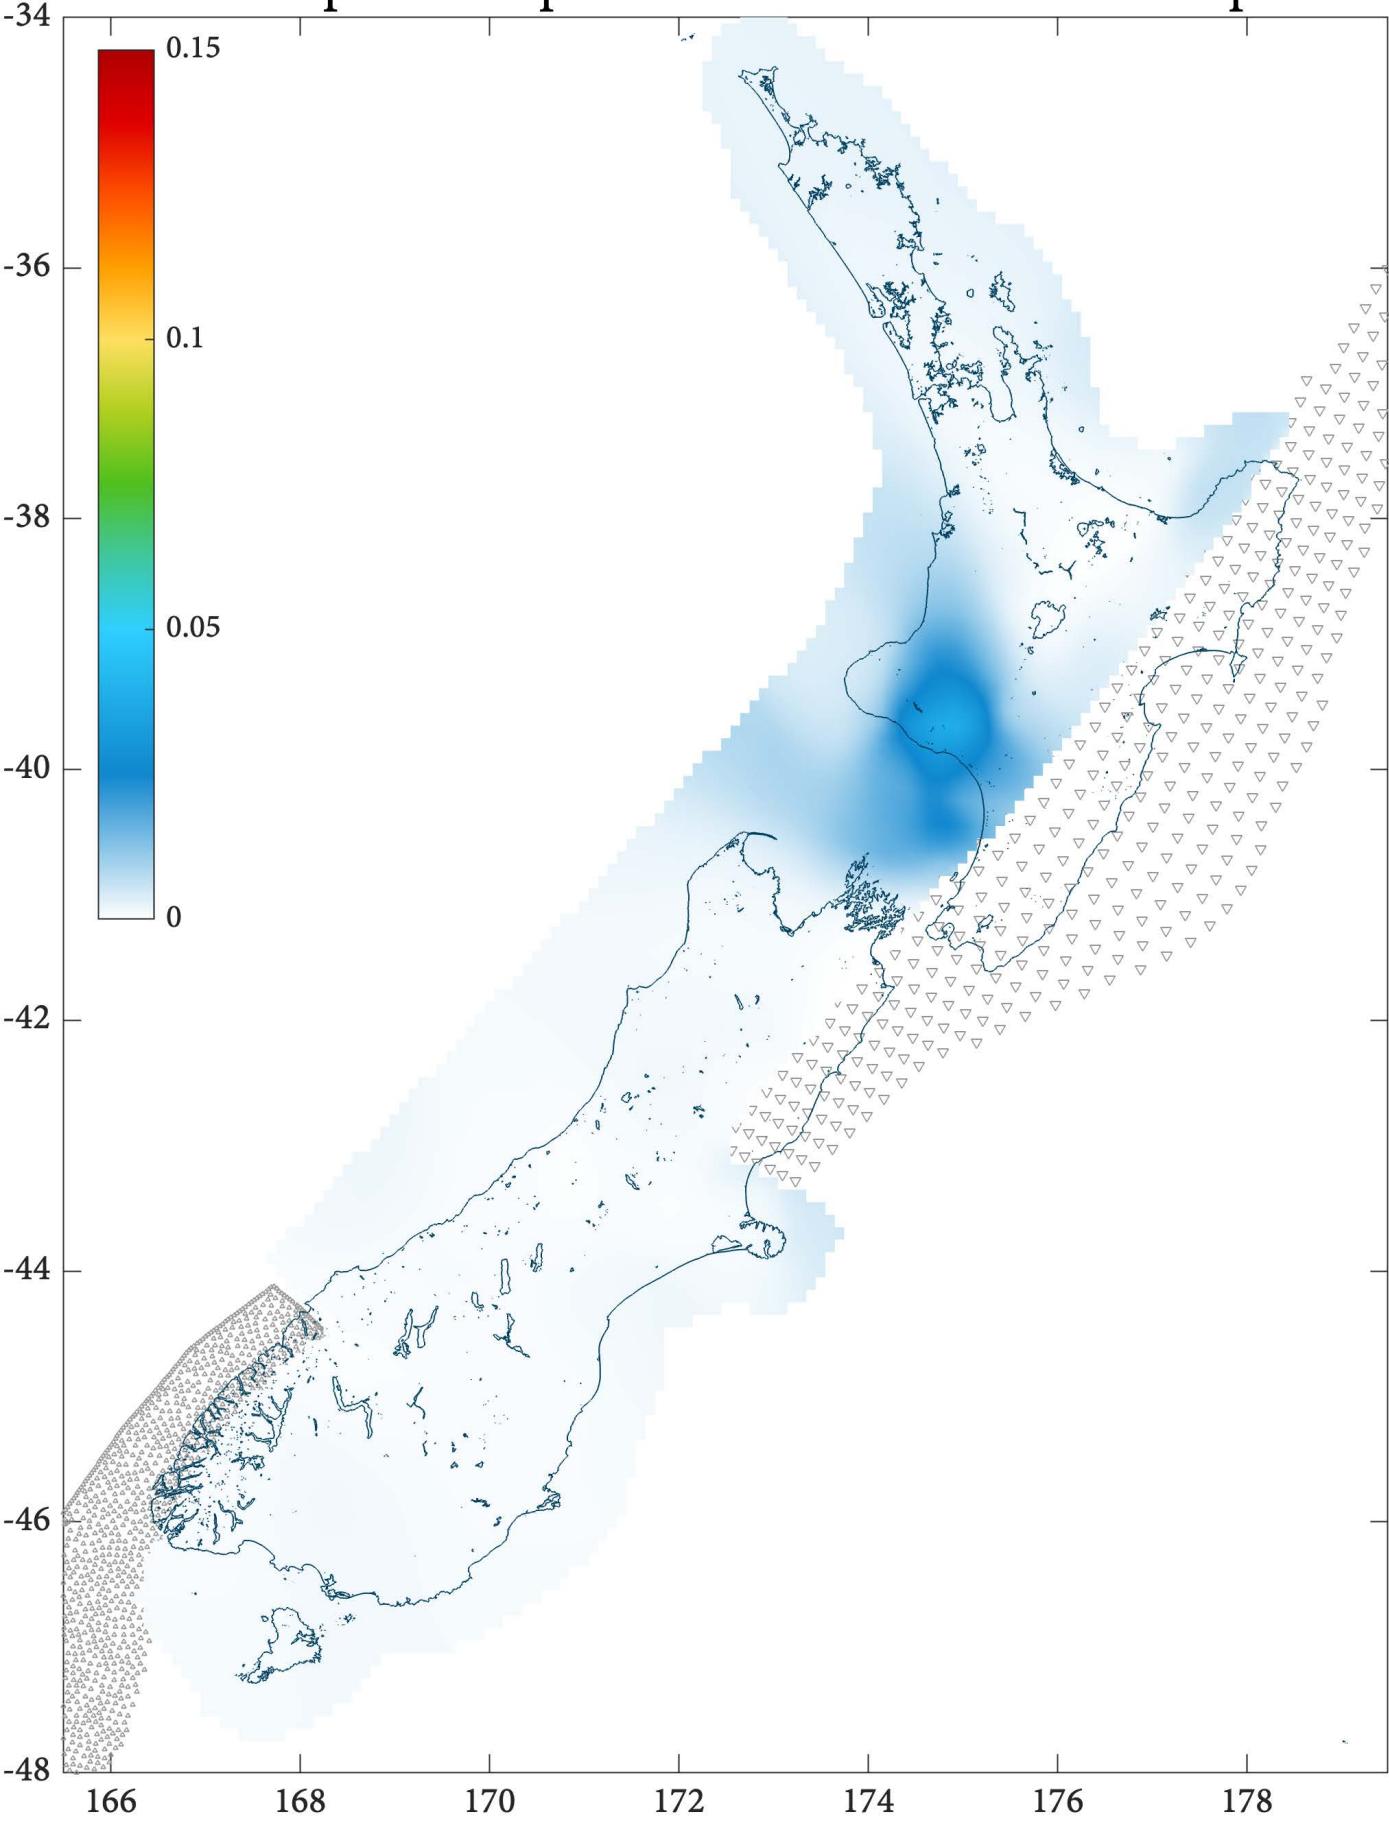

Depth density of upper-plate EQ near each cell, 1964-2020

500 temporal samples: wtd. median at 29.5 km depth

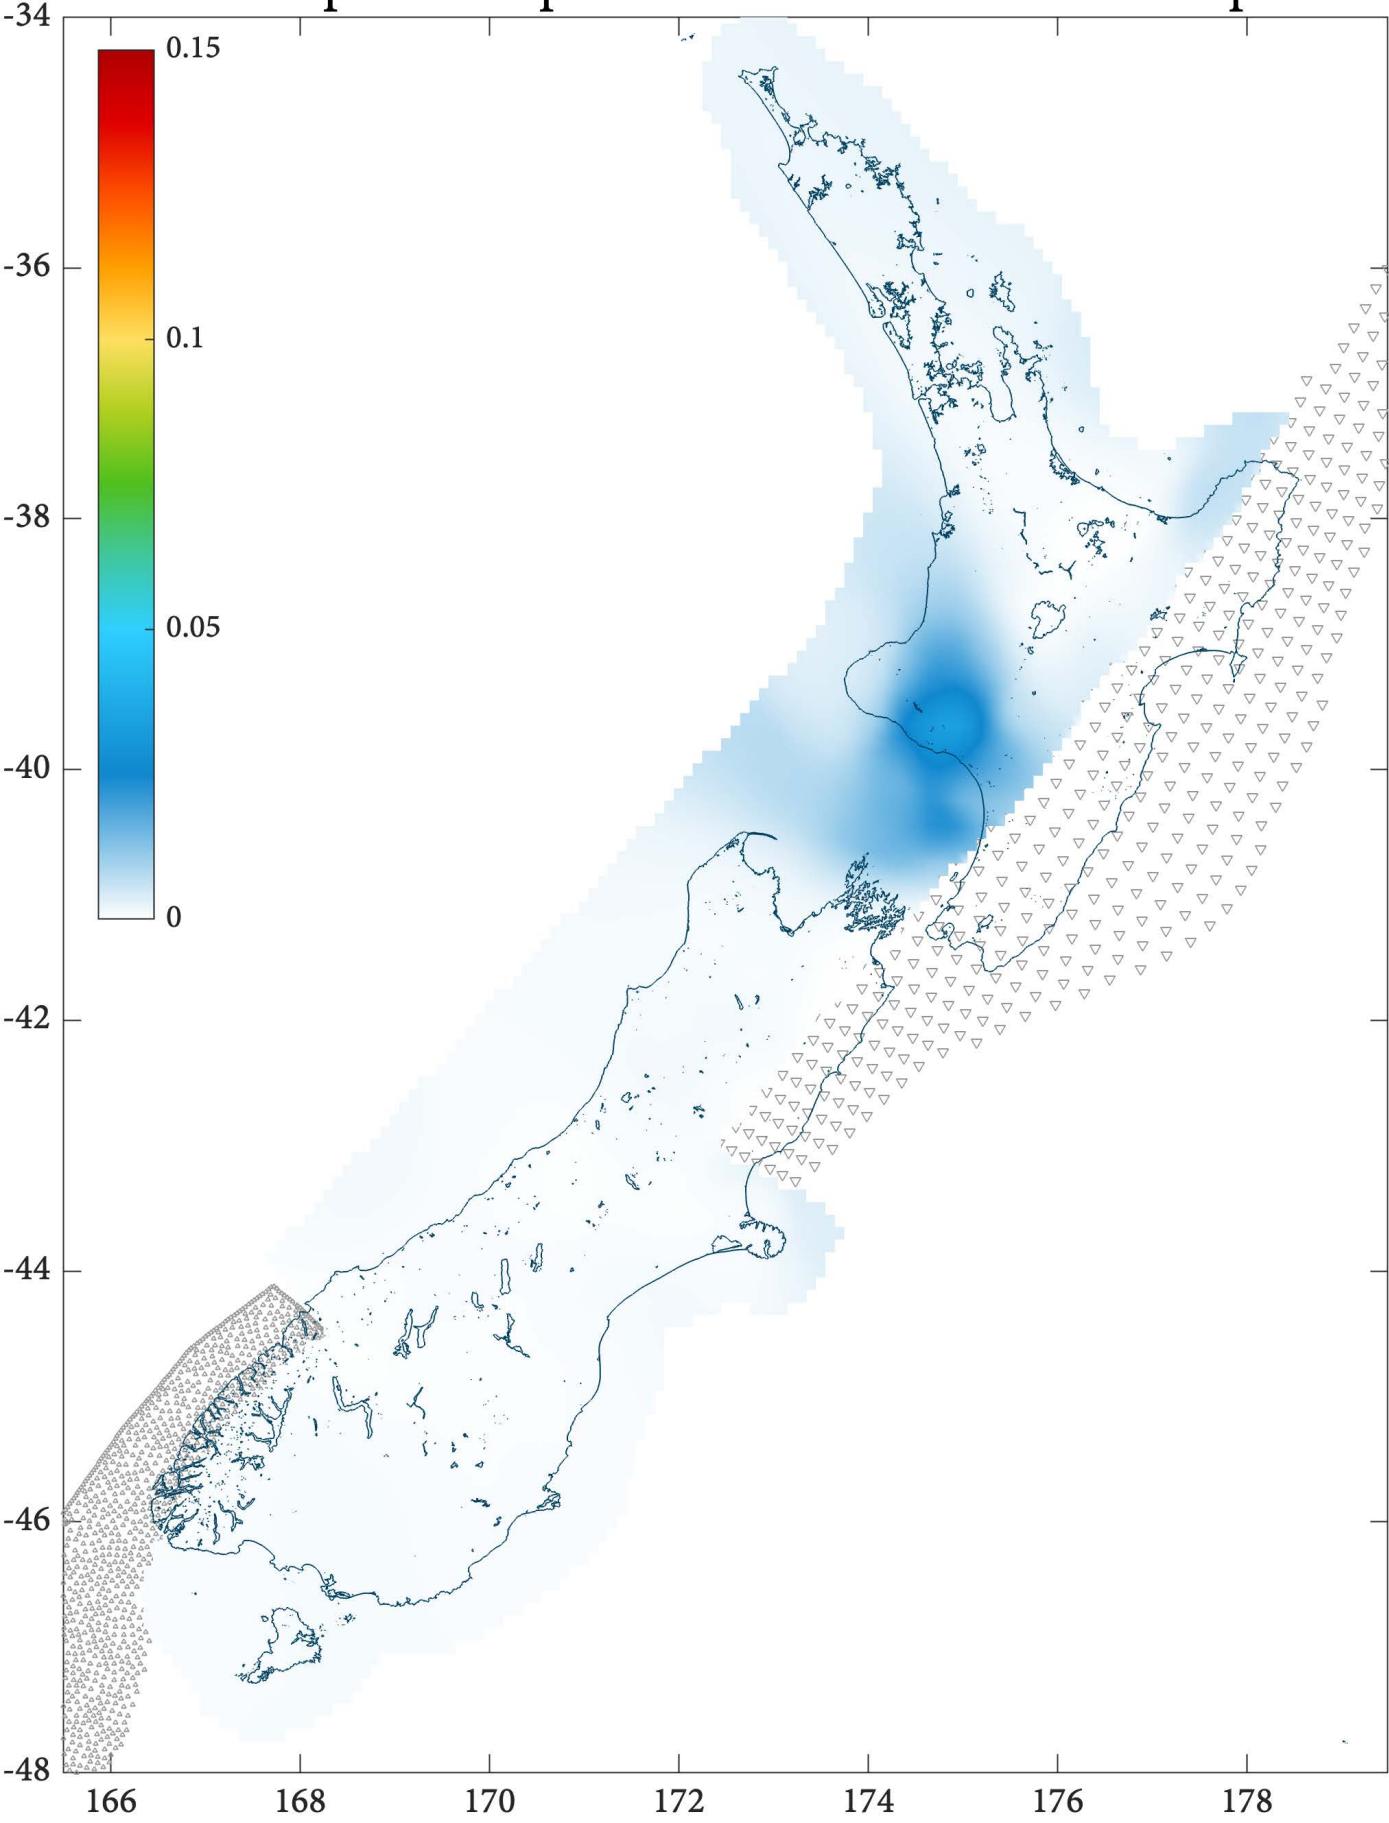

Depth density of upper-plate EQ near each cell, 1964-2020

500 temporal samples: wtd. median at 30.5 km depth

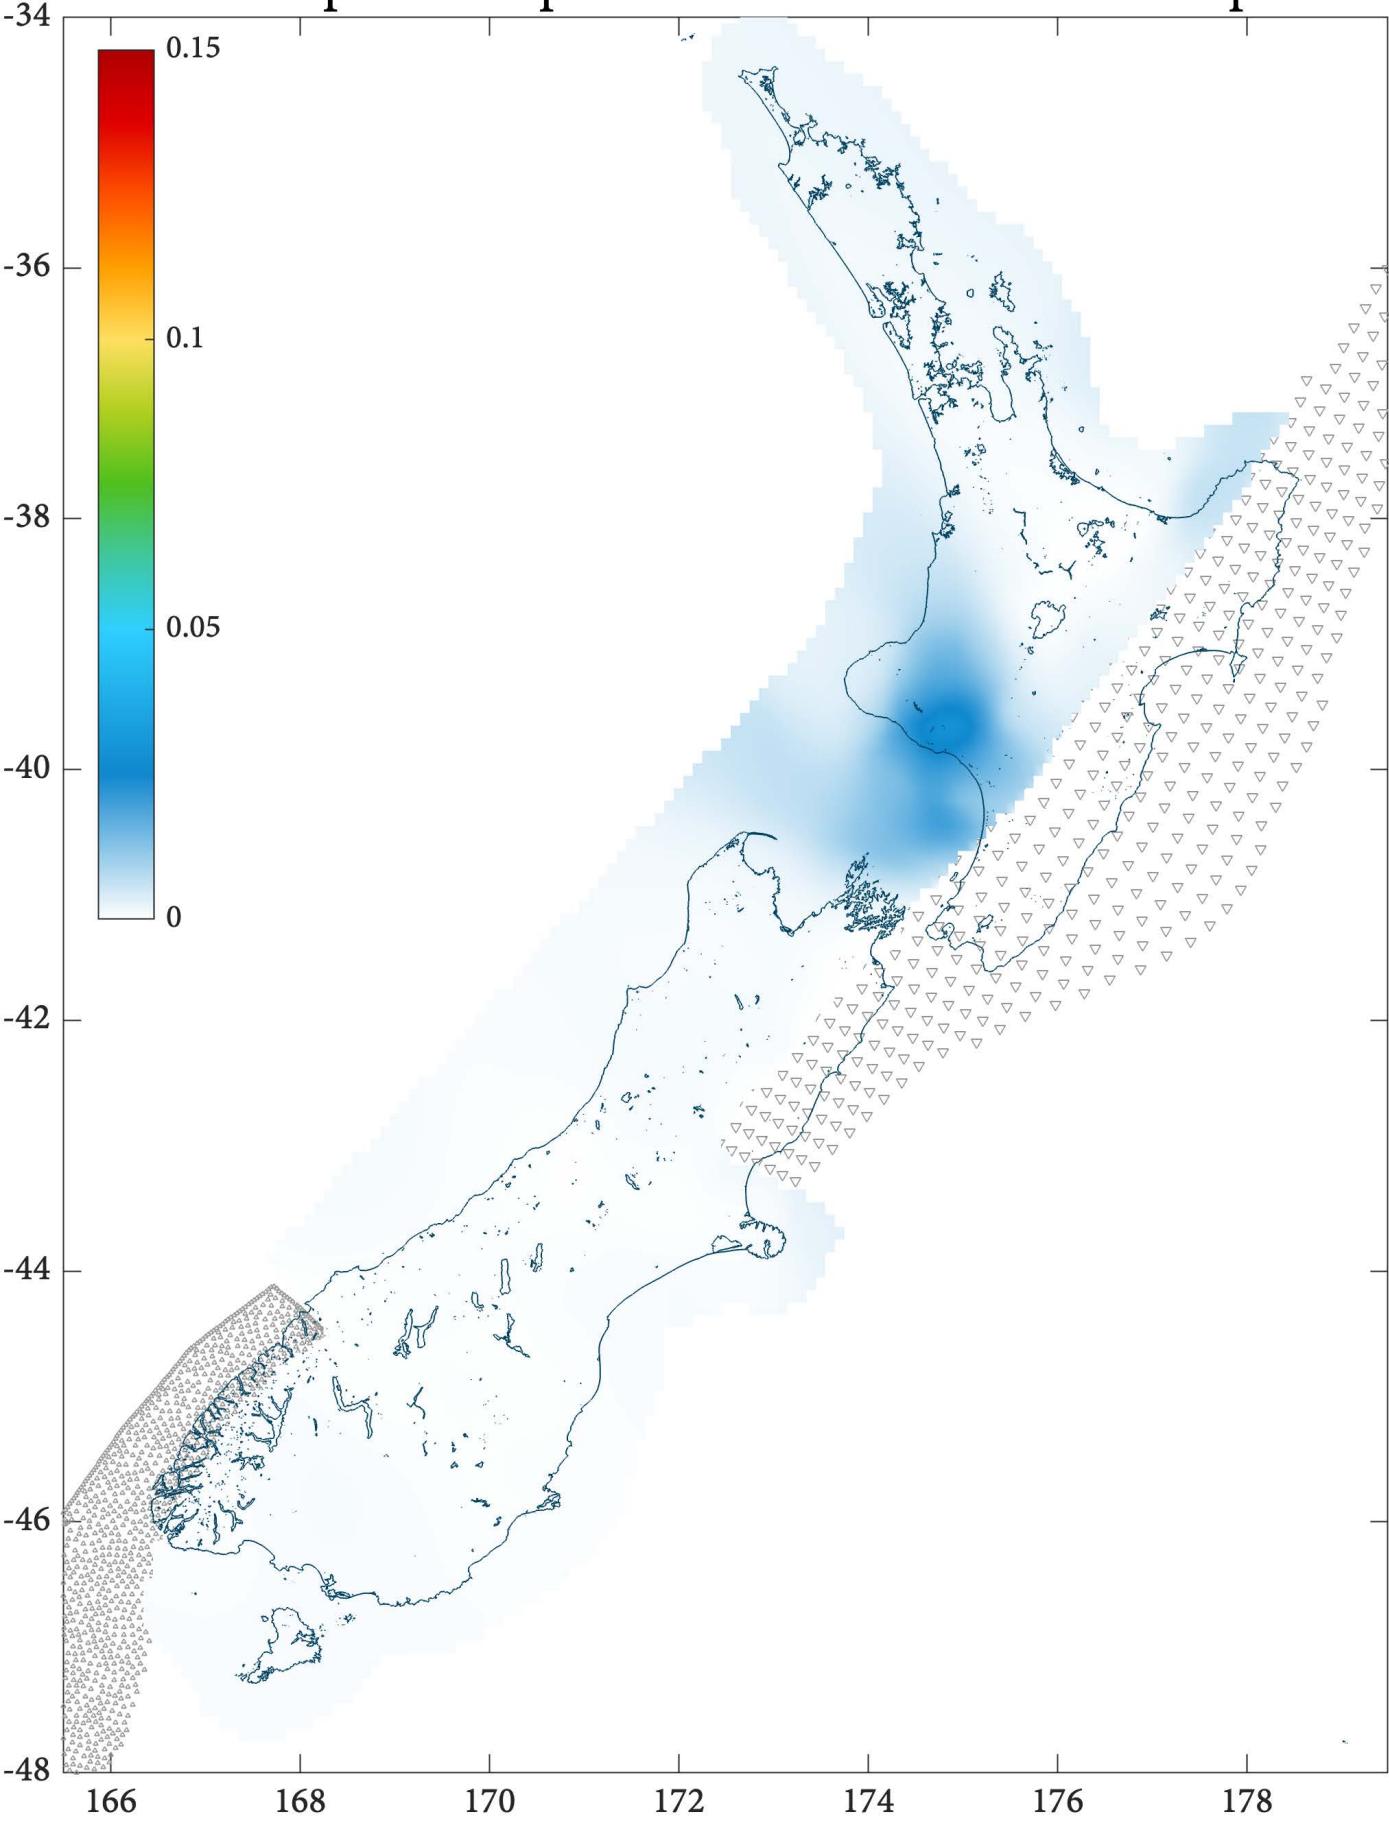

Depth density of upper-plate EQ near each cell, 1964-2020

500 temporal samples: wtd. median at 31.5 km depth

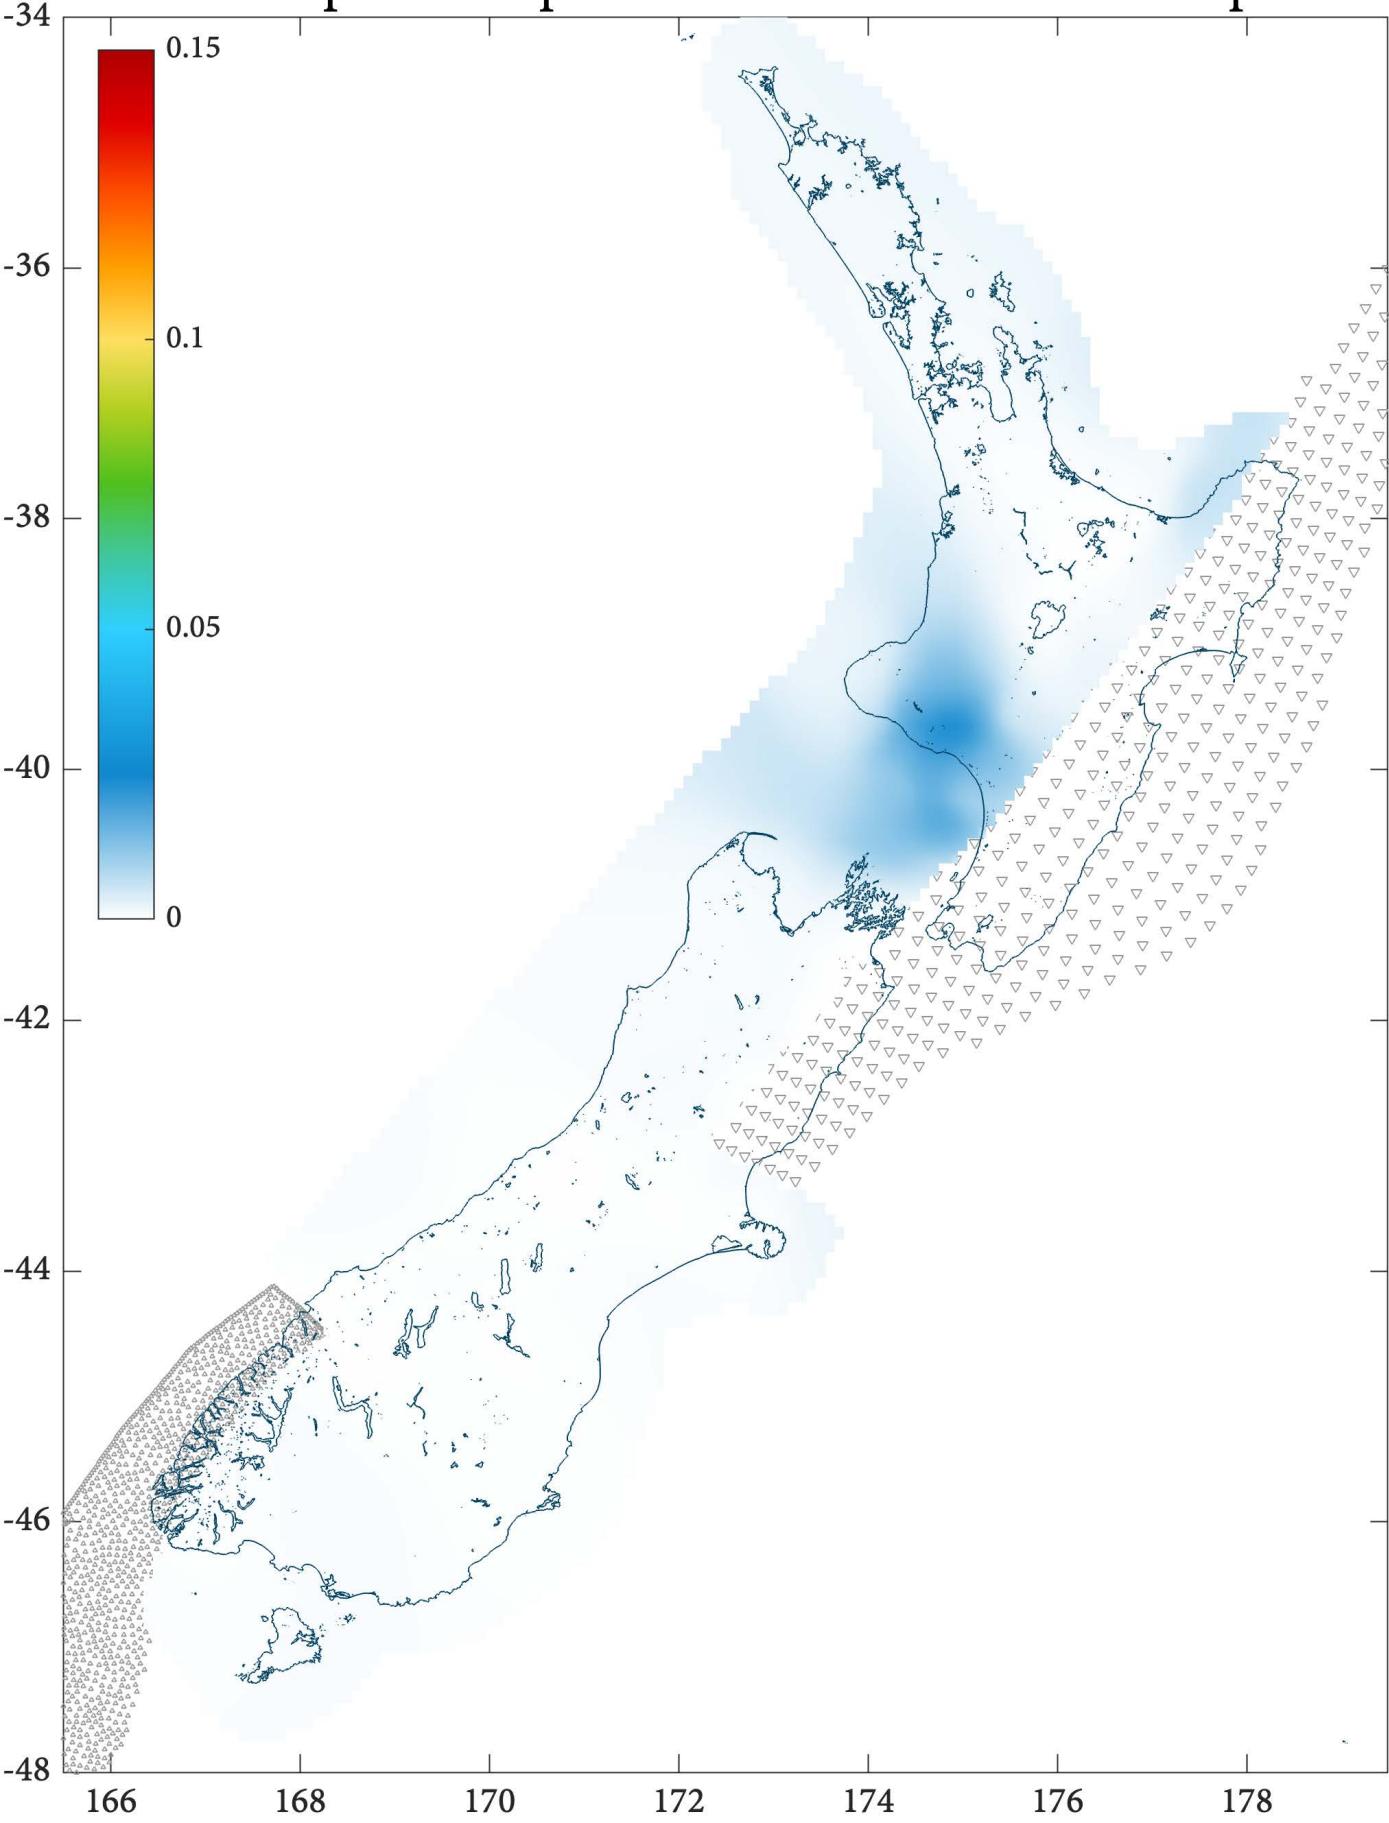

Depth density of upper-plate EQ near each cell, 1964-2020

500 temporal samples: wtd. median at 32.5 km depth

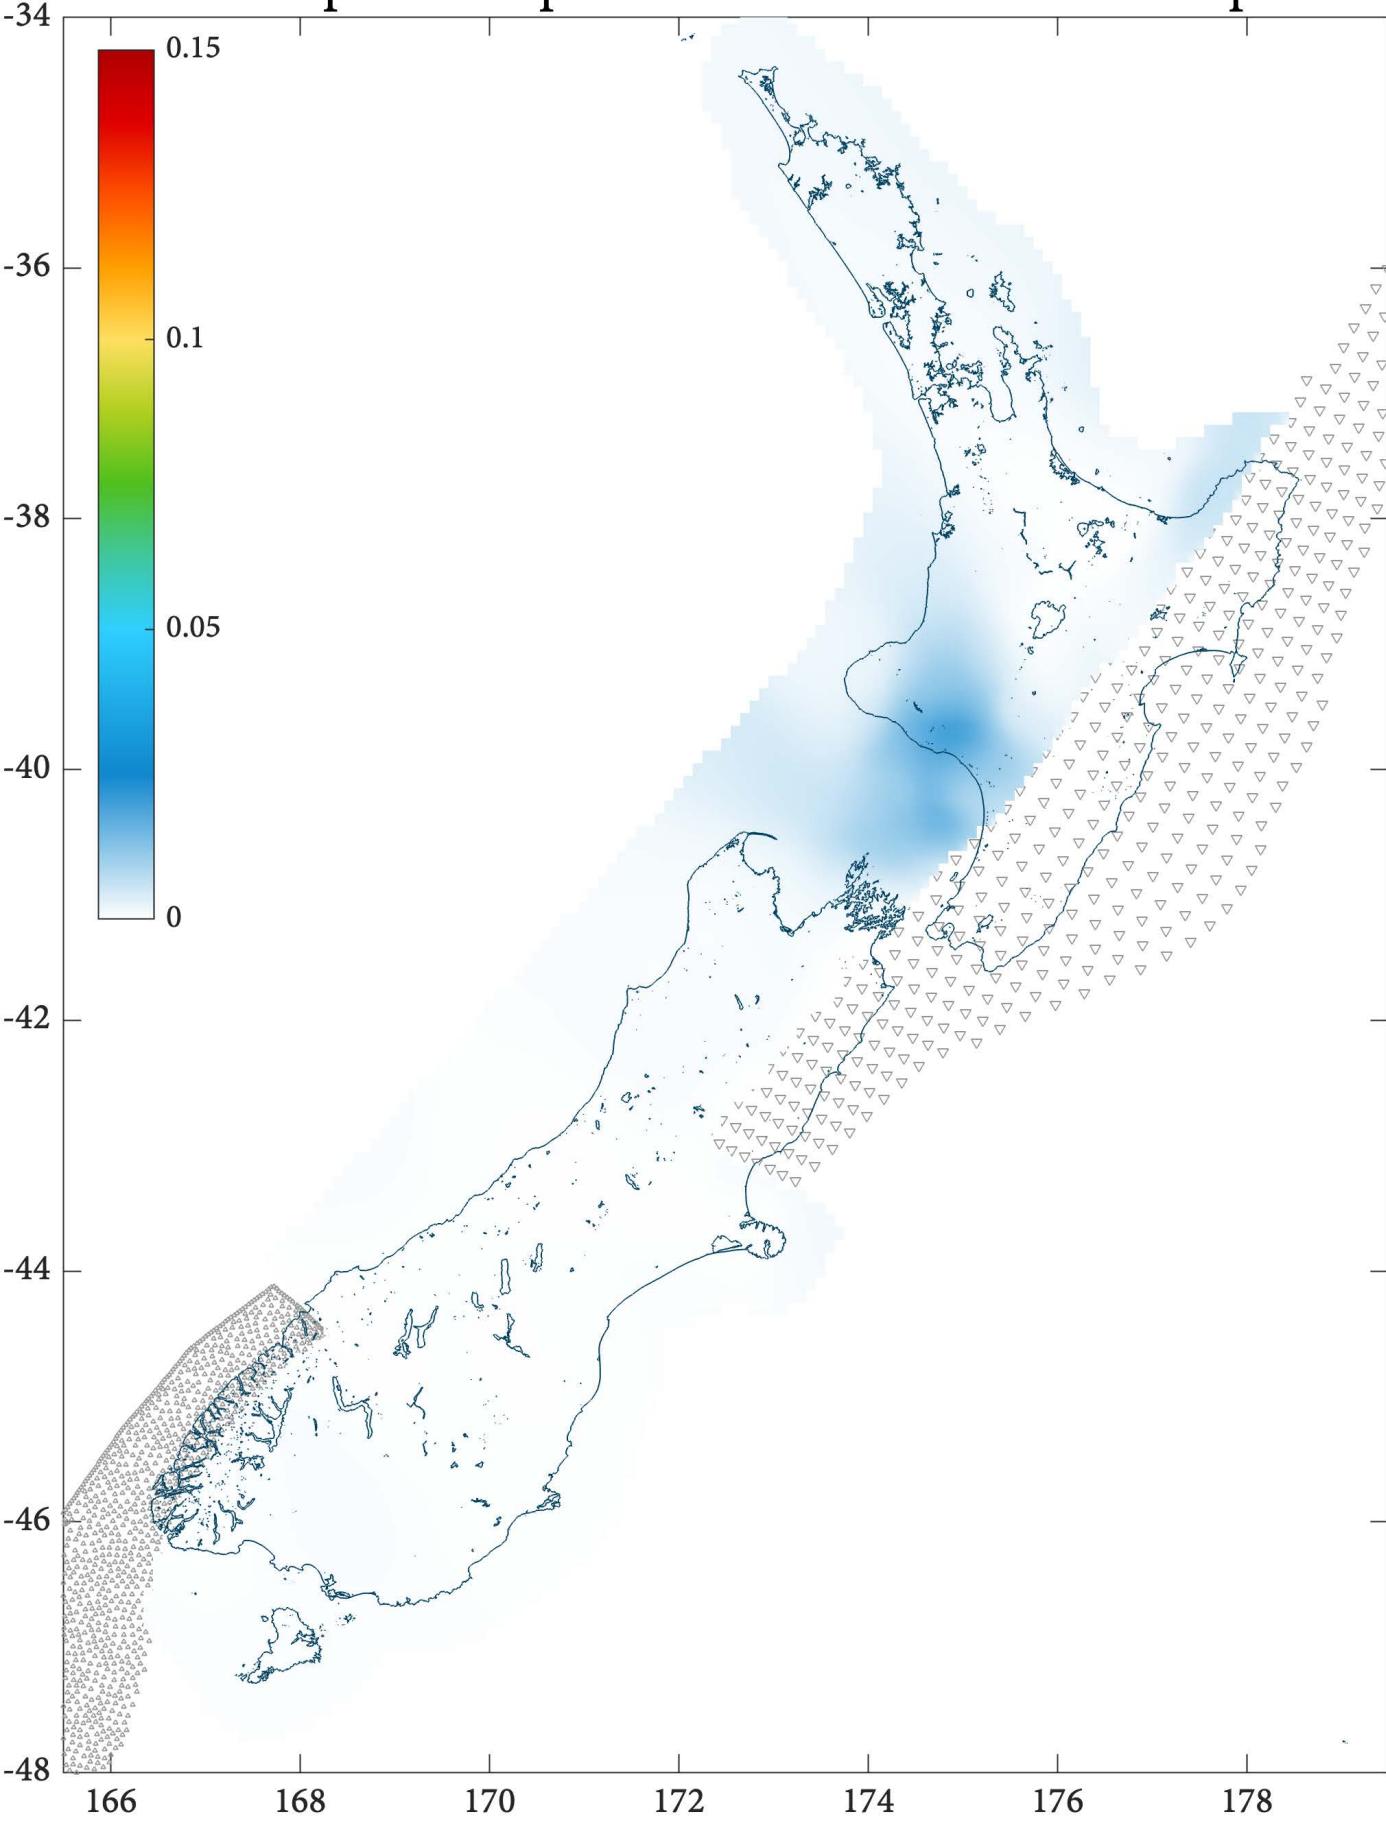

Depth density of upper-plate EQ near each cell, 1964-2020

500 temporal samples: wtd. median at 33.5 km depth

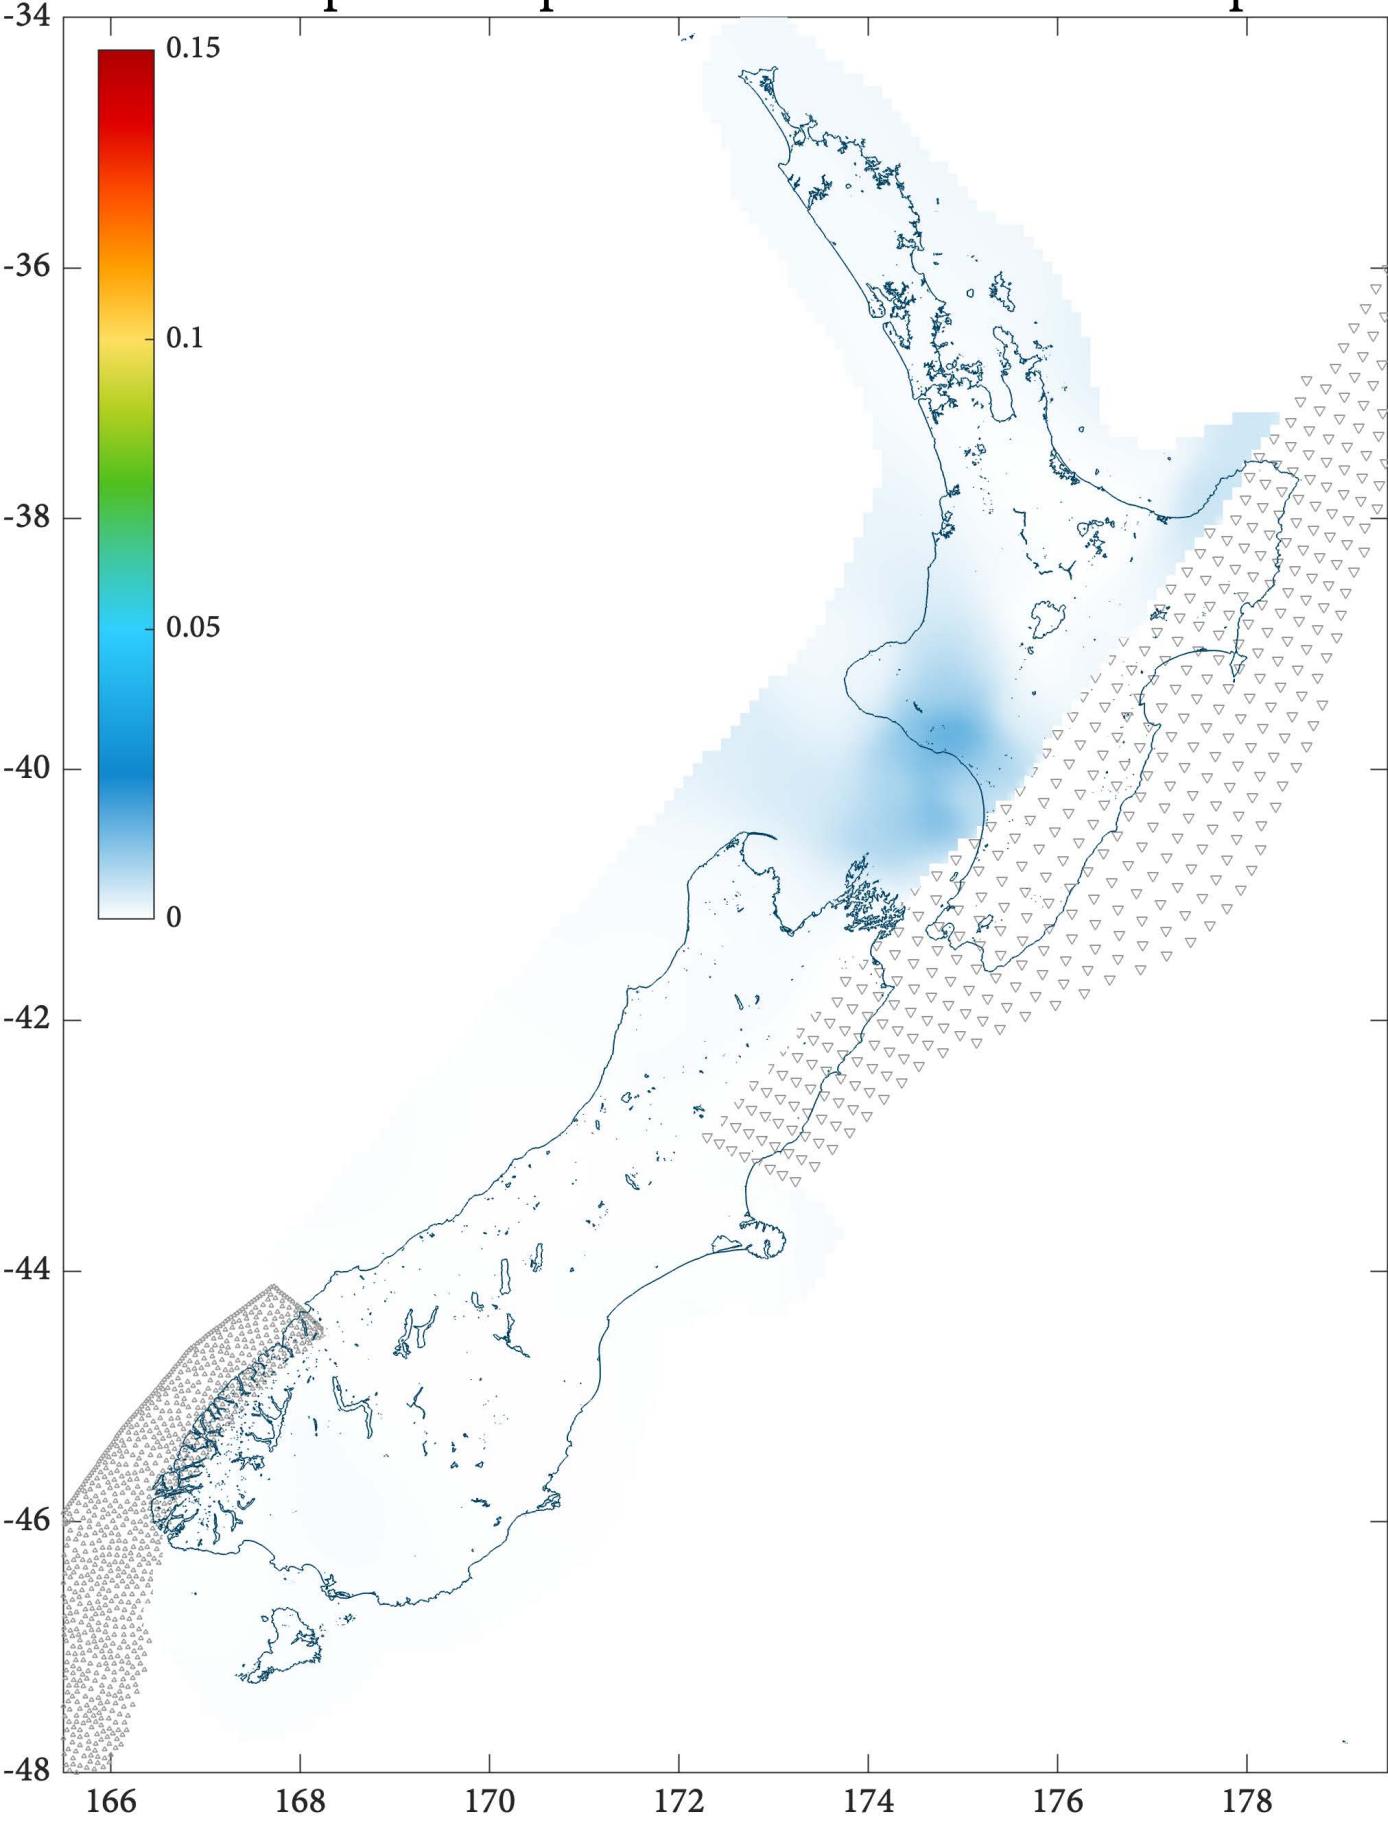

Depth density of upper-plate EQ near each cell, 1964-2020

500 temporal samples: wtd. median at 34.5 km depth

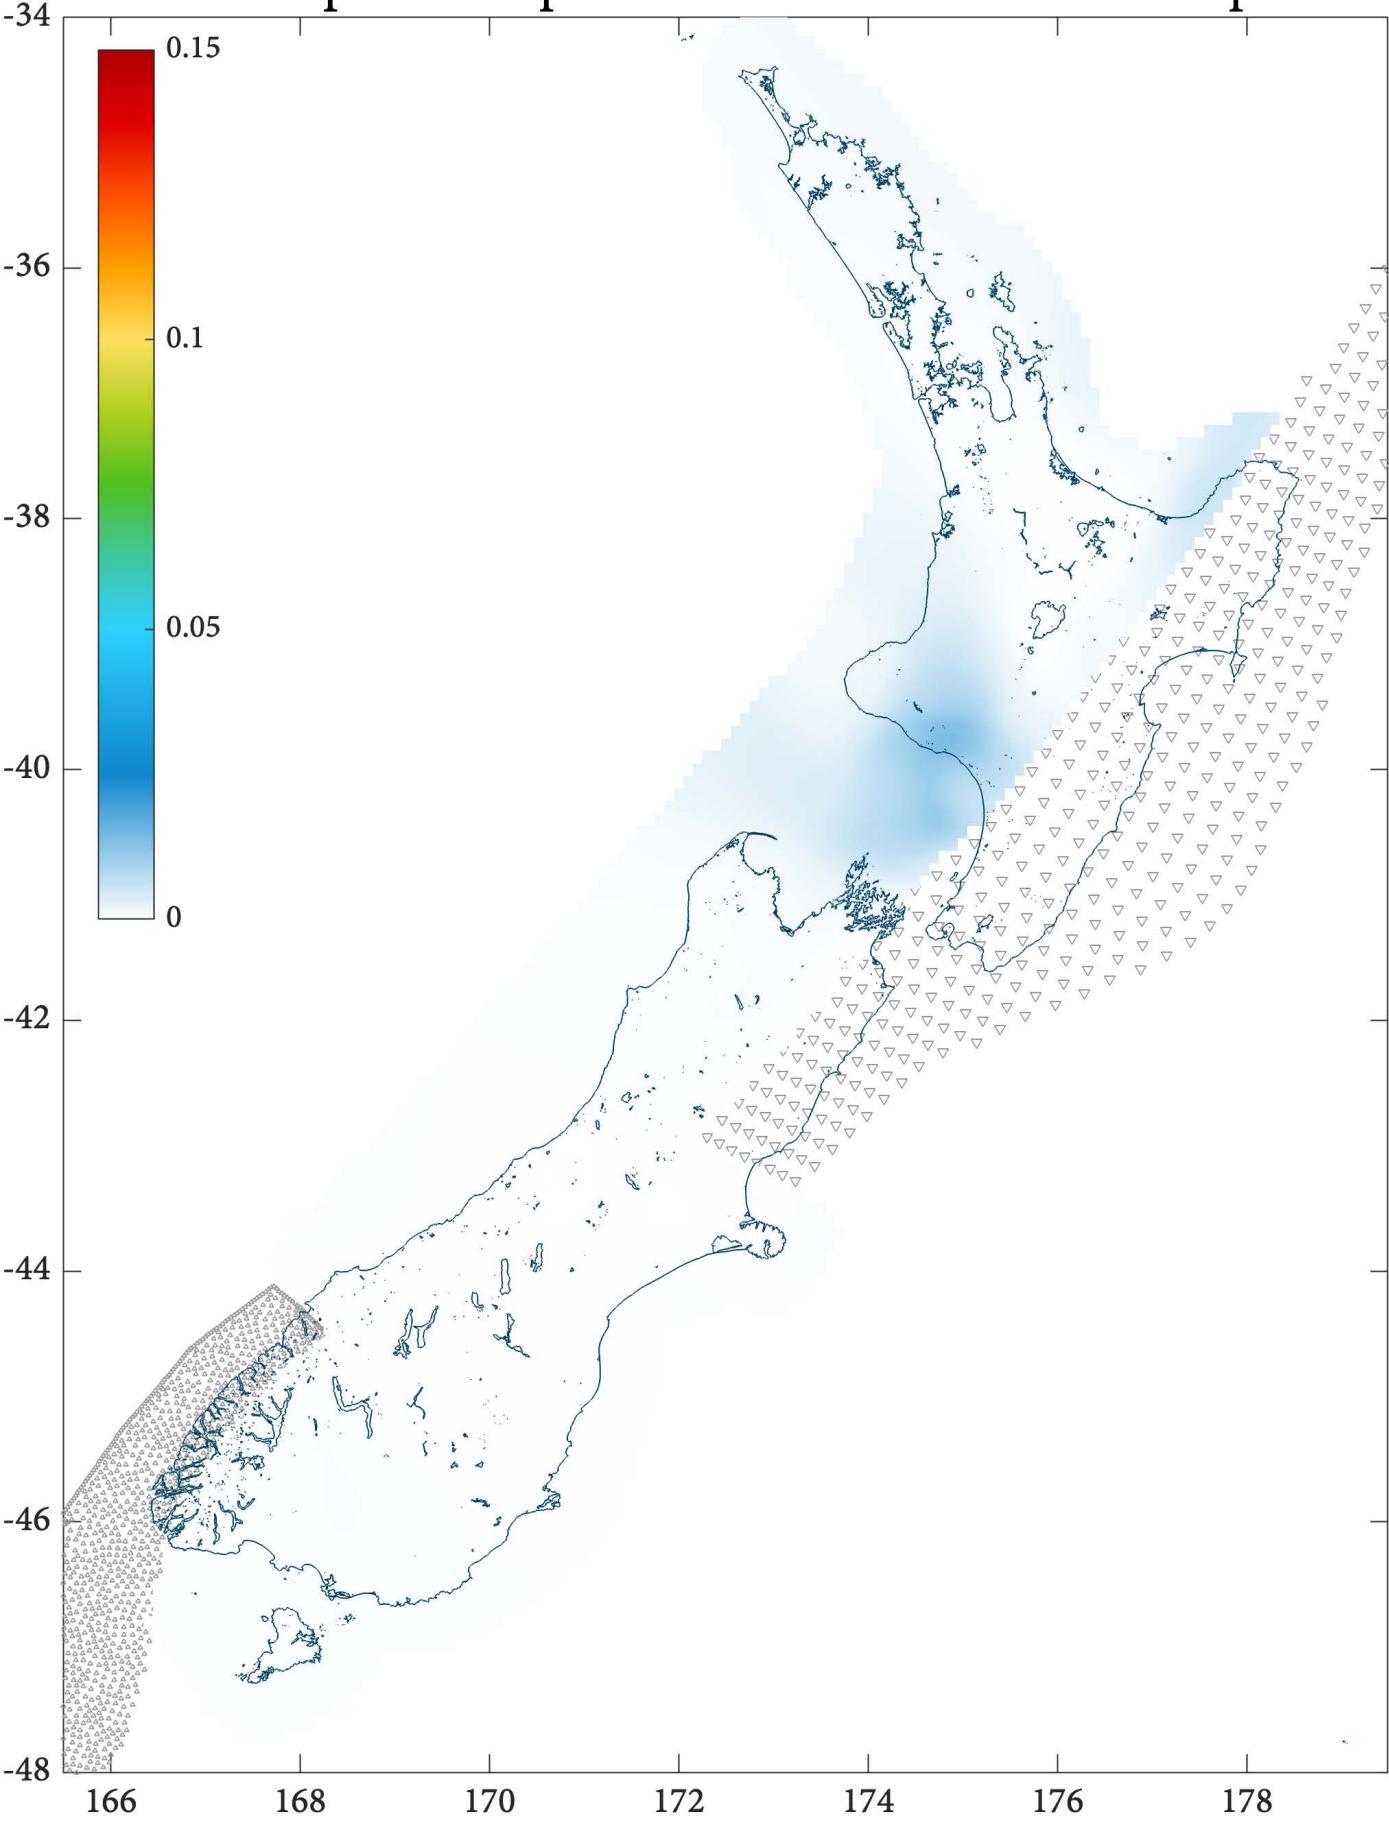

Depth density of upper-plate EQ near each cell, 1964-2020

500 temporal samples: wtd. median at 35.5 km depth

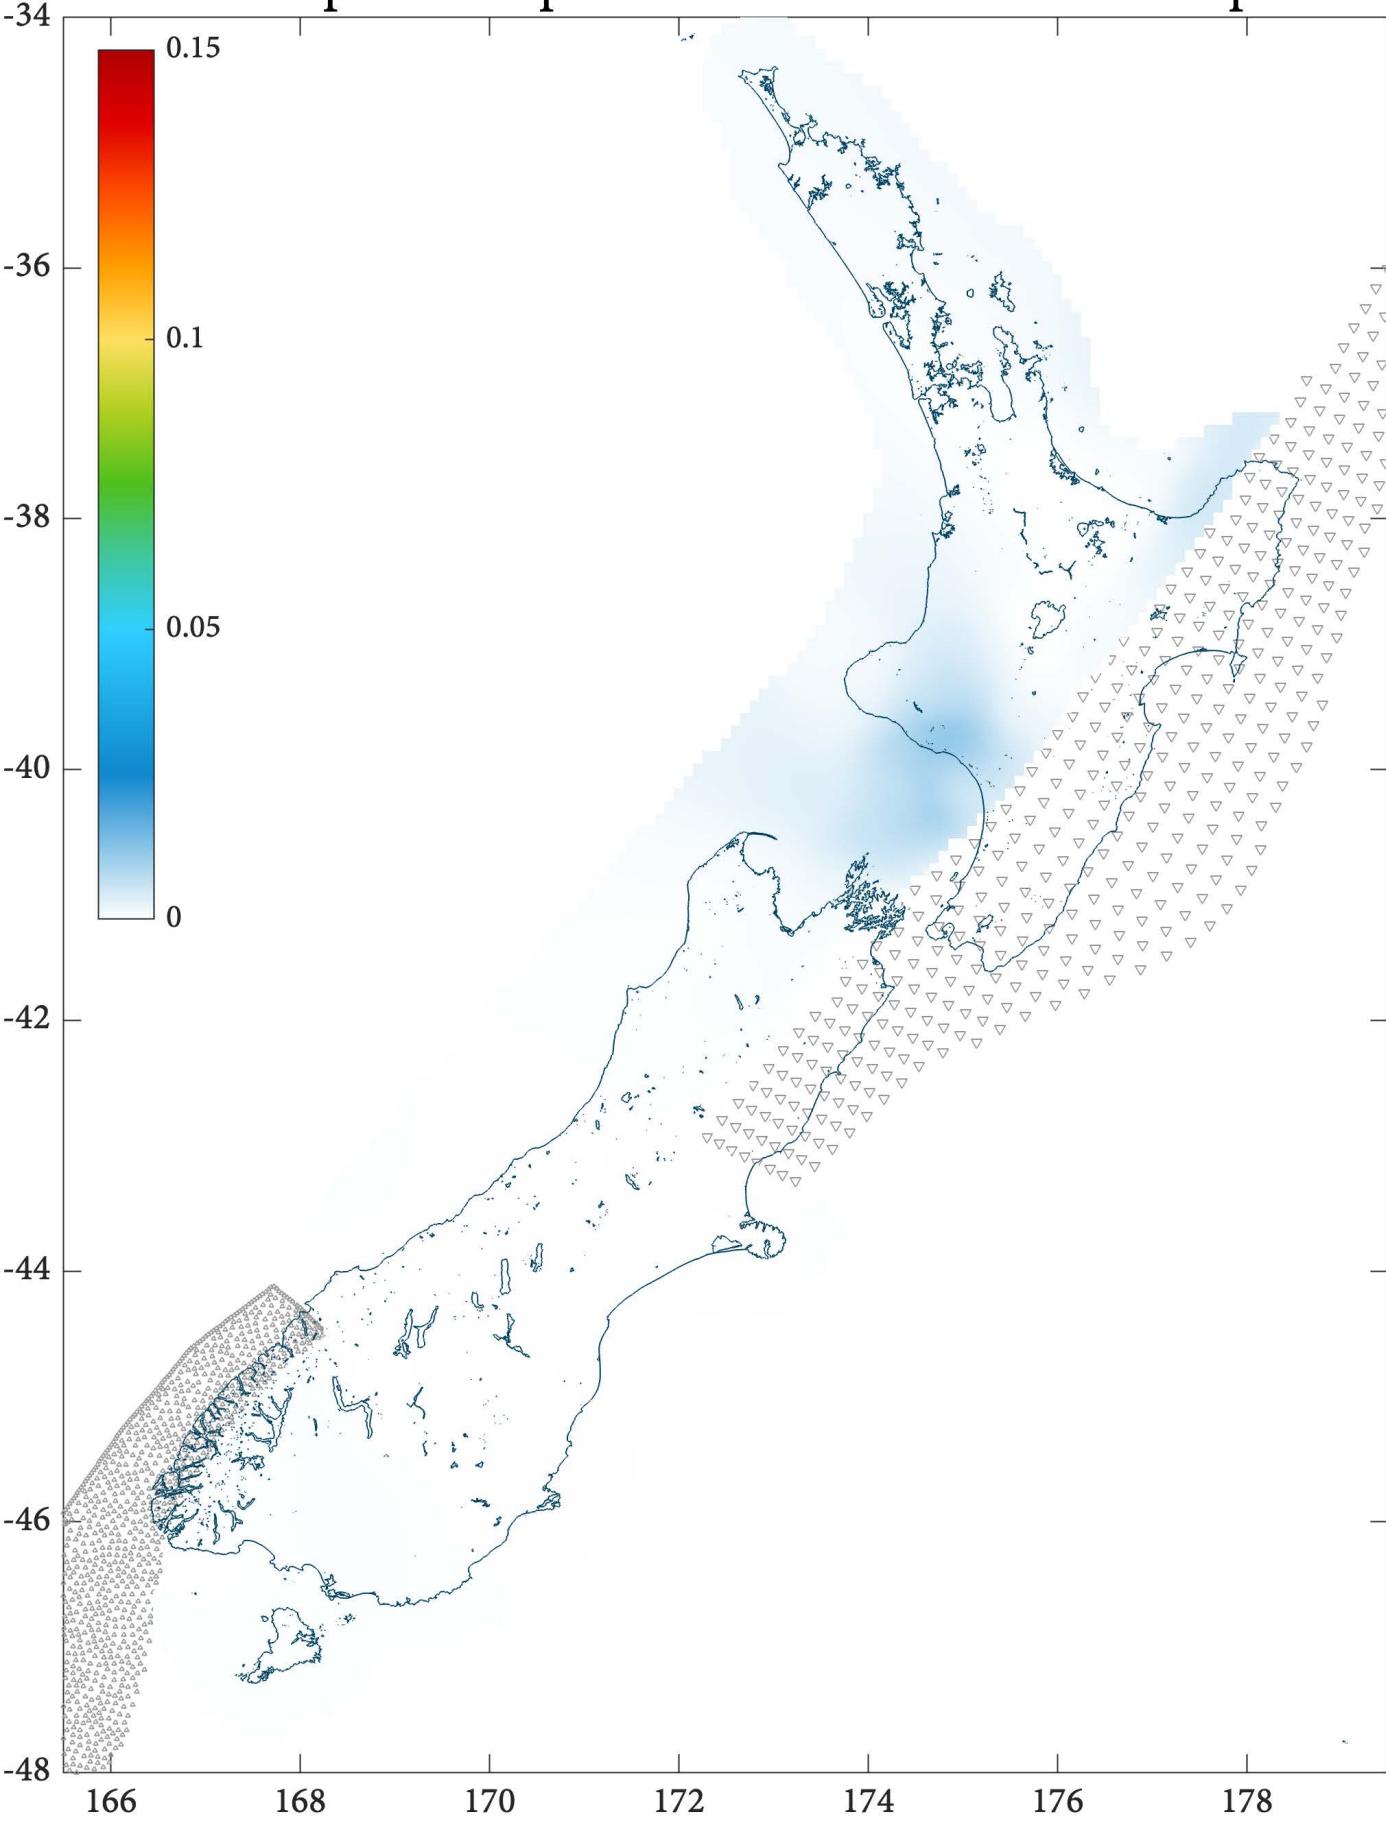

Depth density of upper-plate EQ near each cell, 1964-2020

500 temporal samples: wtd. median at 36.5 km depth

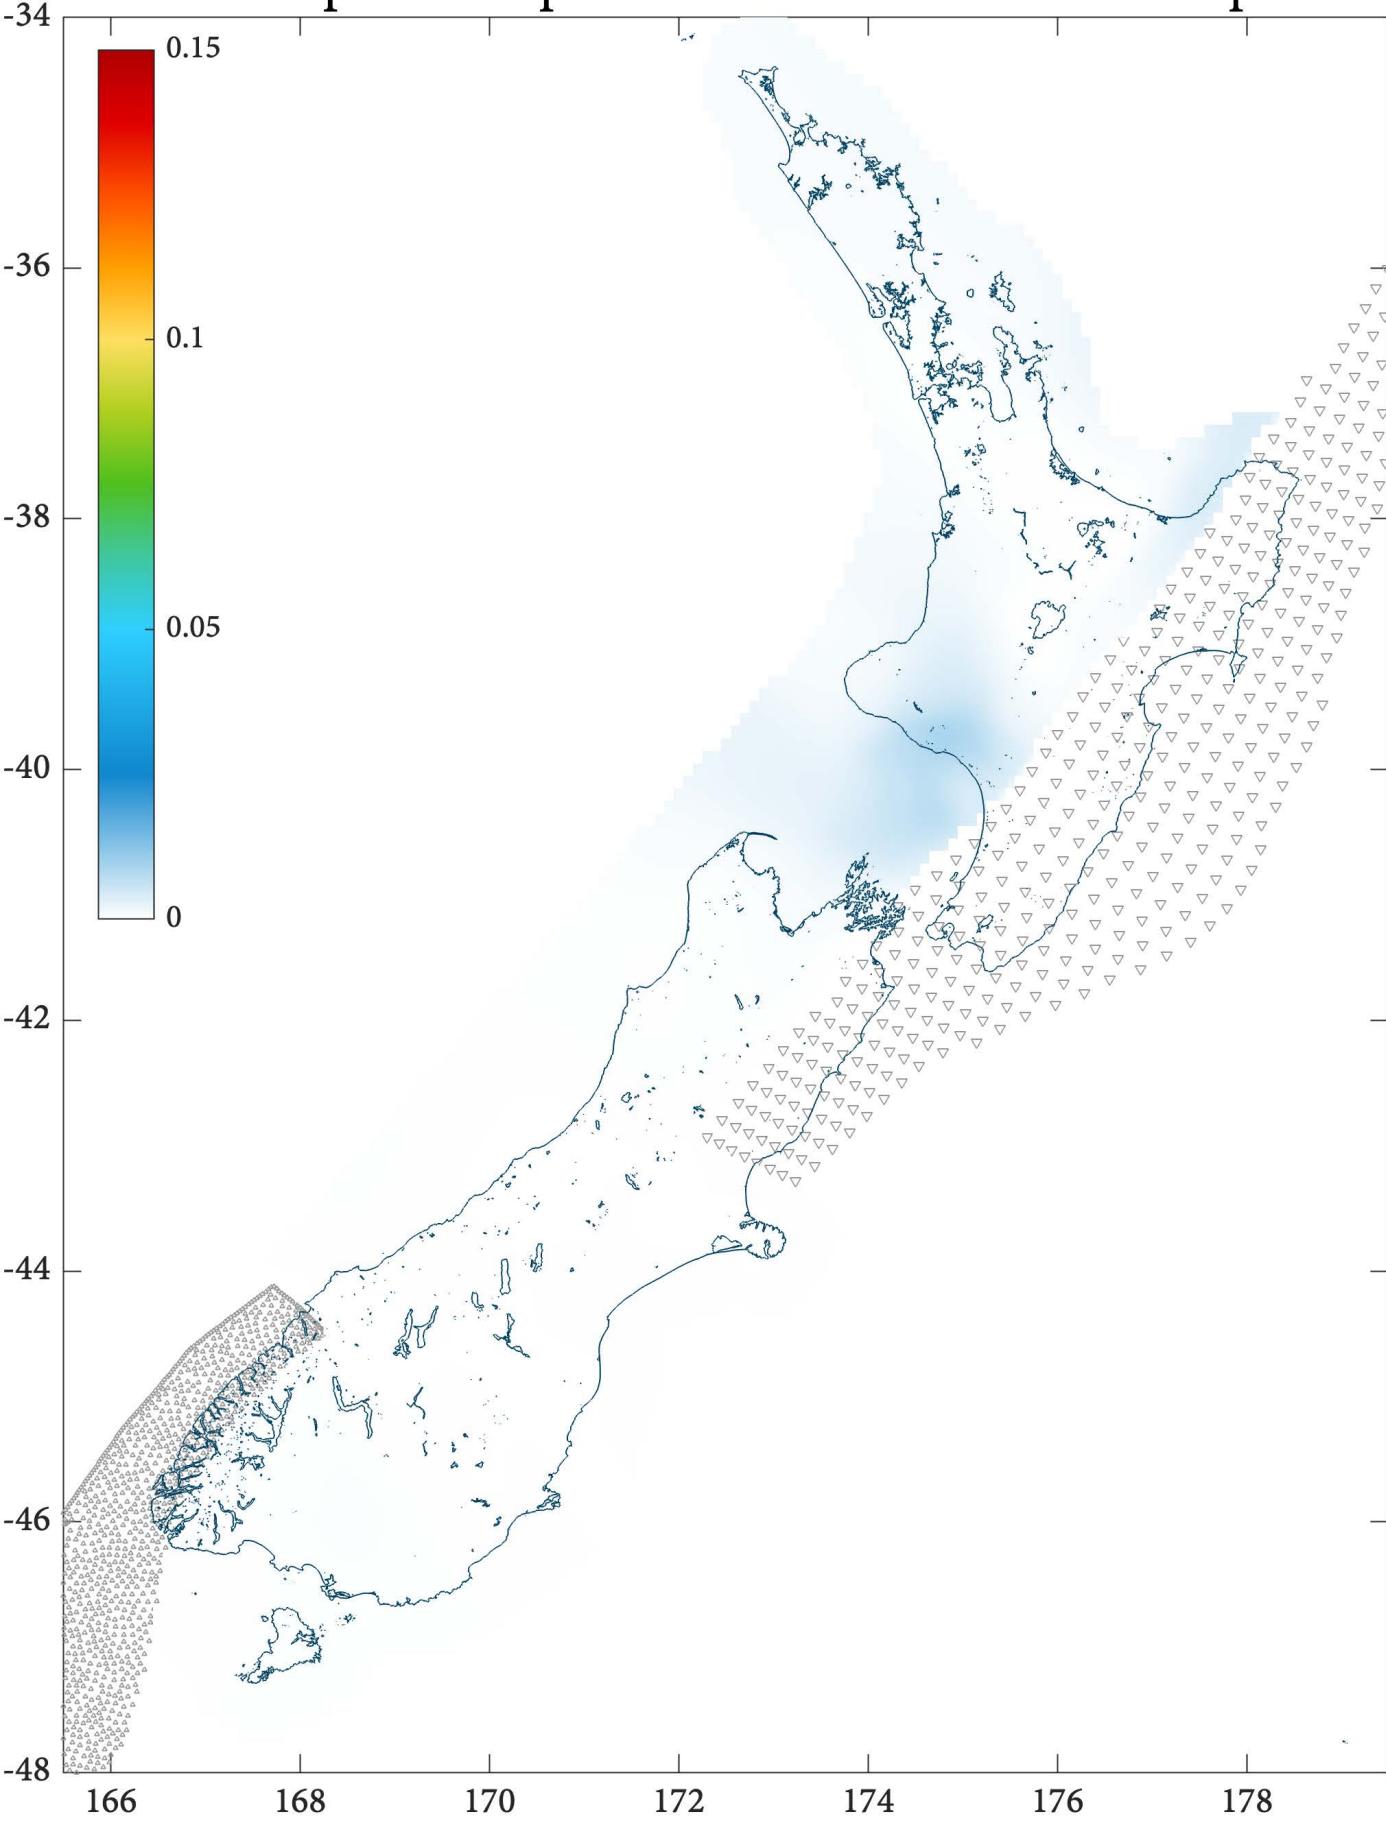

Depth density of upper-plate EQ near each cell, 1964-2020

500 temporal samples: wtd. median at 37.5 km depth

Depth density of upper-plate EQ near each cell, 1964-2020

500 temporal samples: wtd. median at 38.5 km depth

Depth density of upper-plate EQ near each cell, 1964-2020

500 temporal samples: wtd. median at 39.5 km depth
